Re:

San Diego Gas & Electric's (SDG&E) San Marcos to Escondido Tie Line 6975 69kV Project's 15-day extension (SCH Number: 2019049009)

On April 1, 2019, the California Public Utilities Commission (CPUC) submitted the Draft Initial Study/Mitigated Negative Declaration (IS/MND) for the SDG&E San Marcos to Escondido TL6975 69kV Project (SCH 2019049009). The formal comment and review period was originally from April 1, 2019 through May 15, 2019. However, the CPUC now finds it appropriate to extend the comment period an additional 15 days. Therefore, **the comment period will now close at 5:00 p.m. on Thursday, May 30, 2019.** The CPUC requests that all agencies originally notified by the State Clearinghouse about the proposed Project be updated on the 15-day extension.

If you have any question regarding this memorandum and/or 15-day extension, please do not hesitate to contact me directly at (415) 703-1810.

Sincerely,

Joyce Steingass

CPUC Project Manager
