STATE CLEARINGHOUSE

## **Project Description**

The City of San Buenaventura City Council directed the following amendments to the City's Inclusionary Housing Program (IHP) and Affordable Housing Program (AHP), and associated actions.

- Amendments to the AHP will be made to provide an updated framework for related housing programs, including the IHP, and to ensure consistency between the programs. The project does not change land use designations or allowable densities or otherwise allow for more residential development than could occur under current land use regulations.
- The IHP amendments will include the following:
- Expand applicability of the Inclusionary Housing Program to Rental developments as well as For-Sale developments
- Flexibility in adjusting the income level mix
- Minimum Housing Standards for inclusionary units, including number of bedrooms based on targeted household sizes; square footage; and access to common areas and outdoor spaces
- Specific comparability and proportionality of unit types
- Implementation and Compliance Monitoring Fees for the reasonable cost of preparing documents and processing applications, implementing the program, and ongoing monitoring
- Expansion of the marketing process requirements and sales strategies for initial and subsequent sales of units
- In-Lieu Fee Determination and Nexus Study
  - Application: Residential Only or Residential and Non-Residential (commercial, manufacturing, and industrial)
  - O Use of Fees: development, down-payment, and/or rehab?
- Consolidation of Inclusionary Housing policies into one city-wide, comprehensive program
