SUBJECT: *Filing of Notice of Determination pursuant to Public Resources Code section 21108*

State Clearinghouse Number: 2009062054

Project Title: Old Grey Rock Wetland Enhancement Project (Lake or Streambed Alteration Agreement No. 1600-2018-0392-R3)

Project Location: The project is located on an unnamed tributary to Arroyo Creek at the Napa Quarry located at 2301 Napa Vallejo Highway, at the intersection of Basalt Road and State Route 221, Napa County, State of California; Latitude 38.2625, Longitude -122.2636

Project Description: The California Department of Fish and Wildlife (CDFW) has executed Lake and Streambed Alteration Agreement number 1600-2018-0392-R3, pursuant to section 1602 of the Fish and Game Code to the project Applicant, Syar Industries, Inc.

The Old Grey Rock Wetland Enhancement Project (Project) is part of a larger project, the Syar Napa Quarry Expansion Project. The Project will replace an oversized approximately 60-inch diameter, 71-foot long steel pipe that discharges storm water from an existing detention basin into an unnamed ephemeral drainage to Arroyo Creek with an approximately 36-inch diameter, 71-foot long high-density polyethylene (HDPE) pipe. At the outlet of the new pipe, approximately 2.2 cubic yards of 12-inch and 18-inch minus rock will be placed in the channel, extending approximately 10 feet downstream, to provide scour protection. A diversity of native plant species will be planted to enhance the habitat value of two on-site seasonal wetlands, as well as the riparian corridor of the existing detention basin and ephemeral drainage.

This is to advise that CDFW, acting as a Responsible Agency, approved the above described project on September 4, 2019 and has made the following determinations regarding the project pursuant to California Code of Regulations section 15096, subdivision (i):

1. The project will / will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2. CDFW considered the environmental impact report prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3. Mitigation measures were / were not made a condition of CDFW's approval of the project.
4. A mitigation reporting or monitoring plan was / was not adopted by CDFW for this project.
5. A statement of overriding considerations was / was not adopted by CDFW for this project.
6. Findings were / were not made by CDFW pursuant to California Code of Regulations section 15091.

The final environmental impact report prepared for the project is available to the general public at the office location listed above for the Lead Agency. CDFW's record of project approval as Responsible Agency is available at CDFW's regional office.
