Project Title: EMERGENCY PERMIT FOR TREATMENT OF HAZARDOUS WASTE, DRS DAYLIGHT SOLUTIONS, SAN DIEGO, CALIFORNIA

Project Location: 15378 Avenue of Science, San Diego, CA 92128

Treatment Location: 15378 Avenue of Science, San Diego, CA 92128

County: San Diego County

Project Activities: The California Department of Toxic Substances Control (DTSC), pursuant to authority granted under California Code of Regulations, Title 22, Division 4.5, Chapter 20, Section 66270.61, has issued an Emergency Permit to DRS Daylight Solutions, (EPA ID# CAL000353108) to treat hazardous waste through a controlled reaction with a chemical solution. The hazardous waste to be treated consists of the following item:

Description	Quantity of Containers	Hazard Designation	Container Size
Tetrahydrofuran	1	Peroxide Forming Material	2 Liter

The hazardous waste item expired and is currently being stored at DRS Daylight Solutions located at 15378 Avenue of Science, San Diego, CA 92128. DTSC has determined as a safety precaution to prevent an accident or severe injury, an Emergency Permit should be issued to chemically stabilize the hazardous waste prior to transportation off-site by Clean Harbors Environmental Services (CHES). The treatment of the hazardous waste involves the addition of solution to the container in a controlled manner to reduce the reactive or ignitable characteristics of the chemical.

Treatment will take place within a designated exclusion zone. Only reactive material technicians from CHES will be allowed in the exclusion zone. Movement, preparation, and treatment of the items will be in accordance with established standards.

Within 10 business days of the expiration of this permit, DRS Daylight Solutions will submit a final report, signed in accordance with Title 22, California Code of Regulations section 66270.11(d). The report shall include certification that the treatment area has been cleared of all residual hazardous waste generated from this emergency treatment and all generated waste has been properly managed.

The Emergency Permit is effective beginning April 22, 2019 and shall expire on June 24, 2019.
