

# Summary Form for Electronic Document Submittal

Form F

Lead agencies may include 15 hardcopies of this document when submitting electronic copies of Environmental Impact Reports, Negative Declarations, Mitigated Negative Declarations, or Notices of Preparation to the State Clearinghouse (SCH). The SCH also accepts other summaries, such as EIR Executive Summaries prepared pursuant to CEQA Guidelines Section 15123. Please include one copy of the Notice of Completion Form (NOC) with your submission and attach the summary to each electronic copy of the document.

SCH 2019039117

Project Title: Toyon Middle School Wastewater Treatment Plant Upgrade Project

Lead Agency: Calaveras Unified School District

Contact Name: Mr. Mark Campbell, Superintendent

Email: mcampbell@calaveras.k12.ca.us Phone Number: (209) 754-2301

Project Location: The Project is located east of the community of Valley Springs in western Calaveras County.  
*City* *County*

Project Description (Proposed actions, location, and/or consequences).

The District is in the process of obtaining a State Water Resources Control Board Clean Water State Revolving Fund Grant to replace the wastewater system at the Toyon Middle School. A detailed project description is included in Section 3 of the environmental document. The Project Alternatives Analysis Report evaluated multiple treatment alternatives against the CUSD Project goals. The CUSD determined that the Onsite Recirculating Sand Filter Treatment with Offsite Disposal Alternative is preferred. A detailed project description is in Section 3 of the Initial Study.

Identify the project's significant or potentially significant effects and briefly describe any proposed mitigation measures that would reduce or avoid that effect.

The Project could have potentially significant impacts the following resource categories: aesthetics and biological resources.

**AESTHETICS:**  
Implementation of mitigation measure AESTHETICS-1 will reduce potential impacts to less than significant for aesthetic resource impact topics: d (a new source of substantial light or glare).

**BIOLOGICAL RESOURCES**  
Implementation of mitigation measures BIO-1 through BIO-4 will reduce potential impacts to less than significant for biological resource impact topics: a (sensitive species), b (sensitive natural community), and c (wetland and waters).

If applicable, describe any of the project's areas of controversy known to the Lead Agency, including issues raised by agencies and the public.

NA

Provide a list of the responsible or trustee agencies for the project.

Responsible Agencies  
-Caltrans  
-Central Valley Regional Water Quality Control Board

Trustee Agencies:  
-California Department of Fish and Wildlife
