Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH #: _____

Project Title: South Bay Sewer Force Main Project

Lead Agency: City of Coronado

Contact Name: Richard Grunow, Director of Community Development

Email: rgrunow@coronado.ca.us Phone Number: 619-522-7338

Project Location: City of Coronado (*City*) San Diego (*County*)

Project Decription (Proposed actions, location, and/or consequences).

The City proposes to construct approximately 14,334 LF of 8-inch HDPE sewer force main and pump station modifications to include an odor control system in order to extend City sewer services to the approved NBC Coastal Campus currently under construction at the existing Silver Strand Training Complex South (SSTC-South). When complete, the campus would consist of a mix of instructional training and administrative facilities to support operational readiness of Naval Special Warfare Command personnel. Approximately 3,045 Navy personnel will also relocate from NAB to the new location at the NBC Coastal Campus in Coronado. Due to the transfer of Navy personnel from NAB to the NBC Coastal Campus, wastewater demand at NAB Coronado would be reduced.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The proposed project would have a potentially significant impact on cultural resources, tribal cultural resources, and noise. With the adoption and implementation of the following mitigation measures, any impacts would be reduced to a less-than-significant level.

Mitigation Measure CUL-1: Halt Ground-Disturbing Construction Activities if Cultural Materials Are Discovered.
Mitigation Measure CUL-2: Halt Construction Activities if Any Human Remains Are Discovered.
Mitigation Measure NOISE-1: Implement Construction Noise Reduction Measures.

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

None known.

Provide a list of the responsible or trustee agencies for the project.

Navy Region Southwest and Naval Base Coronado (Responsible Agency)
San Diego Regional Water Quality Control Board (Responsible Agency)
Caltrans (Responsible Agency)
California Fish and Wildlife (Trustee Agency)
