**SCHEDULE B - SECTION II
EXCEPTIONS**

Schedule B of the policy or policies to be issued will contain exceptions to the following matters unless the same are disposed of to the satisfaction of the Company:

1. Property taxes, which are a lien not yet due and payable, including any assessments collected with taxes to be levied for the fiscal year 2017-2018.
2. The lien of supplemental or escaped assessments of property taxes, if any, made pursuant to the provisions of Chapter 3.5 (commencing with Section 75) or Part 2, Chapter 3, Articles 3 and 4, respectively, of the Revenue and Taxation Code of the State of California as a result of the transfer of title to the vestee named in Schedule A or as a result of changes in ownership or new construction occurring prior to Date of Policy.
3. Any adverse claim based upon the assertion that some portion of said land is tide or submerged lands, or has been created by artificial means or has accreted to such portion so created.

Rights and easements for navigation and fishery which may exist over that portion of said land lying beneath the waters of the Pacific Ocean.

4. Any rights in favor of the public which may exist on said land if said land or portions thereof are or were at any time used by the public.
5. Any adverse claims or titles to any part of the rock headland known as "Little Head" or other land that lies Southerly of the U.S. Meander Line, or Southerly of the South boundary of Lots 37, 41 and 42 indicated on the Official Map of Trinidad filed October 2, 1871 and lying to the West and Southwest of the end of Galindo Street. Affects: Parcel Three.

NOTE: This arises by reason of the Map of Trinidad showing the Southerly lines of Lots 37, 41 and 42 of said Town of Trinidad to run by courses bearing generally Southwesterly without projection into Trinidad Bay waters of sufficient size to include the rock, headland, butte or dry land known as Little Head, nor does said map indicate that these Southerly lot lines are or are intended to be the Southerly lines of the Government Lots 1 and 2 of Section 26, Township 8 North, Range 1 West, patented to the City of Trinidad by Townsite Patent.

6. Outstanding interest of Mary Phillips who acquired title by deed dated June 13, 1883 and recorded August 8, 1883 in Book 9 of Deeds, page 469.

NOTE: the vestee's title stems from a deed from Harry Wakell and Nettie Wakell to Thomas Tighe, dated March 6, 1908 and recorded April 30, 1908 in Book 104 of Deeds, page 337, As of the date of said deed, neither Harry Wakell nor Nettie Wakell had any record interest in the herein described property, nor have they since acquired any.

7. Indefiniteness of lot boundaries in Trinidad due to the general indefiniteness of the Town Map, inconsistencies in its courses and distances, and differences in several of the deeds from the town for the different lots, some of which give distances different from the map, and some deeds for adjoining lots use different figures, what appears to be a common boundary on the map.

**SCHEDULE B - SECTION II
EXCEPTIONS**

(continued)

8. A right of way across the parcel of land owned by the grantor on September 23, 1949, lying Westerly of and between the land conveyed and the line of ordinary high tide for the purpose of access to and from the waters of Trinidad Bay with the right to maintain and use a portion of the beach area for small boat landing purposes, subject to the provisions, conditions and restrictions recited therein, as contained in the Deed from Earl Hallmark and Neva Hallmark, his wife, to Hazel E. Jones, an unmarried woman, dated September 23, 1949 and recorded October 10, 1949 in Book 109 of Official Records, Page 124, Recorder's File No. 9184, Humboldt County Records.

It cannot be ascertained from the record where this boat landing and access rights are definitely located, and we cannot determine from available maps what portions of Trinidad Bay or its beaches lie Westerly from the parcel therein being conveyed to Jones. We cannot determine which of the parcels described herein are affected by this easement nor what beach or what portion of a beach is intended.

9. The effect of uncertainties and conflicts contained in the record descriptions for Parcel Three. We find of record in the Deed from Town of Trinidad to Tighe, recorded in Book 163 of Deeds, Page 154, (referred to in Item 10 above) recitals that it is Lot 46 known as "Little Head." No official map of the City of Trinidad shows any lot that is numbered "46" nor is any area designated as "Little Head." The bearings given in this description are unusual and strange for a land description, but it is the best available record description of Little Head, and in the absence of satisfactory maps or surveys, is used in this report as Parcel Three. A conflicting metes and bounds description occurs in 1912 in the Quitclaim Deed from Thomas T. Tighe to R.H. Keagy recorded in Book 120 of Deeds, Page 95 (referred to in Item 10 above). The major portions of these metes and bounds descriptions do not agree in size, shape or area, and the areas that should logically contain the rock or butte known as Little Head are completely different.

We note of record a survey filed in the Office of the County Recorder on January 5, 1962 in Book 19 of Surveys, Page 126, which shows an area marked "Little Head" but shows no courses and distances for the same, and the lines shown do not agree with the record description for Parcel three.

10. An easement to locate, relocate, construct, maintain, alter, enlarge, inspect, repair and replace underground pipelines and conduits for the transportation of water and electrical energy in, under and across that certain real property in the City of Trinidad, County of Humboldt, State of California, described as follows:

A strip of land, 10 feet in width, being a portion of Lots 37, 40, 41, Bay Street and Bay Alley, as shown on the Official Map of Trinidad, filed in the County Recorder's Office of Klamath County, California, on October 2, 1871 and now on file in the Recorder's Office of the County of Humboldt, State of California, and further defined in the deeds by Town Trustees under Townsite Act, the centerline of said 10-foot strip of land described as follows:

COMMENCING at the intersection of the centerline of the "Hallmark Dock", as now located, with the mean high tide line of the Pacific Ocean; and running thence in a Northerly and Easterly direction to its intersection with the centerlines of Galindo Street and Bay Street extended.

Said pipelines and conduits shall be installed below a minimum depth of 30 inches from the surface, and on completion of the installation, the surface shall be restored to its present state, as granted in Deed executed by Neva Hallmark, also known as Neva L. Hallmark, a widow, to the State of California, recorded April 13, 1965, in Book 832 of Official Records, Page 257, under Recorder's File No. 5588, Humboldt County Records.

SCHEDULE B - SECTION II
EXCEPTIONS
(continued)

11. A right of way across said land for the purpose of access to and from the waters of Trinidad Bay, with the right to maintain and use a portion of the beach area for small boat landing purposes, provided, however, if said right of way and right to the use of the beach area is ever used for commercial or any purpose other than pleasure by or for the sole use of second parties or their successors in interest, then and in that event said right of way and the right to use said beach area shall cease and terminate without notice or demand by first party, as contained in the agreement dated November 21, 1965 by and between Neva Hallmark, first party and Albert L. Platz and Jewell E. Platz, his wife, second parties, and recorded January 14, 1966, under Recorder's File No. 624, in Book 867, page 562, Humboldt County Records.

Location not disclosed.

12. An easement to locate, relocate, construct, maintain, alter, enlarge, inspect, repair and replace an underground pipeline for the transportation of water in, under and across a strip of land, 10 feet in width, within a portion of Lots 40, 41, 42, Bay Street, Bay Alley and Galindo Street, as shown on said Official Map of Trinidad, together with a temporary construction easement over, under and across a strip of land, 20 feet in width, lying 10 feet on each side of the centerline of the above-mentioned easement.

Said pipeline shall be installed below a minimum depth of 30 inches from the surface except for that portion at the discharge end encased in concrete, as granted by Neva L. Hallmark, also known as Neva Hallmark, a widow, to the State of California, in Grant of Easement dated September 7, 1965, and recorded August 2, 1966 in Book 892 of Official Records, Page 46, under Recorder's File No. 17242.

13. Any claim of title adverse to that of the vestee herein, in and to any land which may lie between the U.S. Meander Line the mean high tide line of the Pacific Ocean, based upon any difference that may exist in the location of said lines.
14. The right to construct and maintain communication facilities, consisting of aerial wires and cables with associated poles, crossarms, anchors, guys, fixtures and appurtenances, together with a right of way therefore, and with the right of ingress thereto and egress therefrom, across and upon Lots 37, 40 and 41 of the Town of Trinidad, Humboldt County, California.

Said facilities shall be confined to Pacific Gas and Electric Company's existing poles or pole locations wherever possible and grantee shall not erect any additional and separate line of poles.

It is hereby understood and agreed that if grantee's said facilities should interfere with any future buildings upon said property, grantee shall, at its sole expense, rearrange its facilities as may be necessary to eliminate said interference, provided that grantor shall furnish grantee without cost, such replacing right of way along any relocated alignment of said facilities as may be necessary to effect said adjustment; all as contained and granted in Deed dated February 11, 1971, executed by Neva Hallmark, a widow, to The Pacific Telephone and Telegraph Company and recorded March 3, 1971 in Book 1078 of Official Records, Page 430, under Recorder's File No. 3131, Humboldt County Records.
