Notice of Preparation

February 28, 2019

To: Reviewing Agencies

Re: Modification of the Extent of the Carmel River Riparian Corridor
SCH# 2019029145

Attached for your review and comment is the Notice of Preparation (NOP) for the Modification of the Extent of the Carmel River Riparian Corridor draft Environmental Impact Report (EIR).

Responsible agencies must transmit their comments on the scope and content of the NOP, focusing on specific information related to their own statutory responsibility, within 30 days of receipt of the NOP from the Lead Agency. This is a courtesy notice provided by the State Clearinghouse with a reminder for you to comment in a timely manner. We encourage other agencies to also respond to this notice and express their concerns early in the environmental review process.

Please direct your comments to:

Larry Hampson
Monterey Peninsula Water Management District
P.O. Box 85
Monterey, CA 93942-0085

with a copy to the State Clearinghouse in the Office of Planning and Research. Please refer to the SCH number noted above in all correspondence concerning this project.

If you have any questions about the environmental document review process, please call the State Clearinghouse at (916) 445-0613.

Sincerely,

Scott Morgan
Director, State Clearinghouse

SCH# 2019029145
Project Title Modification of the Extent of the Carmel River Riparian Corridor
Lead Agency Monterey Peninsula Water Management District

Type NOP Notice of Preparation
Description The Monterey Peninsula Water Management District (District) currently implements a comprehensive program to protect and restore water resources along the lower 15.4 miles of the main stem of the Carmel River. The District desires to extend this program upstream by 13.5 miles, such that all properties between the Pacific Ocean and the Ventana Wilderness boundary would be included in the program. The definition of the Carmel River Riparian Corridor, which includes area within 25 lineal feet of the 10% chance flood line, and the District Rules concerning activities in the Riparian Corridor of the Carmel River would apply to all the properties in this reach of the river.
