Roadway (including bridge) and Residential

Project Description: *(please use a separate page if necessary)*

The Mariposa County Department of Public Works is proposing to replace the existing Oak Road Bridge over Bear Creek with a new bridge designed to meet currently applicable standard. The existing bridge does not meet current AASHTO standards, and has been deemed functionally obsolete and hydraulically deficient. The purpose of this Project is to remove the existing functionally obsolete structure and replace it with a new single span one lane bridge.
