Kleinfelder Project No. 20183689.001A

Centerpointe Integrated Solutions
355 Union Boulevard, Suite 301
Lakewood, CO 80228

Attention: Ms. Stacie Haggerson

**SUBJECT: Phase I Environmental Site Assessment
Proposed Automotive Dealership
APNS 3106-261-26, 3106-261-27, 3106-261-28 and 3106-261-29
Victorville, California**

Dear Ms. Haggerson:

Enclosed is the Phase I Environmental Site Assessment (ESA) report for the above-referenced property. We trust the information presented in this report meets your needs at this time.

An executive summary is provided. However, we recommend that the report be read in its entirety for a comprehensive understanding of the items contained therein.

We appreciate the opportunity to provide these services to CenterPoint Integrated Solutions. If you have questions regarding this report or if we can be of further service, please do not hesitate to contact Jeff Waller at 951.801.3681.

Sincerely,

KLEINFELDER

A handwritten signature in blue ink, reading "Jeff Waller", is positioned above the printed name and title.

APPENDICES

A	Statement of Qualifications
B	Regulatory Agency Database Report
C	User-Provided and Regulatory Agency Documentation
D	Historical Research Documentation

This report documents a Phase I Environmental Site Assessment (ESA) performed by Kleinfelder, Inc. (Kleinfelder) for CenterPoint Integrated Solutions (CIS / Client), of a property consisting of portions of four parcels of land identified as San Bernardino County Assessor's Parcel Numbers (APNs) 3106-261-26, 3106-261-27, 3106-261-28, and 3106-261-29 (collectively referred to as the Site), located on the east side of Civic Drive, approximately 600 feet south of Roy Rogers Drive, in the City of Victorville, San Bernardino County, California (see Figure 1, Site Location Map). Kleinfelder understands the Client has requested a Phase I ESA be performed prior to acquiring and redeveloping the Site as an automotive dealership.

This report was prepared using the ASTM International Designation E 1527-13, *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process* (the ASTM Standard), and the All Appropriate Inquiry (AAI) section of the Small Business Liability Relief and Revitalization Act (the Federal Brownfields Law). The Phase I ESA findings include the following:

- The Site is situated on portions of four parcels of land, together comprising approximately 5 acres of land. The parcels are identified as San Bernardino County APNs 3106-261-26, 3106-261-27, 3106-261-28, and 3106-261-29. The Site is vacant land with no assigned street addresses.
- The Site has been historically undeveloped desert land and was graded by 2008. It remains vacant with no structures or other features observed.
- During the Site reconnaissance, some debris (decayed fiber rolls, polyvinyl chloride [PVC] pipe, television, shopping cart, and concrete rubble) was observed across the Site. The planned entrance to the Site from Civic Drive has a soil berm across it. No containers of hazardous materials and/or petroleum products were observed, and no evidence of staining was observed around discarded items.
- No off-Site facilities are considered likely to have affected soil, soil vapor or groundwater beneath the Site.
- A Tier 1 vapor encroachment screening (VES) was performed in accordance with ASTM E 2600-15, and a vapor encroachment concern (VEC) was not identified for the Site.

This assessment has revealed no evidence of recognized environmental conditions (RECs), controlled RECs (CRECs), historical RECs (HRECs), or *de minimis* conditions in connection with the Site. Based on the results of this Phase I ESA, the risk of environmental impairment at the Site is low.

This report is a summary of work performed using the guidelines set forth in the ASTM Standard and the AAI standards of the Small Business Liability and Revitalization Act (the “Brownfields Law”). This report also generally conforms to the ASTM Standard’s suggested table of contents. Minor format modifications have been made to the ASTM Standard’s suggested table of contents to assist in better reading and understanding the report findings.

2.1 PURPOSE

The purpose of this Phase I ESA is to identify, to the extent feasible pursuant to the scope of services defined in our Proposal No MP181157.001P/RIV17P70591, dated December 19, 2017, the scope defined in the ASTM Standard, and limitations discussed in this report, RECs. As defined in the ASTM Standard, a REC is:

“The presence or likely presence of any hazardous substances or petroleum products in, on or at a property: (1) due to a release to the environment; (2) under conditions indicative of a release to the environment; or (3) under conditions that pose a material threat of a future release to the environment. De minimis conditions are not recognized environmental conditions.”

As defined in the ASTM Standard, a *de minimis* condition is:

“A condition that generally does not present a threat to human health or the environment and that generally would not be the subject of an enforcement action if brought to the attention of appropriate governmental agencies.”

ASTM Standard E 1527-13 also introduced the designation of CREC. As defined in the ASTM Standard, a CREC is:

“... a recognized environmental condition resulting from a past release of hazardous substances or petroleum products that has been addressed to the satisfaction of the applicable regulatory authority (for example, as evidenced by the issuance of a no further action letter or equivalent, or meeting risk-based criteria established by regulatory authority), with hazardous substances or petroleum products allowed to remain in place subject to the implementation of required controls (for example, property use restrictions, activity and use limitations, institutional controls, or engineering controls).”

Additionally, the ASTM Standard defines HRECs as:

“...a past release of any hazardous substances or petroleum products that has occurred in connection with the property and has been addressed to the satisfaction of the applicable regulatory authority or meeting unrestricted use criteria established by a regulatory authority, without subjecting the property to environmental controls.”

The final decision regarding whether a past release is an HREC rests with the environmental professional (EP), and will be influenced by the current impact (if any) of the past release to the Site.

This report describes Kleinfelder’s assessment methodology and documents its findings, subject to the limitations presented in Section 2.5 of this report.

Kleinfelder professionals conducting this Site assessment included Ms. Lindsey Dandridge-Perry, Environmental Professional and the primary author of this report. Ms. Karin Hagan, Environmental Professional performed the Site reconnaissance. This report was reviewed by Ms. Margaret Carroll and Ms. Lizanne Simmons, both Environmental Professional. Resumes of Environmental Professionals are available from Kleinfelder upon request.

2.2 DETAILED SCOPE OF SERVICES

The following sections describe Kleinfelder’s work scope:

- Section 2, **Introduction**, includes a discussion of the purpose/reason for performing the Phase I ESA, additional services requested by the Client (e.g., an evaluation of business environmental risk factors associated with the Site), significant assumptions (e.g., property boundaries if not marked in the field), limitations, exceptions, special terms and conditions (e.g., contractual), and user reliance parameters.
- Section 3, **Site Description**, is a compilation of information concerning the Site location, legal description (if provided by the Client), current and proposed use of the Site, a description of structures and improvements on the Site at the time of Kleinfelder’s assessment, and adjoining property use.
- Section 4, **Records Review**, is a compilation of Kleinfelder’s review of several databases available from Federal, State, and local regulatory agencies regarding hazardous substance use, storage, or disposal at the Site; and for off-Site facilities within the search

distances specified by the Standard Practice. Records provided by the Client are summarized, and copies of relevant documents are included in the appendices of this report. Physical setting sources (including topography and soil and groundwater conditions) and typical Client-provided information (e.g., title records, environmental liens, specialized knowledge, valuation reduction for environmental issues, and owner, property manager, and occupant information) are also summarized. Other interviews with people knowledgeable about the Site (including the Client) are included in Section 7.

- Section 5, **Site History**, summarizes the history of the Site and adjoining properties. This Site history is based on various sources, which may include a review of historical aerial photographs, Sanborn Fire Insurance Maps, city or suburban directories, historical topographic maps, building department records, and results of previous Site assessments (if any and reasonably ascertainable).
- Section 6, **Site Reconnaissance**, describes Kleinfelder's observations during the Site reconnaissance. The methodology used and limiting conditions are also described.
- Section 7, **Interviews**, is a summary of telephone and personal interviews performed with "Key Site Managers" that may include the Site owner/manager, occupants/tenants, local government officials, and the Client. Additional interview sources may be contacted if Key Site Managers were not available prior to production of this report, and may include adjoining landowners and people with historical knowledge of the area.
- Section 8, **Evaluation**, is a presentation of findings and opinions regarding the information provided in Sections 3 through 7, a summary of Deviations and Additional Services (e.g., VES) performed, and a summary of the conclusions regarding the presence of RECs connected with the Site.
- Section 9, **References**, is a summary listing of the resources used to compile this report.

A statement of qualifications of the signatories of this report is provided in Appendix A of this report, and pertinent documentation regarding the Site is included in Appendices B through D.

2.3 ADDITIONAL SERVICES

Kleinfelder's scope of services did not include an assessment for asbestos-containing materials (ACMs), radon, lead-based paint (LBP), lead in drinking water, regulatory compliance, molds and mildews, indoor air quality, industrial hygiene, health and safety, high-voltage power lines, and

other Standard Practice non-scope considerations not described herein. Additional services requested as part of this Phase I ESA included a Tier 1 VES pursuant to ASTM E 2600-15 (see Section 8.3.1).

2.4 SIGNIFICANT ASSUMPTIONS

Kleinfelder does not guarantee the accuracy of information supplied by its sources, but reserves the right to rely on the information in forming a professional opinion regarding the potential for contamination at the Site. It is assumed the Client provided Kleinfelder all applicable and available environmental records and specialized knowledge in its possession regarding the Site. Kleinfelder has not made other significant assumptions during the performance of this Phase I ESA.

2.5 LIMITATIONS AND EXCEPTIONS

Phase I ESAs are non-comprehensive by nature and may not identify all environmental problems, and will not eliminate all risk. This report is a qualitative assessment. Kleinfelder offers a range of investigative and engineering services to suit the needs of our clients, including more quantitative investigations. Although risk can never be eliminated, more detailed and extensive investigations yield more information, which may help the Client understand and better manage risks. Since such detailed services involve greater expense, we ask our clients to participate in identifying the level of service, which will provide them with an acceptable level of risk. Please contact the signatories of this report if you would like to discuss this issue of risk further.

Kleinfelder performed this Phase I ESA in general accordance with the guidelines set forth in the ASTM Standard, and the proposed scope subsequently approved by our Client. No warranty, either express or implied, is made. Environmental issues not specifically addressed in this report were beyond the scope of our services and not included in our evaluation.

This report may be used only by Client and CarMax and only for the purposes stated within a reasonable time from its issuance, but in no event later than 1 year from the date of the report. Land or facility use, on- and off-Site conditions, regulations, or other factors may change over time, and additional work may be required with the passage of time. Since Site activities and regulations beyond our control could change at any time after the completion of this report, our observations, findings, and opinions can be considered valid only as of the date of the Site visit. Pursuant to the ASTM Standard's Section 4.6, this report should not be relied upon after 180 days from the date of its oldest component. Any party other than Client who wishes to use this report shall notify Kleinfelder of such intended use. Based on the intended use of the report, Kleinfelder

may require that additional work be performed and that an updated report be issued. Non-compliance with any of these requirements by the Client or anyone else will release Kleinfelder from any liability resulting from the use of this report by any unauthorized party, but only to the extent of any such non-compliance by the Client.

2.6 SPECIAL TERMS AND CONDITIONS

No special terms and conditions were agreed to by the Client and Kleinfelder.

The Site description is presented in this section and describes the condition of the Site at the time of the Phase I ESA. The Site location is shown on Figure 1. Tables 3-1 through 3-4 summarize the physical characteristics of the Site and adjoining properties.

3.1 LOCATION AND LEGAL DESCRIPTION

The information presented in Table 3-1 denotes the physical location and legal description of the Site. This information was obtained from review of various maps (such as topographic maps and tax assessor maps), aerial photographs, public records at City and/or County offices, interviews, and/or information provided by the Client.

Table 3-1
Location and Legal Description

PARAMETER	INFORMATION/COMMENTS
LOCATION	The Site is located east of Civic Center Drive, approximately 600 feet south of Roy Rogers Drive in the City of Victorville, San Bernardino County, California (see Figure 1, Site Location Map).
LEGAL DESCRIPTION	The legal description of the Site parcels is presented in the EDR Environmental Lien and AUL Search report (EDR, 2018a) provided in Appendix C. It should be noted that the legal description is not specific to the Site boundaries.
ASSESSOR'S PARCEL NUMBER	The Site is situated on portions of four parcels of land identified as San Bernardino County APNs 3106-261-26, 3106-261-27, 3106-261-28, and 3106-261-29.
ADDRESS(ES)	The Site parcels are not assigned street addresses.
SECTION, TOWNSHIP, AND RANGE	Township 5 North, Range 4 West, Section 17, San Bernardino Baseline and Meridian.
ZONING	Based on information obtained from the City of Victorville's website (http://www.victorvilleca.gov/Site/CityDepartments.aspx?id=78), the Site is zoned "C-2" for General Commercial use.

3.2 CURRENT / PROPOSED USE OF THE PROPERTY

At the time of Kleinfelder's assessment, the Site was vacant. Current and proposed Site uses are described in Table 3-2.

Table 3-2
Current and Proposed Uses

PARAMETER	GENERAL OBSERVATIONS
CURRENT USE	Vacant.
PROPOSED USE	Automotive dealership.

3.3 DESCRIPTION OF STRUCTURES / IMPROVEMENTS

Structures and/or improvements observed on the Site at the time of Kleinfelder's reconnaissance are described in Table 3-3.

Table 3-3
Structures and Improvements

PARAMETER	GENERAL OBSERVATIONS
STRUCTURES	No structures are located on the Site.
IMPROVEMENTS	No improvements were observed on the Site. Utilities were observed off Site, along Civic Drive and in the adjacent sidewalk.

3.4 CURRENT USES OF ADJOINING PROPERTIES

Kleinfelder performed a brief drive-by survey of the properties immediately adjoining to the Site on May 15, 2018. A summary of the observations regarding the surrounding properties is presented in Table 3-4 and shown on Figure 2, Site Vicinity Map.

Table 3-4
Adjoining Properties

DIRECTION	LAND USE DESCRIPTION
NORTH	Vacant land adjoins the Site to the north, beyond which are commercial restaurant properties.
EAST	The interchange between Interstate 15 (I-15) and Roy Rogers Drive adjoins the Site to the east. Commercial properties are located east of I-15.
SOUTH	Victorville Motors (15706 Valley Park Lane/14617 Civic Drive) and Valley-Hi Honda (15710 Valley Park Lane) adjoin the Site to the south.
WEST	Civic Drive adjoins the Site to the west, beyond which is Home Depot (15655 Roy Rogers Drive) and an associated parking lot.

Hazardous materials and petroleum products were not observed to be stored on the properties adjoining to the Site. However, although not observed, the automotive dealerships south of the Site likely use and store hazardous materials and/or petroleum products. No other indications of obvious or suspect RECs were apparent on the adjoining properties at the time of Kleinfelder's Site reconnaissance.

4.1 STANDARD ENVIRONMENTAL RECORD SOURCES

The purpose of the records review was to obtain and review records that would help to evaluate RECs of potential concern in connection with the subject Site and bordering properties. Federal, state and local regulatory agencies publish databases or "lists" of businesses and properties that handle hazardous materials or hazardous waste, or are the known location of a release of hazardous substances to soil and/or groundwater. These databases are available for review and/or purchase at the regulatory agencies, or the information may be obtained through a commercial database service. Kleinfelder contracted a commercial database service, EDR of Shelton, Connecticut to perform the government database search for listings within the appropriate ASTM minimum search distance of the Site. Kleinfelder provided EDR with a Site map to incorporate the search distances from the Site boundary. Included in The EDR Radius Map™ Report with GeoCheck® is a listing of specific databases outlined by the ASTM Standard (EDR, 2018b). A listing of the search distances, databases evaluated, dates the databases were last updated, and types of information contained in each database are included in the regulatory database search provided as Appendix B to this report.

EDR utilizes a geographical information system to plot the locations of reported spills, leaks, incidents, etc. Kleinfelder reviews this information to help establish if the Site, or nearby properties, have been included in the noted databases and lists. Each of the listings was reviewed to assess whether the corresponding property details included in the EDR report revealed a potential environmental impact to the Site. A number of listings on the EDR database were found not to have the potential to impact the Site based on the following, or a combination thereof:

- The listed property was located at a distance where the facility would be unlikely to impact the Site based on Kleinfelder's evaluation of the relevant data in the EDR report and knowledge of the Site vicinity.
- The listed property was located in a down-gradient or cross-gradient direction from the Site, based on the anticipated direction of groundwater flow at the property being evaluated, and is located at a distance that would be unlikely to impact the Site. Note that groundwater flow direction may be variable in the vicinity of the Site and determinations as to down- or cross-gradient direction were made only when groundwater flow direction was available for a specific property.
- The listed property was identified in the underground storage tank (UST) or Small Quantity Generator (SQG) databases and was not on or immediately adjoining the Site. The

property was not listed in other databases that reported a release of a hazardous substance or petroleum product and/or was not listed as having environmental violations. The listing of a facility on these databases alone is not indicative of an unauthorized release.

- The listing for the facility suggested a short-term release had occurred (i.e., from incidental traffic accidents, or chemicals from illegal drug labs found at residences) with associated response actions completed.
- The quantity of the hazardous substances or petroleum product released from an off-site facility was not considered to have resulted in contamination above the most stringent criteria that would require regulatory action. Therefore, no impact to the Site is anticipated.
- The listed property record indicates that the property was characterized, the reported release affected soil only, the listed property was not on or adjacent to the Site, and the release was not recognized as indicative of area-wide conditions or was characterized as a soil removal action only.
- The listed property record indicates that contamination on the property is limited to relatively non-mobile contaminants, including polyaromatic hydrocarbons and metals, in soil only, on a non-adjacent property.
- The listed property record indicates that the case has been closed to the satisfaction of the designated lead regulatory agency and residual contamination, if present, is not considered likely to affect the Site based on one or more of the criteria mentioned in the bulleted items above (referred in the ASTM Standard as an HREC). If hazardous substances or petroleum products were allowed to remain in place with property controls (e.g. activity and use limitations, institutional controls or engineering controls), this would be considered a CREC pursuant to the ASTM Standard.

Based on these criteria indicating no material threat of a release that affected the Site and/or no release that could require future regulatory agency oversight, these listings were not evaluated further and are not discussed in the following sections.

4.2 RESULTS OF DATABASE SEARCH

The remaining property listings were reviewed to assess whether these properties had environmental releases that may have resulted in RECs in relation to the Site. If the listed properties had a reported release which may have resulted in an REC, the property was further assessed by performing a review of agency files available via the GeoTracker™ website

(<http://geotracker.waterboards.ca.gov/>) of the State Water Resources Control Board (SWRCB) and/or other relevant regulatory agency websites to evaluate whether the listed release represents a potential impact to the Site.

4.2.1 Site Listings

The Site was not listed in databases searched by EDR.

4.2.2 Off-Site Listings

Certain off-Site properties were listed in standard Federal, State, and local lists within the Standard Practice search distances and the distances set forth in the ASTM Standard. Kleinfelder reviewed the listing information to assess the potential for impacts to soil, soil vapor, and groundwater beneath the Site.

Various listings are presented in the EDR database report associated with the storage and use of hazardous materials. A summary of facilities that were further assessed as potential environmental concerns to the Site are summarized below.

- *“Victorville County Court” (14855 Civic Drive)* – This facility is listed as a closed leaking underground storage tank (LUST) case where diesel had impacted soil. This facility was reported in the EDR database report as being located approximately 61 feet west-southwest of the Site. However, based on review of the case closure report and summary on GeoTracker™, this facility appears to be located south of Seneca Drive at the Victorville County Court, over 1,700 feet south of the Site. Based on the case status, distance from the Site, and media affected (soil only), this facility is not considered a REC to the Site.
- *“Valley Hi Honda” (15710 Valley Park Lane)* – This facility is located on the property that adjoins to the south of the Site. The facility was listed in the above-ground storage (AST) database as maintaining a 1,500-gallon AST. No releases were reported. Based on no releases reported at this facility, this facility is not considered a REC to the Site.
- *“Home Depot No HD1844” (15655 Roy Rogers Drive)* – This facility is located on the property that adjoins to the southwest of the Site. This facility was listed in the HAZNET, RCRA-SQG, and San Bernardino County Permit databases as storing and generating hazardous waste. No releases or violations were reported. Based on no releases reported at this facility, this facility is not considered a REC to the Site.

4.2.3 Orphan List

Facilities not plotted by EDR due to poor or inadequate address information are referred to as orphan sites. No orphan sites were listed in the EDR report.

4.3 OTHER RECORDS REVIEWED / AGENCIES CONTACTED

The following additional sources of environmental records were reviewed during this Phase I ESA for the purposes of meeting the Standard Practice. Local regulatory agencies were contacted for reasonably ascertainable and practically reviewable documentation regarding RECs present at the Site and adjoining facilities. Summaries of interviews with local regulatory agency representatives, when performed, are included in Section 7 of this report (with interview documentation included in Appendix C). The following agencies (if marked with an "X") were contacted for documentation:

- ☒ City of Victorville Building Division
- ☒ San Bernardino County Fire Department (SBCFD)
- ☒ State Water Resources Control Board / GeoTracker™ Database
- ☒ Pipeline and Hazardous Materials Safety Administration (PHMSA), National Pipeline Mapping System (NPMS)
- ☒ State Department of Toxic Substances Control (DTSC) / EnviroStor Database
- ☒ Mojave Desert Air Quality Management District (MDAQMD)

Information obtained from these agencies is summarized below.

4.3.1 City of Victorville Building Division

Kleinfelder submitted a written request to the City of Victorville to review available building permits for the Site on May 2, 2018. The City of Victorville City Clerk responded in an email on May 14, 2018, with a list of building permits pertaining to the Site. In summary, building plans (for rough grading) were submitted and a permit was issued for the Site on August 14, 2008. No other permits were available. No RECs were identified based on building permit information provided. A copy of the information is presented in Appendix C.

4.3.2 San Bernardino County Fire Department

Kleinfelder submitted a written request to the San Bernardino County Fire Department to review records pertaining to hazardous materials usage and storage, including ASTs and USTs for the Site on May 2, 2018. The SBCFD responded in a letter dated May 10, 2018, that no records were available for the Site. A copy of the SBCFD response is included in Appendix C.

4.3.3 State Water Resources Control Board / GeoTracker™ Database

Kleinfelder reviewed the SWRCB GeoTracker™ website (<http://geotracker.waterboards.ca.gov/>) on April 30, 2018, for information associated with releases of hazardous materials or substances at the Site. A listing for a closed LUST case at 14455 Civic Drive was shown on the GeoTracker™ map on Civic Drive adjoining the Site. Address 14455 Civic Drive maps south of the Site, southeast of the intersection of Civic Drive and the intersection with Seneca Drive. The GeoTracker™ summary for this listing indicates an address of 14855 Civic Drive, a facility name of Victorville County Court, and a cross-street on “Senca” (e.g., Seneca) Drive. Based on the address listed on the closure letter, the facility name, and the cross-street, it appears that this facility is actually located over 1,700 feet south of the Site. Based on the location of this facility with respect to the Site, and the low risk soil only case closure, in Kleinfelder’s opinion this listing does not represent a REC to the Site. A copy of the GeoTracker™ map and records are included in Appendix C.

4.3.4 Pipeline and Hazardous Materials Safety Administration, National Pipeline Mapping System

Pipeline information is available at the PHMSA’s online NPMS website (<https://www.npms.phmsa.dot.gov/>). Kleinfelder researched pipeline information on the website on April 30, 2018, for the Site. Based on Kleinfelder’s review of the NPMS website, no mapped natural gas transmission pipelines or hazardous liquid pipelines are located on Site, or on properties that adjoin the Site. A copy of the NPMS map is included in Appendix C.

4.3.5 State Department of Toxic Substances Control / EnviroStor

Kleinfelder reviewed the DTSC EnviroStor website (<http://www.envirostor.dtsc.ca.gov/>) on May 1, 2018, for information pertaining to the Site. Based on Kleinfelder’s review of the website, no

listings were found pertaining to the Site or adjoining properties. A copy of the EnviroStor map search results is included in Appendix C.

4.3.6 Mojave Desert Air Quality Management District

Kleinfelder performed a search of the MDAQMD's online permit database (<http://permitting.mdaqmd.ca.gov/search/facility?keyword=Civic+Drive>) on May 1, 2018, for information pertaining to the Site and adjoining properties. Three listings were shown for Civic Drive: two listings for 14455 Civic Drive; and, one listing for 14343 Civic Drive. Both addresses are located over 1,700 feet south of the Site. Based on the distance from the Site, these facilities are not considered likely to affect the Site. A copy of the search results is included in Appendix C.

4.4 PHYSICAL SETTING SOURCE(S)

Table 4-1 presents information concerning the physical setting of the Site. The information was primarily obtained from published maps.

Table 4-1
Physical Setting

DATA	GENERAL INFORMATION
USGS TOPOGRAPHIC QUADRANGLE	Based on the United States Geological Survey (USGS) Victorville Quadrangle 7.5-Minute Series (Topographic) Map, dated 1993, the Site elevation is shown approximately 2,940 feet above Mean Sea Level (MSL). The topographic gradient is shown sloping towards the northeast.
SOIL TYPE	Based on the EDR Radius Map™ Report with GeoCheck®, Physical Setting Source Summary, several soil components are present beneath the Site. These include: the Helendale and Bryman soil components, which are deep and moderately deep, moderately well and well-drained soils with moderately coarse textures; and, the Cave soil component, which consists of clayey soils (EDR, 2018b).
OIL AND GAS WELLS	Information concerning oil and gas fields was obtained by Kleinfelder from published maps available for download on the Division of Oil, Gas, and Geothermal Resources (DOGGR)'s internet web site (http://maps.conservation.ca.gov/doggr/index.html). Kleinfelder researched oil well information on the DOGGR website on April 30, 2018, for the Site and Site vicinity. Based on Kleinfelder's review, no oil wells are located on the Site or in the immediate Site vicinity.

Table 4-2 presents information concerning regional geology and hydrogeology. The information was obtained from published maps and other sources.

Table 4-2
Regional Geology and Hydrogeology

PHYSICAL PARAMETER	INFORMATION/COMMENTS
REGIONAL PHYSIOGRAPHY AND GEOLOGY	The Site is located in the Mojave Desert geomorphic province. The Mojave Desert is located in southeastern California and is bounded to the southwest by the San Andreas fault and the Transverse Ranges, and to the north and northeast by the Garlock fault and the Basin and Range geomorphic province. The Nevada state line and the Colorado River form the arbitrary eastern boundary, although the province actually extends into southern Nevada and western Arizona. The Mojave Desert is characterized by mountain ranges separated by desert plains and playas. Northwest to southeast trending fault zones, and west to east trending fault zones control the topography (California Geological Survey [CGS], 2002).
REGIONAL HYDROGEOLOGY	The Site is located within the Upper Mojave River Valley Groundwater Basin of the South Lahontan Hydrologic Region. The Upper Mojave River Valley Groundwater Basin consists of an elongate north-south valley bound by basement rocks outcropping near the town of Helendale to the north; quaternary sedimentary deposits and basement rocks of the San Bernardino Mountains to the south; the Helendale fault to the southeast; basement rock and the mountains surrounding Apple Valley to the east; a surface drainage divide between the Upper Mojave Groundwater Basin and the El Mirage Valley Basin, and Shadow Mountain to the west (California Department of Water Resources [CDWR], 2004). The primary water-bearing units consist of regional Pliocene and younger alluvial fan deposits (fan unit), and of overlying Pleistocene and younger river channel and floodplain deposits (floodplain unit) (CDWR, 2004).
DEPTH TO GROUNDWATER DIRECTION OF ANTICIPATED FLOW ¹	Based on Fourth Quarter 2017 groundwater monitoring performed at a facility listed in GeoTracker™, located approximately 0.5-mile southeast of the Site, groundwater is historically present between approximately 91 and 94 feet below ground surface (The Reynolds Group, 2018). Documents for this facility did not have groundwater flow information, but based on groundwater information from a facility listed on GeoTracker™ a little further to the southeast, groundwater flows to the east (Stratus Environmental, Inc, 2010).
REGIONAL GROUNDWATER QUALITY PROBLEMS	Water quality in the Upper Mojave River Valley Groundwater Basin is characterized as predominantly sodium bicarbonate near Victorville (CDWR, 2004). High nitrate concentrations are present in the southern portion of the basin; high iron and manganese are present in the basin near Oro Grande; trichloroethylene is present in groundwater beneath the former George Air Force Base; and, hydrocarbons are present in groundwater beneath Victorville due to leaking underground storage tanks (CDWR, 2004).

¹ Groundwater flow direction is based on regional information sources. Site-specific conditions may vary due to a variety of factors including geologic anomalies, utilities, nearby pumping wells (if present), and others.

4.5 USER PROVIDED INFORMATION

According to the Client, the purpose for performing this Phase I ESA is to evaluate the potential for RECs at the Site prior to acquiring the property for redevelopment as an automotive dealership. Information regarding the current owners/occupants of the Site is summarized in Table 4-3.

Table 4-3
Owner and Occupant Information

ENTITY	NAME
OWNER	According to the <i>EDR Environmental Lien and AUL Search</i> report (EDR, 2018a), the current owner of the Site parcels is the "Civic Rogers, LLC".
OCCUPANT(S)	Not occupied.

Summaries of interviews of key individuals with knowledge of the Site ("Key Site Managers") are provided in Section 7. The following sections present information provided to Kleinfelder by the Client.

4.6 TITLE RECORDS

Chain-of-title information was provided by the Client. A summary of Kleinfelder's review of the chain-of-title report is as follows:

- Civic Rogers, LLC is the current owner as of April 18, 2018. A deed for the Site was recorded on May 8, 2006. This deed agreement was modified on January 11, 2010, and September 3, 2010. Covenants, restrictions, easements were recorded on July 10, 2008, and September 9, 2009. Details were recorded in documents entitled "Land Division Improvement Construction Agreement" dated July 14, 2008, and "Land Division Improvement Construction Agreement" dated October 31, 2008.
- A street easement was recorded May 7, 1974. Easement details were recorded in a document entitled "Land Division Improvement Construction Agreement" dated October 3, 1991.
- Public utility easements were recorded on February 25, 2009, (re-recorded on May 20, 2009) and April 7, 2009, (re-recorded on May 21, 2009). Easements were included in documents "Victorville Redevelopment Agency Owner Participation Agreement" dated June 4, 2009,

modified September 4, 2009, and November 10, 2010; and “Agreement to Terminate and Release Owner Participation Agreement” dated December 14, 2016.

- The Site was included in the Victor Valley Redevelopment Project Area which was recorded in July 15, 1992. Project details were recorded in a “Utility Surety Agreement” document dated August 18, 1992, and the “Owner Participation Agreement” dated April 14, 1994.

4.7 ENVIRONMENTAL LIENS AND USAGE LIMITATIONS

According to information provided in EDR’s regulatory agency database search report (EDR, 2018b), there are no liens pertaining to the Site listed in the Federal superfund liens list maintained by the United States Environmental Protection Agency (US EPA), nor known recorded land-use environmental deed restrictions pertaining to the Site listed in the State Liens Database. Kleinfelder’s review of the *EDR Environmental Lien and AUL Search* report (EDR, 2018a) indicates there are no environmental liens or activity and use limitations (AULs) associated with the Site. A copy of the report is provided in Appendix C.

4.8 VALUE REDUCTION

As part of the Standard Practice process, information is to be gathered regarding the prospective purchase price of the Site relative to its fair market value. If there appears to be a value reduction, that reduction must be identified with respect to whether the difference may be attributed to environmental degradation of the property. Mr. Hudak, Real Estate Manager with CarMax, indicated that the price for the Site reflects fair market value.

4.9 OTHER INFORMATION / DOCUMENTS PROVIDED

The Client forwarded documents that were provided by the seller. A summary of the documents is provided below.

- Krazan & Associates, LLC (Krazan), 2008. Phase I Environmental Site Assessment, Desert Oasis – Phase 3, SEC of Civic Drive and Roy Rogers Drive, Victorville, California, December 4. Krazan performed a Phase I ESA on a larger piece of land that included the Site. At the time of the field reconnaissance, the property had been graded in preparation for development, and a soil stockpile was present in the center of the property. No

structures were present on the property, and no signs of spills or releases were observed. No RECs were identified based on the results of this Phase I ESA.

- RCA Associates, Inc. (RCA), 2008. Sensitive Wildlife Survey and Habitat Assessment for Mohave Ground Squirrel, Desert Oasis Plaza, Phase 3, February 26. RCA performed focused surveys for the desert tortoise, Mohave ground squirrel, burrowing owl, sharp-shinned hawk, and loggerhead shrike at a larger piece of land that included the Site. Results of the focused surveys indicated that two burrowing owl burrows and owl sign were observed. Based on the disturbed habitat, the property was indicated unlikely to have tortoises and ground squirrels occur on the property. Additionally, there was no suitable habitat for the sharp-shinned hawk and loggerhead shrike. The report indicated that a Burrowing Owl Mitigation and Monitoring Plan should be submitted prior to relocation of the owls.
- Utility plans including the following were provided for the surrounding properties:
 - Desert Oasis Gas Plan.
 - Desert Oasis Edison Plan.
 - Desert Oasis Cable Plan.
- California Environmental Quality Act (CEQA) Documents including the following were provided:
 - Notice of Determination – describes plan for a commercial retail center, a proposed parcel map creating six parcels from one existing parcel, and a conditional use permit for signs.
 - Grading permit dated January 8, 2009.
 - A Department of Fish and Game transmittal, dated August 14, 2008 - indicates that the burrowing owl requirements had been met for the project to start grading.
 - Joshua Tree Inspection Report, dated June 17, 2008 – identifies five trees that need to be relocated.
 - California Regional Water Quality Control Board Letter dated July 25, 2008 – this letter is a Notice of Intent to comply with the Statewide Storm Water General Permit.
 - California Regional Water Quality Control Board Letter dated February 3, 2010 – this letter is a Notice of Termination of coverage under the Statewide Storm Water General Permit.

The history of the Site was researched to identify obvious uses. Historical land use was researched to the first developed use, or back to 1940, whichever was earlier or readily available. Table 5-1 summarizes the availability of information reviewed during this assessment.

Table 5-1
Historical Information Sources

SOURCE	YEARS REVIEWED	SOURCE / AVAILABILITY
SANBORN FIRE INSURANCE MAPS	Not available	EDR, 2018c
AERIAL PHOTOGRAPHS	1953, 1959, 1968, 1974, 1984, 1994, 2005, 2010 and 2014	EDR, 2018d
CITY DIRECTORIES	1964 – 2014 (select years)	EDR, 2018e
HISTORICAL TOPOGRAPHIC MAP REPORT	1932, 1934, 1956, 1968, 1980/1981, 1993, and 2012	EDR, 2018f
BUILDING DEPARTMENT	2001 - 2018	EDR, 2018g
PREVIOUS ASSESSMENT(S)	2008 - 2010	See Section 4.9

5.1 SANBORN FIRE INSURANCE MAPS

Sanborn Fire Insurance Maps provide historical land use information for some metropolitan areas and small, established towns. Kleinfelder requested EDR to search its library of Sanborn Fire Insurance Maps for maps of the Site. EDR responded that Sanborn Fire Insurance Maps were not available for the Site (EDR, 2018c).

5.2 AERIAL PHOTOGRAPHS

A review of historical aerial photography may indicate past activities at a property that may not be documented by other means or observed during a reconnaissance visit. The effectiveness of this technique depends on the scale and quality of the photographs and the available coverage. Aerial photographs were obtained from several historical photograph collections through EDR (2018d) and span a period of 61 years. A tabulation of the aerial photographs reviewed by Kleinfelder is presented in Table 5-2. Copies of the aerial photographs provided by EDR are included in Appendix D.

Table 5-2
Historical Aerial Photographs Reviewed

YEAR	APPROXIMATE SCALE	SUMMARY
1953	1" = 500'	Site: The Site appears to be undeveloped desert land. Surrounding Area: The surrounding land is undeveloped. An unimproved road is present south of the Site.
1959	1" = 500'	Site: The Site remains undeveloped desert land. Surrounding Area: The surrounding properties appear generally the same as on the previously-reviewed aerial photographs with the exception that the I-15 is now present east of the Site.
1968	1" = 500'	Site: The Site remains undeveloped desert land. Surrounding Area: The surrounding properties appear generally the same as on the previously-reviewed aerial photograph. Residential housing is now present further to the north of the Site.
1974	1" = 500'	Site: The Site remains generally undeveloped. A dirt road extends north to south through the eastern portion of the Site, and the western border of the Site appears graded. Surrounding Area: The surrounding properties remain generally undeveloped. A commercial building and a circular graded area are present further to the south of the Site.
1984	1" = 500'	Site: The Site appears generally the same as on the 1974 aerial photograph. Surrounding Area: The surrounding properties remain generally the same. The commercial building and circular graded area now include a paved parking area and a paved circular road extending around the perimeter.
1994	1" = 500'	Site: The Site appears generally the same. Surrounding Area: The properties adjoining the Site to the north and to the south remain undeveloped. A paved road (Roy Rogers) is present further to the north and a paved road (Civic Drive) is present along the western border of the Site. An on-ramp connects Roy Rogers to southbound I-15 and forms the northeast border of the Site.
2005	1" = 500'	Site: The Site appears generally the same. Surrounding Area: The property to the north remains undeveloped. The properties to the south and southeast have been graded, with properties further to the south developed with commercial-type buildings and associated parking lots. The property west of Civic Drive (west of the Site), also has been graded.

Table 5-2 (Continued)
Historical Aerial Photographs Reviewed

YEAR	APPROXIMATE SCALE	SUMMARY
2010 2014	1" = 500' 1" = 500'	<p>Site: The Site appears graded and vacant, associated with a larger graded area of land that extends to the north and south.</p> <p>Surrounding Area: The properties to the north are mostly graded and vacant, similar to Site conditions, except for a road/paved area around one of the properties northwest of the Site. The property southeast of the Site has been commercially developed and the property to the south appears to be in the process of being developed with a building footprint apparent in the graded area. The property west of the Site across Civic Drive has been developed with a parking lot associated with a commercial building (currently Home Depot) located southwest of the Site.</p>
<p>Note: Aerial photographs only provide information concerning indications of land use, and no conclusions regarding the release of hazardous substances or petroleum products can be drawn from the review of photographs alone.</p>		

5.3 CITY DIRECTORIES

City directories provide information regarding property occupants by address. EDR provided a city directory image report (EDR, 2018e), included in Appendix D, which provided a listing of properties researched along Civic Drive and Roy Rogers Drive between 1964 and 2014. The Site does not have an address and is therefore, not listed.

The following off-Site adjoining properties were listed:

- 14617 Civic Drive (adjoins south) – Occupied by Victorville Motors Inc. in 2005; Stawmit Companies LLC and Victorville Motors Inc. in 2014.
- 15655 Roy Rogers Drive (adjoins southwest) – Occupied by Home Depot USA Inc in 2010 and 2014.

5.4 HISTORICAL TOPOGRAPHIC MAP REVIEW

Kleinfelder obtained information regarding historical topographic maps of the Site vicinity from EDR (2018f). The topographic maps reviewed for this assessment are listed in Table 5-3 and copies of the maps are included in Appendix D.

Table 5-3
Historical Topographic Maps Reviewed

YEAR	SCALE	SUMMARY
1932 1934	1:125,000 1:125,000	Site: The Site was undeveloped with no structures or other features shown. Surrounding Area: The surrounding properties were undeveloped. An unimproved road was shown extending east to west, south of the Site.
1956	1:24,000	Site: The Site remained undeveloped with no structures or other features shown. Surrounding Area: The surrounding properties were generally undeveloped. The unimproved road remained south of the Site. The I-15 freeway had been constructed east of the Site.
1968	1:24,000	Site: The Site remained undeveloped with no structures or other features shown. Surrounding Area: The surrounding properties remained undeveloped, though residential development was apparent further to the north of the Site adjoining I-15.
1980/1981	1:24,000	Site: The Site remained undeveloped, however, a road extended north to south through the eastern portion of the property. This road connected the residential development north of the Site to the unimproved road south of the Site. Surrounding Area: The surrounding properties remained generally the same. Development was shown further to the south of the unimproved road.
1993	1:24,000	Site: The Site was generally the same as on the 1980/1981 topographic maps. Surrounding Area: The surrounding properties were generally the same as on the 1980/1981 topographic maps with the exception of the unimproved road south of the Site, which is no longer shown.
2012	1:24,000	Site: The 2012 topographic map depicted roads and other physical features, but did not depict structures. Thus, no structures or other features were depicted on the Site. Surrounding Area: Increased roads and infrastructure are present in the Site vicinity. The I-15 remained east of the Site with a new on- and off-ramp present northeast of the Site. The on-ramp, connecting Roy Rogers (which is also now apparent) to I-15, extended along the northeast border of the Site. Another road (Civic Drive) forms the western border of the Site.

5.5 BUILDING DEPARTMENT

EDR provided an EDR Building Permit Report (EDR, 2018g) for the Site address. Permits were not found for the Site parcel. See Section 4.3.1 for information obtained from the City of Victorville Building Division.

5.6 PREVIOUS ASSESSMENTS

Previous environmental assessments pertaining to the Site were summarized in Section 4.9.

Kleinfelder's Phase I ESA activities included a Site reconnaissance. This section summarizes the findings from the Site reconnaissance.

6.1 METHODOLOGY AND LIMITING CONDITIONS

Ms. Karin Hagan of Kleinfelder performed a Site reconnaissance on May 15, 2018. The Site reconnaissance included a visual inspection of the Site to assist in identifying the presence or likely presence of hazardous substances or petroleum hydrocarbons under conditions that indicate an existing release, a past release, or threat of release into structures, soil, groundwater, or surface water at the Site (i.e., RECs). Ms. Hagan was able to view the Site walking the perimeter and interior circuits and was not accompanied during the Site reconnaissance. Observations of readily-apparent environmental conditions are summarized in Table 6-1, and color photographs of the Site are presented on Figures 3 through 8. The approximate Site boundaries are shown on Figure 2.

6.2 GENERAL SITE SETTING

The Site is located east of Civic Drive, approximately 600 feet south of Roy Rogers Drive in the City of Victorville, San Bernardino County, California. At the time of the Site reconnaissance, the Site was vacant.

6.3 SITE OBSERVATIONS

Kleinfelder's Site observations are summarized in Table 6-1.

Table 6-1
Site Observations

GENERAL OBSERVATIONS	REMARKS	OBSERVED	NOT OBSERVED
Current use	Vacant, unpaved land.	X	
Current use likely to indicate RECs			X
Past use	None observed.		X
Past use likely to indicate RECs	None observed.		X

Table 6-1 (Continued)
Site Observations

GENERAL OBSERVATIONS	REMARKS	OBSERVED	NOT OBSERVED
Structures	None observed.		X
Roads	None observed.		X
Topography of Site and surrounding area	The Site topography is hummocky, with a swale near the center of the south Site boundary and a graded area near the center of the west Site boundary.	X	
ASTs	None observed.		X
Below grade vaults	None observed.		X
Burned or buried debris	None observed.		X
Chemical storage	None observed.		X
Chemical mixing areas	None observed.		X
Discolored soil or water	None observed.		X
Ditches, streams	A swale was observed near the center of the south Site boundary.	X	
Drains and piping	None observed.		X
Drums	None observed.		X
Electrical or hydraulic equipment (PCBs)	None observed on Site. One pad-mounted transformer was observed on the vacant commercial pad north of the Site.	X	
Interior and exterior observations or environmental conditions that may involve the use, storage, disposal or generation of hazardous substances or petroleum products.		Observed	Not Observed
Fill dirt from an unknown source	None observed.		X
Fill dirt from a known source	None observed.		X
Hazardous chemical and petroleum products in connection with known use	None observed.		X

Table 6-1 (Continued)
Site Observations

Interior and exterior observations or environmental conditions that may involve the use, storage, disposal or generation of hazardous substances or petroleum products.		Observed	Not Observed
Hazardous chemical and petroleum products in connection with unknown use	None observed.		X
Non-hazardous containers with contents	None observed.		X
Hazardous waste storage	None observed.		X
Heating and cooling system and fuel source	None observed.		X
Industrial waste treatment equipment	None observed.		X
Loading and unloading areas	None observed.		X
Odors	None observed.		X
Pits, ponds, or lagoons	None observed.		X
Pools of liquid	None observed.		X
Process waste water	None observed.		X
Sanitary sewer system	None observed.		X
Septic system (e.g. tank and leach fields)	None observed.		X
Soil piles	Pile of concrete rubble near the northwest corner of the Site, approximately two cubic yards.	X	
Solid waste/evidence of unauthorized dumping	Discarded items and windblown debris (non-hazardous) were noted across the Site.	X	
Stained pavement, soil or concrete	<i>De minimis</i> surface staining of soil, apparently associated with vehicle parking during recent drilling activities at the Site. Visible surface staining was removed at each location by the drilling subcontractor.	X	
Stains or corrosion (interior, non-water)	None observed.		X
Storm drains/catch basins	None observed on Site. Storm drain manholes and storm drains were observed off Site in Civic Drive and adjacent to the commercial properties to the north.	X	
Stressed vegetation	None observed.		X

Table 6-1 (Continued)
Site Observations

Interior and exterior observations or environmental conditions that may involve the use, storage, disposal or generation of hazardous substances or petroleum products.		Observed	Not Observed
Sumps and clarifiers	None observed.		X
Surface water	None observed.		X
USTs (including heating oil tanks)	None observed.		X
Unidentified substance containers	None observed.		X
Waste water discharge	None observed.		X
Water supplies (potable and process)	None observed on Site. Water utility markings and improvements were observed in Civic Drive.	X	
Wells (irrigation, monitoring, or domestic)	None observed.		X
Wells (dry)	None observed.		X
Wells (oil and gas)	None observed.		X

6.4 RESULTS OF SITE RECONNAISSANCE

The Site consists of vacant land with no structures or other improvements observed. The ground surface is primarily dirt, with scattered areas of light gravel. The Site topography is generally hummocky, with a swale located near the south-central portion of the Site. Near the west-central portion of the Site, the ground appears to have been graded with a light gravel surface and decayed fiber rolls visible. The planned entrance to the Site from Civic Drive has a soil berm across it. A small pile of concrete rubble and soil was observed in the northwestern corner of the Site, adjacent to the entrance to the commercial properties to the north.

Minor surficial soil staining was observed at various locations throughout the Site from apparent vehicle leakage associated with recent drilling activities. The staining was observed to be minor and is considered a *de minimis* environmental condition. However, Kleinfelder contacted the drilling subcontractor and requested and observed them remove visible staining at each location, thereby removing it from the Site.

A few discarded items were observed scattered across the Site, including PVC pipe, a small television, and a shopping cart. Windblown debris was primarily observed along the east and southeast fence lines. No containers of hazardous materials and/or petroleum products were observed, and no evidence of staining was observed around discarded items. Various wooden stakes and survey markers were observed throughout the Site associated with the proposed CarMax redevelopment.

Evidence of discolored water, stressed vegetation, USTs, ASTs, wells, pits, ponds, or lagoons was not observed on the Site during the reconnaissance.

Key Site Managers are contacted to obtain current and historical environmental information concerning the Site. The following sections highlight information revealed during the interviews.

7.1 INTERVIEW WITH CLIENT

Kleinfelder submitted a questionnaire to the Client on May 16, 2018, to obtain information regarding their knowledge of the Site. Mr. Steve Hudak, Real Estate Manager with CarMax, completed a questionnaire on May 30, 2018, (see Appendix C). Mr. Hudak indicated he is unaware of environmental liens, or AULs associated with the Site. He indicated that he does not have specialized knowledge regarding the Site or adjoining properties. He also indicated that the price for the Site reflects fair market value. Mr. Hudak indicated that the Site had been vacant/residential and had perhaps been agricultural years ago and he was not aware of chemicals, which may have been used or stored on the Site, nor was he aware of spills/chemical releases or environmental cleanup up liens associated with the Site. To his knowledge, there are no obvious indications of contamination or likely presence of contamination associated with the Site. A Preliminary Report, dated April 18, 2018, was provided to Kleinfelder for review. A summary of the Preliminary Report is presented in Section 4.6.

7.2 INTERVIEW WITH OWNER/MANAGER

Kleinfelder forwarded a questionnaire to Andrew Sun and John Young with Civic Rogers, LLC, the seller/owner of the Site. The completed questionnaire has not been received to date. However, the Client did forward documents that were provided to them by the seller. A summary of the pertinent documents is provided in Section 4.9.

7.3 INTERVIEWS WITH LOCAL GOVERNMENT OFFICIALS

Available information from regulatory agencies is summarized in Section 4.3. Interviews with agency official was deemed unnecessary based on information obtained or responses received.

Kleinfelder performed this Phase I ESA of the Site in conformance with the scope and limitations of the Standard Practice and the scope of services in our Proposal No. MP181157.001P/RIV17P70591, dated December 19, 2017. The following sections describe Kleinfelder's findings and provide general background information about the Site. Findings address RECs, HRECs, CRECs, and notation of *de minimis* quantities, as applicable to the Site. In summary, Kleinfelder's assessment revealed the following information concerning the Site:

8.1 BACKGROUND

The following is a summary of Site background information:

- The Site has been historically undeveloped desert land and was graded by 2008. It remains vacant with no structures or other features observed.

8.2 FINDINGS AND OPINIONS

The following is a summary of the findings and opinions of this Phase I ESA:

- The Site is situated on portions of four parcels of land, together comprising approximately 5 acres of land. The parcels are identified as San Bernardino County APNs 3106-261-26, 3106-261-27, 3106-261-28, and 3106-261-29. The Site is vacant land with no assigned street addresses.
- During the Site reconnaissance, some debris (decayed fiber rolls, PVC pipe, television, shopping cart, and concrete rubble) was observed across the Site. The planned entrance to the Site from Civic Drive has a soil berm across it. No containers of hazardous materials and/or petroleum products were observed, and no evidence of staining was observed around discarded items.
- No off-Site facilities are considered likely to have affected soil, soil vapor or groundwater beneath the Site.
- A Tier 1 vapor encroachment screening (VES) (Section 8.3.1) was performed in accordance with ASTM E 2600-15, and a vapor encroachment concern (VEC) was not identified for the Site.

8.3 DEVIATIONS AND ADDITIONAL SERVICES

Kleinfelder's scope of services did not include an assessment for ACMs, radon, LBP, lead in drinking water, regulatory compliance, molds and mildews, indoor air quality, industrial hygiene, health and safety, high-voltage power lines, and other Standard Practice non-scope considerations not described herein. Additional services requested as part of this Phase I ESA included a Tier 1 VES pursuant to ASTM E 2600-15. The following section briefly summarizes the Tier 1 VES.

8.3.1 Tier 1 Vapor Encroachment Screen

A Tier 1 VES was performed as part of this Phase I ESA in accordance with ASTM Designation E 2600-15, "*Standard Guide for Vapor Encroachment Screen on Property Involved in Real Estate Transactions*." The purpose of the Tier 1 VES is to reduce (but not eliminate), using the information developed by the Phase I ESA, the uncertainty regarding whether or not a VEC exists at the Site. A VEC is the presence or likely presence of chemicals of concern (typically volatile organic compounds [VOCs] and/or petroleum hydrocarbons) within the subsurface soil or groundwater, within a defined Area of Concern (AOC), which can potentially intrude in the form of vapor into structures present on a given site.

The AOC is defined by ASTM Designation E 2600-15 as the Site and vicinity within an approximate radial distance of 0.1 mile (528 feet) of the Site for petroleum hydrocarbon releases, and 0.33 mile (1,760 feet) for non-petroleum hydrocarbon releases (chlorinated VOCs, etc.). The AOC may be further reduced based on the known groundwater flow direction, as follows:

- Down-gradient properties to within the critical distance (100 feet for non-petroleum VOCs and light non-aqueous phase liquid, and 30 feet for dissolved petroleum hydrocarbons); and,
- Cross-gradient properties to the critical distance plus 0.5 times the width of the contaminant plume (but if plume width cannot be determined, then the AOC cannot be reduced).

On May 3, 2018, Kleinfelder compiled a VES utilizing the EDR regulatory agency database, which included listings for properties within the appropriate ASTM search distances of the Site, dominant soil composition for the Site and Site vicinity, and groundwater flow data obtained from information for a nearby Site listed on GeoTracker™.

The VES identified the following environmental database records within the maximum AOC distance of 0.33 mile, including:

- No records were on Site;
- Two records were within 0.1 mile of the Site; and,
- No records, between 0.1 mile and 0.33 mile of the Site.

Based on the findings of the Phase I ESA, the groundwater flow direction at the Site is generally toward the east. The up-gradient directions are thus to the west, northwest, and southwest of the Site, the down-gradient directions are to the east, northeast, and southeast of the Site, and the cross-gradient directions are to the north and south of the Site. Based on this:

- One of the two properties (Mobil Choice, Inc.), is located up-gradient of the Site; and,
- The remaining property (Victorville County Court) was mis-mapped by GeoTracker™ and is actually located south and cross-gradient of the Site.

Based on the reviewed records, the one up-gradient property (Mobil Choice Inc.) is a historical gasoline service station that operated in 2011 and is located at an approximate distance of 350 feet to the northwest (less than 0.1-mile from the Site). No releases were reported for this facility, so it may be eliminated from the VES pursuant to ASTM Designation E 2600-15.

The mis-mapped cross-gradient property had an identified release of petroleum hydrocarbons to soil, for which the case was closed. However, this property is located over 0.33-mile south of the Site and may thus, be eliminated from the VES pursuant to ASTM Designation E 2600-15.

Based on the information discussed above, the Tier 1 VES process has been completed in accordance with ASTM E 2600-15, and a VEC was not identified for the Site.

8.4 CONCLUSIONS

Kleinfelder has performed a Phase I ESA in conformance with the scope and limitations of ASTM E 1527-13 of the property located east of Civic Center Drive, approximately 600 feet south of Roy Rogers Drive in the City of Victorville, San Bernardino County, California. Any exceptions to, or deviations from, this practice are described in Section 8.3 of this report. This assessment has revealed no evidence of RECs or CRECs in connection with the Site. Based on the results of this Phase I ESA, the risk of environmental impairment at the Site is low.

8.5 DATA GAPS

Data gaps, which may affect the identification of hazardous substances or petroleum products for the evaluation of RECs at the Site, include the following:

- A completed questionnaire from the seller/owner of the Site has not been received to date. However, the seller provided available documents associated with the Site, which were forwarded to Kleinfelder (see Section 4.9).

Based on the information obtained during this Phase I ESA, the absence of this questionnaire is not considered a significant data gap.

APPENDIX A
STATEMENT OF QUALIFICATIONS

STATEMENT OF QUALIFICATIONS

We declare that to the best of our professional knowledge and belief, we meet the definition of Environmental Professional as defined in Section 312.10 of 40 CFR 312. We have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the subject property. We have developed and performed the all-appropriate inquiries in conformance with the standards and practices set forth in CFR Part 312.

Lindsey Dandridge-Perry
Environmental Professional

Karin Hagin
Environmental Professional

Margaret Carroll
Environmental Professional

Lizanne Simmons, PG
Senior Principal Geologist

The resumes of above-listed environmental professionals performing this Phase I ESA are on file at the Kleinfelder office and are available upon request.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-13), the ASTM Standard Practice for Environmental Site Assessments for Forestland or Rural Property (E 2247-16), the ASTM Standard Practice for Limited Environmental Due Diligence: Transaction Screen Process (E 1528-14) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.

Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

EXECUTIVE SUMMARY

STANDARD ENVIRONMENTAL RECORDS

Federal RCRA generators list

RCRA-LQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

A review of the RCRA-LQG list, as provided by EDR, and dated 12/11/2017 has revealed that there is 1 RCRA-LQG site within approximately 0.25 miles of the target property.

<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>	<u>Map ID</u>	<u>Page</u>
CHEVRON STATION# 207	14796 LA PAZ DR	E 1/8 - 1/4 (0.249 mi.)	G21	35

RCRA-SQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

A review of the RCRA-SQG list, as provided by EDR, and dated 12/11/2017 has revealed that there are 5 RCRA-SQG sites within approximately 0.25 miles of the target property.

<u>Equal/Higher Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>	<u>Map ID</u>	<u>Page</u>

State- and tribal - equivalent CERCLIS

ENVIROSTOR: The Department of Toxic Substances Control's (DTSC's) Site Mitigation and Brownfields Reuse Program's (SMBRP's) EnviroStor database identifies sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

A review of the ENVIROSTOR list, as provided by EDR, and dated 01/30/2018 has revealed that there is

EXECUTIVE SUMMARY

SLIC: Cleanup Program Sites (CPS; also known as Site Cleanups [SC] and formerly known as Spills, Leaks, Investigations, and Cleanups [SLIC] sites) included in GeoTracker. GeoTracker is the Water Boards data management system for sites that impact, or have the potential to impact, water quality in California, with emphasis on groundwater.

A review of the SLIC list, as provided by EDR, has revealed that there is 1 SLIC site within approximately 0.5 miles of the target property.

State and tribal registered storage tank lists

UST: The Underground Storage Tank database contains registered USTs. USTs are regulated under Subtitle I of the Resource Conservation and Recovery Act (RCRA). The data come from the State Water Resources Control Board's Hazardous Substance Storage Container Database.

A review of the UST list, as provided by EDR, has revealed that there are 2 UST sites within approximately 0.25 miles of the target property.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR Hist Auto: EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

A review of the EDR Hist Auto list, as provided by EDR, has revealed that there is 1 EDR Hist Auto site within approximately 0.125 miles of the target property.

FINDS:

Registry ID: 110055863454

Environmental Interest/Information System
STATE MASTER

Registry ID: 110012191234

Environmental Interest/Information System

California Hazardous Waste Tracking System - Datamart (HWTS-DATAMART) provides California with information on hazardous waste shipments for generators, transporters, and treatment, storage, and disposal facilities.

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

STANDARD ENVIRONMENTAL RECORDS

Federal NPL site list

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Date of Government Version: 12/11/2017	Source: EPA
Date Data Arrived at EDR: 12/22/2017	Telephone: N/A
Date Made Active in Reports: 01/05/2018	Last EDR Contact: 04/27/2018

	Data Release Frequency: Quarterly

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

Date of Government Version: 10/15/1991	Source: EPA
Date Data Arrived at EDR: 02/02/1994	Telephone: 202-564-4267

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Federal Delisted NPL site list

Delisted NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

Date of Government Version: 12/11/2017	Source: EPA

Federal CERCLIS list

FEDERAL FACILITY: Federal Facility Site Information listing

A listing of National Priority List (NPL) and Base Realignment and Closure (BRAC) sites found in the Comprehensive Environmental Response, Compensation and Liability Information System (CERCLIS) Database where EPA Federal Facilities Restoration and Reuse Office is involved in cleanup activities.

Date of Government Version: 11/07/2016	Source: Environmental Protection Agency
Date Data Arrived at EDR: 01/05/2017	Telephone: 703-603-8704
Date Made Active in Reports: 04/07/2017	Last EDR Contact: 04/06/2018
Number of Days to Update: 92	Next Scheduled EDR Contact: 07/16/2018
	Data Release Frequency: Varies

SEMS: Superfund Enterprise Management System

SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly known as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

Date of Government Version: 01/09/2018	Source: EPA
Date Data Arrived at EDR: 02/06/2018	Telephone: 800-424-9346
Date Made Active in Reports: 04/13/2018	Last EDR Contact: 04/27/2018
Number of Days to Update: 66	Next Scheduled EDR Contact: 07/30/2018
	Data Release Frequency: Quarterly

Federal CERCLIS NFRAP site list

SEMS-ARCHIVE: Superfund Enterprise Management System Archive

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

SEMS-ARCHIVE (Superfund Enterprise Management System Archive) tracks sites that have no further interest under the Federal Superfund Program based on available information. The list was formerly known as the CERCLIS-NFRAP, renamed to SEMS ARCHIVE by the EPA in 2015. EPA may perform a minimal level of assessment work at a site while it is archived if site conditions change and/or new information becomes available. Archived sites have been removed and archived from the inventory of SEMS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list the site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. The decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be potential NPL site.

Date of Government Version: 01/09/2018	Source: EPA

Federal RCRA non-CORRACTS TSD facilities list

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Date of Government Version: 12/11/2017	Source: Environmental Protection Agency
Date Data Arrived at EDR: 12/26/2017	Telephone: (415) 495-8895

Federal RCRA generators list

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

Date of Government Version: 12/11/2017	Source: Environmental Protection Agency
Date Data Arrived at EDR: 12/26/2017	Telephone: (415) 495-8895

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

RCRA-SQG: RCRA - Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

Date of Government Version: 12/11/2017	Source: Environmental Protection Agency
Date Data Arrived at EDR: 12/26/2017	Telephone: (415) 495-8895

RCRA-CESQG: RCRA - Conditionally Exempt Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

Number of Days to Update: 74	Next Scheduled EDR Contact: 06/11/2018
	Data Release Frequency: Varies

US INST CONTROL: Sites with Institutional Controls

A listing of sites with institutional controls in place. Institutional controls include administrative measures, such as groundwater use restrictions, construction restrictions, property use restrictions, and post remediation care requirements intended to prevent exposure to contaminants remaining on site. Deed restrictions are generally required as part of the institutional controls.

Date of Government Version: 11/13/2017	Source: Environmental Protection Agency

ENVIROSTOR: EnviroStor Database

The Department of Toxic Substances Control's (DTSC's) Site Mitigation and Brownfields Reuse Program's (SMBRP's) EnviroStor database identifies sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

ADDITIONAL ENVIRONMENTAL RECORDS

Local Brownfield lists

US BROWNFIELDS: A Listing of Brownfields Sites

Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

US CDL: Clandestine Drug Labs

A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

DEED: Deed Restriction Listing

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Site Mitigation and Brownfields Reuse Program Facility Sites with Deed Restrictions & Hazardous Waste Management Program Facility Sites with Deed / Land Use Restriction. The DTSC Site Mitigation and Brownfields Reuse Program (SMBRP) list includes sites cleaned up under the program's oversight and generally does not include current or former hazardous waste facilities that required a hazardous waste facility permit. The list represents deed restrictions that are active. Some sites have multiple deed restrictions. The DTSC Hazardous Waste Management Program (HWMP) has developed a list of current or former hazardous waste facilities that have a recorded land use restriction at the local county recorder's office. The land use restrictions on this list were required by the DTSC HWMP as a result of the presence of hazardous substances that remain on site after the facility (or part of the facility) has been closed or cleaned up. The types of land use restriction include deed notice, deed restriction, or a land use restriction that binds current and future owners.

EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

RMP: Risk Management Plans

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

ABANDONED MINES: Abandoned Mines

An inventory of land and water impacted by past mining (primarily coal mining) is maintained by OSMRE to provide information needed to implement the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The inventory contains information on the location, type, and extent of AML impacts, as well as, information on the cost associated with the reclamation of those problems. The inventory is based upon field surveys by State, Tribal, and OSMRE program officials. It is dynamic to the extent that it is modified as new problems are identified and existing problems are reclaimed.

HAZNET: Facility and Manifest Data

Facility and Manifest Data. The data is extracted from the copies of hazardous waste manifests received each year by the DTSC. The annual volume of manifests is typically 700,000 - 1,000,000 annually, representing approximately 350,000 - 500,000 shipments. Data are from the manifests submitted without correction, and therefore many contain some invalid values for data elements such as generator ID, TSD ID, waste category, and disposal method. This database begins with calendar year 1993.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR MGP: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

EDR Hist Auto: EDR Exclusive Historical Auto Stations

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

EDR Hist Cleaner: EDR Exclusive Historical Cleaners

EDR has searched selected national collections of business directories and has collected listings of potential dry cleaner sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include dry cleaning establishments. The categories reviewed included, but were not limited to dry cleaners, cleaners, laundry, laundromat, cleaning/laundry, wash & dry etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

AHA Hospitals:

USGS TOPOGRAPHIC MAP

Target Property Map:	5619088 VICTORVILLE, CA
Version Date:	2012

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principal investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General North

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

FEMA FLOOD ZONE

<u>Flood Plain Panel at Target Property</u>	<u>FEMA Source Type</u>
06071C5815H	FEMA FIRM Flood data

NATIONAL WETLAND INVENTORY

<u>NWI Quad at Target Property</u>	<u>NWI Electronic Data Coverage</u>
VICTORVILLE	YES - refer to the Overview Map and Detail Map

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Site-Specific Hydrogeological Data*:

Search Radius:	1.25 miles
Status:	Not found

AQUIFLOW®

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

Not Reported		

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

Soil Map ID: 1

Soil Component Name: HELENDALE

Soil Surface Texture:
Hydrologic Group: Class B - Moderate infiltration rates. Deep and moderately deep, moderately well and well drained soils with moderately coarse textures.

Soil Drainage Class: Well drained

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

Soil Layer Information							
Layer	Boundary		Soil Texture Class	Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
	Upper	Lower		AASHTO Group	Unified Soil		
1	0 inches	3 inches		Not reported	Not reported	Max: 141 Min: 42	Max: 8.4 Min: 7.4
2	3 inches	29 inches		Not reported	Not reported	Max: 42 Min: 14	Max: 8.4 Min: 7.4
3	29 inches	66 inches		Not reported	Not reported	Max: 42 Min: 14	Max: 8.4 Min: 7.4
4	66 inches	98 inches		Not reported	Not reported	Max: 141 Min: 42	Max: 8.4 Min: 7.4

Soil Map ID: 2

Soil Component Name: BRYMAN

Soil Surface Texture:
Hydrologic Group: Class B - Moderate infiltration rates. Deep and moderately deep, moderately well and well drained soils with moderately coarse textures.

Soil Drainage Class: Well drained

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

Soil Layer Information							
Layer	Boundary		Soil Texture Class	Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)

Source: United States Geologic Survey

EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Current USGS 7.5 Minute Topographic Map

HYDROGEOLOGIC INFORMATION

AQUIFLOW^R Information System

Source: EDR proprietary database of groundwater flow information

EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

GEOLOGIC INFORMATION

Geologic Age and Rock Stratigraphic Unit

Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

STATSGO: State Soil Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

Telephone: 800-672-5559

SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

EDR Environmental Lien and AUL Search

The EDR Environmental LienSearch Report provides results from a search of available current land title records for environmental cleanup liens and other activity and use limitations, such as engineering controls and institutional controls.

A network of professional, trained researchers, following established procedures, uses client supplied address information to:

- search for parcel information and/or legal description;
- search for ownership information;
- research official land title documents recorded at jurisdictional agencies such as recorders' offices, registries of deeds, county clerks' offices, etc.;
- access a copy of the deed;
- search for environmental encumbering instrument(s) associated with the deed;
- provide a copy of any environmental encumbrance(s) based upon a review of key words in the instrument(s) (title, parties involved, and description); and
- provide a copy of the deed or cite documents reviewed.

Thank you for your business.
Please contact EDR at 1-800-352-0050
with any questions or comments.

PRELIMINARY REPORT

*In response to the application for a policy of title insurance referenced herein, **Chicago Title Company** hereby reports that it is prepared to issue, or cause to be issued, as of the date hereof, a policy or policies of title insurance describing the land and the estate or interest therein hereinafter set forth, insuring against loss which may be sustained by reason of any defect, lien or encumbrance not shown or referred to as an exception herein or not excluded from coverage pursuant to the printed Schedules, Conditions and Stipulations or Conditions of said policy forms.*

The printed Exceptions and Exclusions from the coverage and Limitations on Covered Risks of said policy or policies are set forth in Attachment One. The policy to be issued may contain an arbitration clause. When the Amount of Insurance is less than that set forth in the arbitration clause, all arbitrable matters shall be arbitrated at the option of either the Company or the Insured as the exclusive remedy of the parties. Limitations on Covered Risks applicable to the CLTA and ALTA Homeowner's Policies of Title Insurance which establish a Deductible Amount and a Maximum Dollar Limit of Liability for certain coverages are also set forth in Attachment One. Copies of the policy forms should be read. They are available from the office which issued this report.

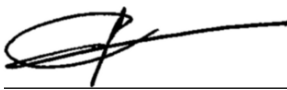

This report (and any supplements or amendments hereto) is issued solely for the purpose of facilitating the issuance of a policy of title insurance and no liability is assumed hereby. If it is desired that liability be assumed prior to the issuance of a policy of title insurance, a Binder or Commitment should be requested.

The policy(s) of title insurance to be issued hereunder will be policy(s) of Chicago Title Insurance Company, a Florida corporation.

Please read the exceptions shown or referred to herein and the exceptions and exclusions set forth in Attachment One of this report carefully. The exceptions and exclusions are meant to provide you with notice of matters which are not covered under the terms of the title insurance policy and should be carefully considered.

It is important to note that this preliminary report is not a written representation as to the condition of title and may not list all liens, defects and encumbrances affecting title to the land.

PRELIMINARY REPORT

EFFECTIVE DATE: **April 18, 2018 at 7:30 a.m.**

ORDER NO.: 00078486-016-NJ-DB

The form of policy or policies of title insurance contemplated by this report is:

1. THE ESTATE OR INTEREST IN THE LAND HEREINAFTER DESCRIBED OR REFERRED TO COVERED BY THIS REPORT IS:

Fee Estate

2. TITLE TO SAID ESTATE OR INTEREST AT THE DATE HEREOF IS [VESTED IN:](#)

Civic Rogers, LLC, a California limited liability company

3. THE LAND REFERRED TO IN THIS REPORT IS DESCRIBED AS FOLLOWS:

See Exhibit A attached hereto and made a part hereof.

EXHIBIT "A"

LEGAL DESCRIPTION

THE LAND REFERRED TO HEREIN BELOW IS SITUATED IN THE CITY OF VICTORVILLE, IN THE COUNTY OF SAN BERNARDINO, STATE OF CALIFORNIA, AND IS DESCRIBED AS FOLLOWS:

PARCELS 2, 3, 4, 5 AND 6 OF [PARCEL MAP 19004](#), IN THE CITY OF VICTORVILLE, COUNTY OF SAN BERNARDINO, STATE OF CALIFORNIA, AS PER PLAT RECORDED IN [BOOK 230 OF PARCEL MAP, PAGES 59 TO 63](#), INCLUSIVE, RECORDS OF SAID COUNTY.

EXCEPTING FROM THAT PORTION OF THE AFORE DESCRIBED PROPERTY WHICH UNDERLIES A PLANE PARALLEL TO AND 250 FEET BELOW THE SURFACE THEREOF, WHICH PORTION IS HEREINAFTER REFERRED TO AS "SAID LAND", 1/2 OF ALL OIL, GAS, PETROLEUM AND OTHER HYDROCARBON SUBSTANCES, MINERALS AND WATER IN, UNDER OR RECOVERABLE FROM SAID LAND; TOGETHER WITH THE RIGHT TO INJECT OR INTRODUCE FROM TIME TO TIME, STORE THEREIN AND SUBSEQUENTLY REMOVE FROM SAID LAND. ANY OIL, GAS, PETROLEUM AND OTHER HYDROCARBON SUBSTANCES, MINERALS AND WATER; TOGETHER WITH THE RIGHTS OF WAY, EASEMENTS AND SERVITUDES IN AND THROUGH SAID LAND FOR THE PURPOSE OF EXERCISING THE RIGHTS HEREIN RESERVED, INCLUDING BUT NOT LIMITED TO THE RIGHT, FROM TIME TO TIME, TO DRILL WELL HOLES, TO CASE THE SAME AND OTHERWISE TO COMPLETE AND MAINTAIN WELLS INTO AND THROUGH SAID LAND FROM SURFACE LOCATIONS OUTSIDE THE PROPERTY HEREIN CONVEYED; PROVIDED, HOWEVER, THAT THE RIGHTS HEREIN RESERVED DO NOT INCLUDE THE RIGHT TO ENTER UPON THE SURFACE OVERLYING SAID LAND, AS RESERVED IN THE DEED FROM ELIZABETH C. BREHM, RECORDED DECEMBER 30, 1964, IN [BOOK 6302, PAGE 345, OFFICIAL RECORDS](#).

APN: **3106-261-25, 26, 27, 28 & 29**

EXCEPTIONS

AT THE DATE HEREOF, ITEMS TO BE CONSIDERED AND EXCEPTIONS TO COVERAGE IN ADDITION TO THE PRINTED EXCEPTIONS AND EXCLUSIONS IN SAID POLICY FORM WOULD BE AS FOLLOWS:

- A. Property taxes, which are a lien not yet due and payable, including any assessments collected with taxes to be levied for the fiscal year 2018-2019.
- B. The lien of supplemental or escaped assessments of property taxes, if any, made pursuant to the provisions of Chapter 3.5 (commencing with Section 75) or Part 2, Chapter 3, Articles 3 and 4, respectively, of the Revenue and Taxation Code of the State of California as a result of the transfer of title to the vestee named in Schedule A or as a result of changes in ownership or new construction occurring prior to Date of Policy.

1. Water rights, claims or title to water, whether or not disclosed by the public records.
2. Easement(s) for the purpose(s) shown below and rights incidental thereto, as granted in a document:

Purpose: street
Recording Date: May 7, 1974
Recording No: in [Book 8425 page 712, of Official Records](#)
Affects: a portion of said land

3. Matters contained in that certain document

Entitled: Land Division Improvement Construction Agreement
Recording Date: October 3, 1991
Recording No: [91-378562, of Official Records](#)

Reference is hereby made to said document for full particulars.

4. The Land described herein is included within a project area of the Redevelopment Agency shown below, and that proceedings for the redevelopment of said project have been instituted under the Redevelopment Law (such redevelopment to proceed only after the adoption of the Redevelopment Plan) as disclosed by a document.

Redevelopment Agency: Victor Valley Redevelopment Project Area
Recording Date: July 15, 1992
Recording No: [92-292935, of Official Records](#)

5. Matters contained in that certain document

Entitled: Utility Surety Agreement
Recording Date: August 18, 1992
Recording No: [92-343290, of Official Records](#)

Reference is hereby made to said document for full particulars.

6. Matters contained in that certain document

Entitled: Owner Participation Agreement
Recording Date: April 14, 1994
Recording No: [94-176403, of Official Records](#)

Reference is hereby made to said document for full particulars.

EXCEPTIONS
(Continued)

7. The ownership of said Land does not include rights of access to or from the street, highway, or freeway abutting said Land, such rights having been relinquished by said map/plat.

Affects: Civic Drive
Parcel Map No.: [18400 in Book 229 page 10 of Parcel Maps](#)

Said Land, however, abuts on a public thoroughfare, other than the one referred to above, over which the rights of vehicular access have not been relinquished.

8. A deed of trust to secure an indebtedness in the amount shown below,

Amount: \$13,500,000.00
Dated: May 8, 2006
Trustor/Grantor: Civic Rogers, LLC, a California limited liability company
Trustee: East West Investment Inc., a California corporation
Beneficiary: East West Bank
Recording Date: May 19, 2006
Recording No.: [2006-344594, of Official Records](#)

An agreement to modify the terms and provisions of said deed of trust as therein provided

Recording Date: January 11, 2010
Recording No.: [2010-10137, of Official Records](#)

An agreement to modify the terms and provisions of said deed of trust as therein provided

Recording Date: September 3, 2010
Recording No.: [2010-363863, of Official Records](#)

Affects: The herein described Land and other land.

9. Covenants, conditions, restrictions and easements but omitting any covenants or restrictions, if any, including but not limited to those based upon race, color, religion, sex, sexual orientation, familial status, marital status, disability, handicap, national origin, citizenship, immigration status, primary language, ancestry, source of income, gender, gender identity, gender expression, medical condition or genetic information, as set forth in applicable state or federal laws, except to the extent that said covenant or restriction is permitted by applicable law, as set forth in the document

Recording Date: July 10, 2008
Recording No.: [2008-313701, of Official Records](#)

Modification(s) of said covenants, conditions and restrictions

Reference is hereby made to said document for full particulars.

25. Matters which may be disclosed by an inspection and/or by a correct ALTA/NSPS Land Title Survey of said Land that is satisfactory to the Company, and/or by inquiry of the parties in possession thereof.

26. Any rights of the parties in possession of a portion of, or all of, said Land, which rights are not disclosed by the public records.

The Company will require, for review, a full and complete copy of any unrecorded agreement, contract, license and/or lease, together with all supplements, assignments and amendments thereto, before issuing any policy of title insurance without excepting this item from coverage.

The Company reserves the right to except additional items and/or make additional requirements after reviewing said documents.

The Company will require that a full copy of any unrecorded lease referred to herein be furnished to the Company, together with all supplements, assignments and amendments for review.

The Company reserves the right to add additional items or make further requirements after review of the requested documentation.

EXCEPTIONS
(Continued)

PLEASE REFER TO THE “INFORMATIONAL NOTES” AND “REQUIREMENTS” SECTIONS WHICH FOLLOW FOR INFORMATION NECESSARY TO COMPLETE THIS TRANSACTION.

END OF EXCEPTIONS

REQUIREMENTS SECTION

1. The Company will require the following documents for review prior to the issuance of any title insurance predicated upon a conveyance or encumbrance from the entity named below:

Limited Liability Company: Civic Rogers, LLC, a California limited liability company

- a) A copy of its operating agreement, if any, and any and all amendments, supplements and/or modifications thereto, certified by the appropriate manager or member
- b) If a domestic Limited Liability Company, a copy of its Articles of Organization and all amendments thereto with the appropriate filing stamps
- c) If the Limited Liability Company is member-managed, a full and complete current list of members certified by the appropriate manager or member
- d) A current dated certificate of good standing from the proper governmental authority of the state in which the entity was created
- e) If less than all members, or managers, as appropriate, will be executing the closing documents, furnish evidence of the authority of those signing.

The Company reserves the right to add additional items or make further requirements after review of the requested documentation.

2. Unrecorded matters which may be disclosed by an Owner's Affidavit or Declaration. A form of the Owner's Affidavit/Declaration is attached to this Preliminary Report/Commitment. This Affidavit/Declaration is to be completed by the record owner of the land and submitted for review prior to the closing of this transaction. Your prompt attention to this requirement will help avoid delays in the closing of this transaction. Thank you.

The Company reserves the right to add additional items or make further requirements after review of the requested Affidavit/Declaration.

END OF REQUIREMENTS

INFORMATIONAL NOTES SECTION

=clause=

1. None of the items shown in this report will cause the Company to decline to attach CLTA Endorsement Form 100 to an Extended Coverage Loan Policy, when issued.
2. The Company is not aware of any matters which would cause it to decline to attach CLTA Endorsement Form 116 indicating that there is located on said Land Commercial properties, known as South East Corner of Roy Rogers Dr. & Civic Dr., located within the city of Victorville, California, , to an Extended Coverage Loan Policy.
3. Note: The policy of title insurance will include an arbitration provision. The Company or the insured may demand arbitration. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the insured arising out of or relating to this policy, any service of the Company in connection with its issuance or the breach of a policy provision or other obligation. Please ask your escrow or title officer for a sample copy of the policy to be issued if you wish to review the arbitration provisions and any other provisions pertaining to your Title Insurance coverage.
4. Notice: Please be aware that due to the conflict between federal and state laws concerning the cultivation, distribution, manufacture or sale of marijuana, the Company is not able to close or insure any transaction involving Land that is associated with these activities.
5. Note: Property taxes, including any personal property taxes and any assessments collected with taxes, are paid. For proration purposes the amounts were:

FIDELITY NATIONAL FINANCIAL

PRIVACY NOTICE

At Fidelity National Financial, Inc., we respect and believe it is important to protect the privacy of consumers and our customers. This Privacy Notice explains how we collect, use, and protect any information that we collect from you, when and to whom we disclose such information, and the choices you have about the use of that information. A summary of the Privacy Notice is below, and we encourage you to review the entirety of the Privacy Notice following this summary. You can opt-out of certain disclosures by following our opt-out procedure set forth at the end of this Privacy Notice.

<p>Types of Information Collected. You may provide us with certain personal information about you, like your contact information, address demographic information, social security number (SSN), driver's license, passport, other government ID numbers and/or financial information. We may also receive browsing information from your Internet browser, computer and/or mobile device if you visit or use our websites or applications.</p>	<p>How Information is Collected. We may collect personal information from you via applications, forms, and correspondence we receive from you and others related to our transactions with you. When you visit our websites from your computer or mobile device, we automatically collect and store certain information available to us through your Internet browser or computer equipment to optimize your website experience.</p>
<p>Use of Collected Information. We request and use your personal information to provide products and services to you, to improve our products and services, and to communicate with you about these products and services. We may also share your contact information with our affiliates for marketing purposes.</p>	<p>When Information Is Disclosed. We may disclose your information to our affiliates and/or nonaffiliated parties providing services for you or us, to law enforcement agencies or governmental authorities, as required by law, and to parties whose interest in title must be determined.</p>
<p>Choices With Your Information. Your decision to submit information to us is entirely up to you. You can opt-out of certain disclosure or use of your information or choose to not provide any personal information to us.</p>	<p>Information From Children. We do not knowingly collect information from children who are under the age of 13, and our website is not intended to attract children.</p>
<p>Privacy Outside the Website. We are not responsible for the privacy practices of third parties, even if our website links to those parties' websites.</p>	<p>International Users. By providing us with your information, you consent to its transfer, processing and storage outside of your country of residence, as well as the fact that we will handle such information consistent with this Privacy Notice.</p>
<p>The California Online Privacy Protection Act. Some FNF companies provide services to mortgage loan servicers and, in some cases, their websites collect information on behalf of mortgage loan servicers. The mortgage loan servicer is responsible for taking action or making changes to any consumer information submitted through those websites.</p>	
<p>Your Consent To This Privacy Notice. By submitting information to us or by using our website, you are accepting and agreeing to the terms of this Privacy Notice.</p>	<p>Access and Correction; Contact Us. If you desire to contact us regarding this notice or your information, please contact us at privacy@fnf.com or as directed at the end of this Privacy Notice.</p>

FIDELITY NATIONAL FINANCIAL, INC. PRIVACY NOTICE

Fidelity National Financial, Inc. and its majority-owned subsidiary companies providing title insurance, real estate- and loan-related services (collectively, “FNF”, “our” or “we”) respect and are committed to protecting your privacy. We will take reasonable steps to ensure that your Personal Information and Browsing Information will only be used in compliance with this Privacy Notice and applicable laws. This Privacy Notice is only in effect for Personal Information and Browsing Information collected and/or owned by or on behalf of FNF, including Personal Information and Browsing Information collected through any FNF website, online service or application (collectively, the “Website”).

Types of Information Collected

We may collect two types of information from you: Personal Information and Browsing Information.

Personal Information. FNF may collect the following categories of Personal Information:

- contact information (e.g., name, address, phone number, email address);
- demographic information (e.g., date of birth, gender, marital status);
- social security number (SSN), driver’s license, passport, and other government ID numbers;
- financial account information; and
- other personal information needed from you to provide title insurance, real estate- and loan-related services to you.

Browsing Information. FNF may collect the following categories of Browsing Information:

- Internet Protocol (or IP) address or device ID/UDID, protocol and sequence information;
- browser language and type;
- domain name system requests;
- browsing history, such as time spent at a domain, time and date of your visit and number of clicks;
- http headers, application client and server banners; and
- operating system and fingerprinting data.

How Information is Collected

In the course of our business, we may collect *Personal Information* about you from the following sources:

- applications or other forms we receive from you or your authorized representative;
- the correspondence you and others send to us;
- information we receive through the Website;
- information about your transactions with, or services performed by, us, our affiliates or nonaffiliated third parties; and
- information from consumer or other reporting agencies and public records maintained by governmental entities that we obtain directly from those entities, our affiliates or others.

If you visit or use our Website, we may collect *Browsing Information* from you as follows:

- Browser Log Files. Our servers automatically log each visitor to the Website and collect and record certain browsing information about each visitor. The Browsing Information includes generic information and reveals nothing personal about the user.
- Cookies. When you visit our Website, a “cookie” may be sent to your computer. A cookie is a small piece of data that is sent to your Internet browser from a web server and stored on your computer’s hard drive. When you visit a website again, the cookie allows the website to recognize your computer. Cookies may store user preferences and other information. You can choose whether or not to accept cookies by changing your Internet browser settings, which may impair or limit some functionality of the Website.

Use of Collected Information

Information collected by FNF is used for three main purposes:

- To provide products and services to you or any affiliate or third party who is obtaining services on your behalf or in connection with a transaction involving you.
- To improve our products and services.
- To communicate with you and to inform you about our, our affiliates’ and third parties’ products and services, jointly or independently.

When Information Is Disclosed

We may provide your Personal Information (excluding information we receive from consumer or other credit reporting agencies) and Browsing Information to various individuals and companies, as permitted by law, without obtaining your prior authorization. Such laws do not allow consumers to restrict these disclosures. Please see the section “Choices With Your Personal Information” to learn how to limit the discretionary disclosure of your Personal Information and Browsing Information.

Disclosures of your Personal Information may be made to the following categories of affiliates and nonaffiliated third parties:

- to third parties to provide you with services you have requested, and to enable us to detect or prevent criminal activity, fraud, material misrepresentation, or nondisclosure;
- to our affiliate financial service providers for their use to market their products or services to you;
- to nonaffiliated third party service providers who provide or perform services on our behalf and use the disclosed information only in connection with such services;
- to nonaffiliated third party service providers with whom we perform joint marketing, pursuant to an agreement with them to market financial products or services to you;
- to law enforcement or other governmental authority in connection with an investigation, or civil or criminal subpoena or court order;
- to lenders, lien holders, judgment creditors, or other parties claiming an interest in title whose claim or interest must be determined, settled, paid, or released prior to closing; and

- other third parties for whom you have given us written authorization to disclose your Personal Information.

We may disclose Personal Information and/or Browsing Information when required by law or in the good-faith belief that such disclosure is necessary to:

- comply with a legal process or applicable laws;
- enforce this Privacy Notice;
- investigate or respond to claims that any material, document, image, graphic, logo, design, audio, video or any other information provided by you violates the rights of a third party; or
- protect the rights, property or personal safety of FNF, its users or the public.

We maintain reasonable safeguards to keep your Personal Information secure. When we provide Personal Information to our affiliates or third party service providers as discussed in this Privacy Notice, we expect that these parties process such information in compliance with our Privacy Notice or in a manner that is in compliance with applicable privacy laws. The use of your information by a business partner may be subject to that party's own Privacy Notice. Unless permitted by law, we do not disclose information we collect from consumer or credit reporting agencies with our affiliates or others without your consent.

We reserve the right to transfer your Personal Information, Browsing Information, and any other information, in connection with the sale or other disposition of all or part of the FNF business and/or assets, or in the event of our bankruptcy, reorganization, insolvency, receivership or an assignment for the benefit of creditors. You expressly agree and consent to the use and/or transfer of the foregoing information in connection with any of the above described proceedings. We cannot and will not be responsible for any breach of security by a third party or for any actions of any third party that receives any of the information that is disclosed to us.

Choices With Your Information

Whether you submit Personal Information or Browsing Information to FNF is entirely up to you. If you decide not to submit Personal Information or Browsing Information, FNF may not be able to provide certain services or products to you. The uses of your Personal Information and/or Browsing Information that, by law, you cannot limit, include:

- for our everyday business purposes – to process your transactions, maintain your account(s), to respond to law enforcement or other governmental authority in connection with an investigation, or civil or criminal subpoenas or court orders, or report to credit bureaus;
- for our own marketing purposes;
- for joint marketing with financial companies; and
- for our affiliates' everyday business purposes – information about your transactions and experiences.

You may choose to prevent FNF from disclosing or using your Personal Information and/or Browsing Information under the following circumstances ("opt-out"):

- for our affiliates' everyday business purposes – information about your creditworthiness; and
- for our affiliates to market to you.

To the extent permitted above, you may opt-out of disclosure or use of your Personal Information and Browsing Information by notifying us by one of the methods at the end of this Privacy Notice. We do not share your personal information with non-affiliates for their direct marketing purposes.

For California Residents: We will not share your Personal Information and Browsing Information with nonaffiliated third parties, except as permitted by California law. Currently, our policy is that we do not recognize "do not track" requests from Internet browsers and similar devices.

For Nevada Residents: You may be placed on our internal Do Not Call List by calling (888) 934-3354 or by contacting us via the information set forth at the end of this Privacy Notice. Nevada law requires that we also provide you with the following contact information: Bureau of Consumer Protection, Office of the Nevada Attorney General, 555 E. Washington St., Suite 3900, Las Vegas, NV 89101; Phone number: (702) 486-3132; email: BCPINFO@ag.state.nv.us.

For Oregon Residents: We will not share your Personal Information and Browsing Information with nonaffiliated third parties for marketing purposes, except after you have been informed by us of such sharing and had an opportunity to indicate that you do not want a disclosure made for marketing purposes.

For Vermont Residents: We will not share your Personal Information and Browsing Information with nonaffiliated third parties, except as permitted by Vermont law, such as to process your transactions or to maintain your account. In addition, we will not share information about your creditworthiness with our affiliates except with your authorization. For joint marketing in Vermont, we will only disclose your name, contact information and information about your transactions.

Information From Children

The Website is meant for adults and is not intended or designed to attract children under the age of thirteen (13). We do not collect Personal Information from any person that we know to be under the age of thirteen (13) without permission from a parent or guardian. By using the Website, you affirm that you are over the age of 13 and will abide by the terms of this Privacy Notice.

Privacy Outside the Website

The Website may contain links to other websites. FNF is not and cannot be responsible for the privacy practices or the content of any of those other websites.

International Users

FNF's headquarters is located within the United States. If you reside outside the United States or are a citizen of the European Union, please note that we may transfer your Personal Information and/or Browsing Information outside of your country of residence or the European Union for any of the purposes described in this Privacy Notice. By providing FNF with your Personal Information and/or Browsing Information, you consent to our collection and transfer of such information in accordance with this Privacy Notice.

The California Online Privacy Protection Act

FNF Privacy Statement (Eff. 5/1/2015) Last Updated March 1, 2017

For some FNF websites, such as the Customer CareNet ("CCN"), FNF is acting as a third party service provider to a mortgage loan servicer. In those instances, we may collect certain information on behalf of that mortgage loan servicer via the website. The information which we may collect on behalf of the mortgage loan servicer is as follows:

- first and last name;
- property address;
- user name and password;
- loan number;
- social security number - masked upon entry;
- email address;
- three security questions and answers; and
- IP address.

The information you submit through the website is then transferred to your mortgage loan servicer by way of CCN. **The mortgage loan servicer is responsible for taking action or making changes to any consumer information submitted through this website. For example, if you believe that your payment or user information is incorrect, you must contact your mortgage loan servicer.**

CCN does not share consumer information with third parties, other than (1) those with which the mortgage loan servicer has contracted to interface with the CCN application, or (2) law enforcement or other governmental authority in connection with an investigation, or civil or criminal subpoenas or court orders. All sections of this Privacy Notice apply to your interaction with CCN, except for the sections titled "Choices with Your Information" and "Access and Correction." If you have questions regarding the choices you have with regard to your personal information or how to access or correct your personal information, you should contact your mortgage loan servicer.

Your Consent To This Privacy Notice

By submitting Personal Information and/or Browsing Information to FNF, you consent to the collection and use of the information by us in compliance with this Privacy Notice. Amendments to the Privacy Notice will be posted on the Website. Each time you provide information to us, or we receive information about you, following any amendment of this Privacy Notice will signify your assent to and acceptance of its revised terms for all previously collected information and information collected from you in the future. We may use comments, information or feedback that you submit to us in any manner that we may choose without notice or compensation to you.

Accessing and Correcting Information; Contact Us

If you have questions, would like to access or correct your Personal Information, or want to opt-out of information sharing with our affiliates for their marketing purposes, please send your requests to privacy@fnf.com or by mail or phone to:

Fidelity National Financial, Inc.

Notice of Available Discounts

Pursuant to Section 2355.3 in Title 10 of the California Code of Regulations Fidelity National Financial, Inc. and its subsidiaries ("FNF") must deliver a notice of each discount available under our current rate filing along with the delivery of escrow instructions, a preliminary report or commitment. Please be aware that the provision of this notice does not constitute a waiver of the consumer's right to be charged the field rate. As such, your transaction may not qualify for the below discounts.

You are encouraged to discuss the applicability of one or more of the below discounts with a Company representative. These discounts are generally described below; consult the rate manual for a full description of the terms, conditions and requirements for each discount. These discounts only apply to transaction involving services rendered by the FNF Family of Companies. This notice only applies to transactions involving property improved with a one-to-four family residential dwelling.

FNF Underwritten Title Company

CTC - Chicago Title Company

FNF Underwriter

CTIC - Chicago Title Insurance Company

Available Discounts

CREDIT FOR PRELIMINARY REPORTS AND/OR COMMITMENTS ON SUBSEQUENT POLICIES (CTIC)

Where no major change in the title has occurred since the issuance of the original report or commitment, the order may be reopened within 12 months and all or a portion of the charge previously paid for the report or commitment may be credited on a subsequent policy charge within the following time period from the date of the report.

DISASTER LOANS (CTIC)

The charge for a lender's Policy (Standard or Extended coverage) covering the financing or refinancing by an owner of record, within 24 months of the date of a declaration of a disaster area by the government of the United States or the State of California on any land located in said area, which was partially or totally destroyed in the disaster, will be 50% of the appropriate title insurance rate.

CHURCHES OR CHARITABLE NON-PROFIT ORGANIZATIONS (CTIC)

On properties used as a church or for charitable purposes within the scope of the normal activities of such entities, provided said charge is normally the church's obligation the charge for an owner's policy shall be 50% to 70% of the appropriate title insurance rate, depending on the type of coverage selected. The charge for a lender's policy shall be 40% to 50% of the appropriate title insurance rate, depending on the type of coverage selected.

EMPLOYEE RATE (CTC and CTIC)

No charge shall be made to employees (including employees on approved retirement) of the Company or its underwritten, subsidiary title companies for policies or escrow services in connection with financing, refinancing, sale or purchase of the employees' bona fide home property. Waiver of such charges is authorized only in connection with those costs which the employee would be obligated to pay, by established custom, as a party to the transaction.

ATTACHMENT ONE

CALIFORNIA LAND TITLE ASSOCIATION STANDARD COVERAGE POLICY – 1990

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy and the Company will not pay loss or damage, costs, attorneys' fees or expenses which arise by reason of:

1. (a) Any law, ordinance or governmental regulation (including but not limited to building or zoning laws, ordinances, or regulations) restricting, regulating, prohibiting or relating (i) the occupancy, use, or enjoyment of the land; (ii) the character, dimensions or location of any improvement now or hereafter erected on the land; (iii) a separation in ownership or a change in the dimensions or area of the land or any parcel of which the land is or was a part; or (iv) environmental protection, or the effect of any violation of these laws, ordinances or governmental regulations, except to the extent that a notice of the enforcement thereof or a notice of a defect, lien, or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
- (b) Any governmental police power not excluded by (a) above, except to the extent that a notice of the exercise thereof or notice of a defect, lien or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
2. Rights of eminent domain unless notice of the exercise thereof has been recorded in the public records at Date of Policy, but not excluding from coverage any taking which has occurred prior to Date of Policy which would be binding on the rights of a purchaser for value without knowledge.
3. Defects, liens, encumbrances, adverse claims or other matters:
 - (a) whether or not recorded in the public records at Date of Policy, but created, suffered, assumed or agreed to by the insured claimant;
 - (b) not known to the Company, not recorded in the public records at Date of Policy, but known to the insured claimant and not disclosed in writing to the Company by the insured claimant prior to the date the insured claimant became an insured under this policy;
 - (c) resulting in no loss or damage to the insured claimant;
 - (d) attaching or created subsequent to Date of Policy; or
 - (e) resulting in loss or damage which would not have been sustained if the insured claimant had paid value for the insured mortgage or for the estate or interest insured by this policy.
4. Unenforceability of the lien of the insured mortgage because of the inability or failure of the insured at Date of Policy, or the inability or failure of any subsequent owner of the indebtedness, to comply with the applicable doing business laws of the state in which the land is situated.
5. Invalidity or unenforceability of the lien of the insured mortgage, or claim thereof, which arises out of the transaction evidenced by the insured mortgage and is based upon usury or any consumer credit protection or truth in lending law.
6. Any claim, which arises out of the transaction vesting in the insured the estate of interest insured by this policy or the transaction creating the interest of the insured lender, by reason of the operation of federal bankruptcy, state insolvency or similar creditors' rights laws.

EXCEPTIONS FROM COVERAGE - SCHEDULE B, PART I

This policy does not insure against loss or damage (and the Company will not pay costs, attorneys' fees or expenses) which arise by reason of:

1. Taxes or assessments which are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the public records.
Proceedings by a public agency which may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the public records.
2. Any facts, rights, interests, or claims which are not shown by the public records but which could be ascertained by an inspection of the land or which may be asserted by persons in possession thereof.
3. Easements, liens or encumbrances, or claims thereof, not shown by the public records.
4. Discrepancies, conflicts in boundary lines, shortage in area, encroachments, or any other facts which a correct survey would disclose, and which are not shown by the public records.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b) or (c) are shown by the public records.
6. Any lien or right to a lien for services, labor or material not shown by the public records.

CLTA HOMEOWNER'S POLICY OF TITLE INSURANCE (12-02-13) ALTA HOMEOWNER'S POLICY OF TITLE INSURANCE

EXCLUSIONS

In addition to the Exceptions in Schedule B, You are not insured against loss, costs, attorneys' fees, and expenses resulting from:

1. Governmental police power, and the existence or violation of those portions of any law or government regulation concerning:
 - a. building;
 - b. zoning;
 - c. land use;
 - d. improvements on the Land;
 - e. land division; and
 - f. environmental protection.This Exclusion does not limit the coverage described in Covered Risk 8.a., 14, 15, 16, 18, 19, 20, 23 or 27.
2. The failure of Your existing structures, or any part of them, to be constructed in accordance with applicable building codes. This Exclusion does not limit the coverage described in Covered Risk 14 or 15.
3. The right to take the Land by condemning it. This Exclusion does not limit the coverage described in Covered Risk 17.
4. Risks:
 - a. that are created, allowed, or agreed to by You, whether or not they are recorded in the Public Records;
 - b. that are Known to You at the Policy Date, but not to Us, unless they are recorded in the Public Records at the Policy Date;

- c. that result in no loss to You; or
- d. that first occur after the Policy Date - this does not limit the coverage described in Covered Risk 7, 8.e., 25, 26, 27 or 28.
- 5. Failure to pay value for Your Title.
- 6. Lack of a right:
 - a. to any land outside the area specifically described and referred to in paragraph 3 of Schedule A; and
 - b. in streets, alleys, or waterways that touch the Land.
 This Exclusion does not limit the coverage described in Covered Risk 11 or 21.
- 7. The transfer of the Title to You is invalid as a preferential transfer or as a fraudulent transfer or conveyance under federal bankruptcy, state insolvency, or similar creditors' rights laws.
- 8. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake, or subsidence.
- 9. Negligence by a person or an Entity exercising a right to extract or develop minerals, water, or any other substances.

LIMITATIONS ON COVERED RISKS

Your insurance for the following Covered Risks is limited on the Owner's Coverage Statement as follows:

- For Covered Risk 16, 18, 19, and 21 Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.

The deductible amounts and maximum dollar limits shown on Schedule A are as follows:

	Your Deductible Amount	Our Maximum Dollar Limit of Liability
Covered Risk 16:	1.00% % of Policy Amount Shown in Schedule A or \$2,500.00 (whichever is less)	\$ 10,000.00
Covered Risk 18:	1.00% % of Policy Amount Shown in Schedule A or \$5,000.00 (whichever is less)	\$ 25,000.00
Covered Risk 19:	1.00% of Policy Amount Shown in Schedule A or \$5,000.00 (whichever is less)	\$ 25,000.00
Covered Risk 21:	1.00% of Policy Amount Shown in Schedule A or \$2,500.00 (whichever is less)	\$ 5,000.00

2006 ALTA LOAN POLICY (06-17-06)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (i) the occupancy, use, or enjoyment of the Land;
 - (ii) the character, dimensions, or location of any improvement erected on the Land;
 - (iii) the subdivision of land; or
 - (iv) environmental protection;
 or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
- (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
 - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
 - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
 - (c) resulting in no loss or damage to the Insured Claimant;
 - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 11, 13 or 14); or
 - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Insured Mortgage.
4. Unenforceability of the lien of the Insured Mortgage because of the inability or failure of an Insured to comply with applicable doing-business laws of the state where the Land is situated.
5. Invalidity or unenforceability in whole or in part of the lien of the Insured Mortgage that arises out of the transaction evidenced by the Insured Mortgage and is based upon usury or any consumer credit protection or truth-in-lending law.
6. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction creating the lien of the Insured Mortgage, is
 - (a) a fraudulent conveyance or fraudulent transfer, or
 - (b) a preferential transfer for any reason not stated in Covered Risk 13(b) of this policy.
7. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the Insured Mortgage in the Public Records. This Exclusion does not modify or limit the coverage provided under Covered Risk 11(b).

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

EXCEPTIONS FROM COVERAGE

(Except as provided in Schedule B - Part II, (t(or)his policy does not insure against loss or damage, and the Company will not pay costs, attorneys' fees or expenses, that arise by reason of:

(PART I

(The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records but that could be ascertained by an inspection of the Land or that may be asserted by persons in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records.
4. Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor or material not shown by the Public Records.

PART II

In addition to the matters set forth in Part I of this Schedule, the Title is subject to the following matters, and the Company insures against loss or damage sustained in the event that they are not subordinate to the lien of the Insured Mortgage:)

2006 ALTA OWNER'S POLICY (06-17-06)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (i) the occupancy, use, or enjoyment of the Land;
 - (ii) the character, dimensions, or location of any improvement erected on the Land;
 - (iii) the subdivision of land; or
 - (iv) environmental protection;or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
- (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
 - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
 - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
 - (c) resulting in no loss or damage to the Insured Claimant;
 - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 9 and 10); or
 - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Title.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction vesting the Title as shown in Schedule A, is
 - (a) a fraudulent conveyance or fraudulent transfer; or
 - (b) a preferential transfer for any reason not stated in Covered Risk 9 of this policy.
5. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

EXCEPTIONS FROM COVERAGE

This policy does not insure against loss or damage, and the Company will not pay costs, attorneys' fees or expenses, that arise by reason of:

(The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.

5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor or material not shown by the Public Records.
7. (Variable exceptions such as taxes, easements, CC&R's, etc. shown here.)

ALTA EXPANDED COVERAGE RESIDENTIAL LOAN POLICY (12-02-13)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy and the Company will not pay loss or damage, costs, attorneys' fees or expenses which arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (i) the occupancy, use, or enjoyment of the Land;
 - (ii) the character, dimensions, or location of any improvement erected on the Land;
 - (iii) the subdivision of land; or
 - (iv) environmental protection;or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5, 6, 13(c), 13(d), 14 or 16.
- (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 5, 6, 13(c), 13(d), 14 or 16.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
 - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
 - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
 - (c) resulting in no loss or damage to the Insured Claimant;
 - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 11, 16, 17, 18, 19, 20, 21, 22, 23, 24, 27 or 28); or
 - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Insured Mortgage.
4. Unenforceability of the lien of the Insured Mortgage because of the inability or failure of an Insured to comply with applicable doing-business laws of the state where the Land is situated.
5. Invalidity or unenforceability in whole or in part of the lien of the Insured Mortgage that arises out of the transaction evidenced by the Insured Mortgage and is based upon usury, or any consumer credit protection or truth-in-lending law. This Exclusion does not modify or limit the coverage provided in Covered Risk 26.
6. Any claim of invalidity, unenforceability or lack of priority of the lien of the Insured Mortgage as to Advances or modifications made after the Insured has Knowledge that the vestee shown in Schedule A is no longer the owner of the estate or interest covered by this policy. This Exclusion does not modify or limit the coverage provided in Covered Risk 11.
7. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching subsequent to Date of Policy. This Exclusion does not modify or limit the coverage provided in Covered Risk 11(b) or 25.
8. The failure of the residential structure, or any portion of it, to have been constructed before, on or after Date of Policy in accordance with applicable building codes. This Exclusion does not modify or limit the coverage provided in Covered Risk 5 or 6.
9. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction creating the lien of the Insured Mortgage, is
 - (a) a fraudulent conveyance or fraudulent transfer, or
 - (b) a preferential transfer for any reason not stated in Covered Risk 27(b) of this policy.
10. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake, or subsidence.
11. Negligence by a person or an Entity exercising a right to extract or develop minerals, water, or any other substances.

OWNER'S DECLARATION

The undersigned hereby declares as follows:

1. (Fill in the applicable paragraph and strike the other)
 - a. Declarant ("Owner") is the owner or lessee, as the case may be, of certain premises located at _____,
further described as follows: See Preliminary Report/Commitment No. 00078486-016-NJ-DB for full legal description (the "Land").
 - b. Declarant is the _____ of _____
("Owner"), which is the owner or lessee, as the case may be, of certain premises located at _____,
further described as follows: See Preliminary Report/Commitment No. 00078486-016-NJ-DB for full legal description (the "Land").
2. (Fill in the applicable paragraph and strike the other)
 - a. During the period of six months immediately preceding the date of this declaration no work has been done, no surveys or architectural or engineering plans have been prepared, and no materials have been furnished in connection with the erection, equipment, repair, protection or removal of any building or other structure on the Land or in connection with the improvement of the Land in any manner whatsoever.
 - b. During the period of six months immediately preceding the date of this declaration certain work has been done and materials furnished in connection with _____ upon the Land in the approximate total sum of \$_____, but no work whatever remains to be done and no materials remain to be furnished to complete the construction in full compliance with the plans and specifications, nor are there any unpaid bills incurred for labor and materials used in making such improvements or repairs upon the Land, or for the services of architects, surveyors or engineers, except as follows: _____. Owner, by the undersigned Declarant, agrees to and does hereby indemnify and hold harmless Chicago Title Company against any and all claims arising therefrom.
3. Owner has not previously conveyed the Land; is not a debtor in bankruptcy (and if a partnership, the general partner thereof is not a debtor in bankruptcy); and has not received notice of any pending court action affecting the title to the Land.
4. Except as shown in the above-referenced Preliminary Report/Commitment, there are no unpaid or unsatisfied mortgages, deeds of trust, Uniform Commercial Code financing statements, regular assessments, special assessments, periodic assessments or any assessment from any source, claims of lien, special assessments, or taxes that constitute a lien against the Land or that affect the Land but have not been recorded in the public records. There are no violations of the covenants, conditions and restrictions as shown in the above-referenced Preliminary Report/Commitment.
5. The Land is currently in use as _____; _____ occupy/occupies the Land; and the following are all of the leases or other occupancy rights affecting the Land:

6. There are no other persons or entities that assert an ownership interest in the Land, nor are there unrecorded easements, claims of easement, or boundary disputes that affect the Land.
7. There are no outstanding options to purchase or rights of first refusal affecting the Land.

This declaration is made with the intention that Chicago Title Company (the "Company") and its policy issuing agents will rely upon it in issuing their title insurance policies and endorsements. Owner, by the undersigned Declarant, agrees to indemnify the Company against loss or damage (including attorneys fees, expenses, and costs) incurred by the Company as a result of any untrue statement made herein.

I declare under penalty of perjury that the foregoing is true and correct and that this declaration was executed on ____ at _____.

This is to confirm that the OFM Hazardous Materials Division (HMD) has searched its records for any file(s) pertaining to the subject property, as described in your request, and finds no records exist for the above site description(s).

Records maintained by OFM-HMD date back to mid-1980's (1984 for some underground storage tanks). Records searched include:

- facilities with hazardous waste generator permits, hazardous materials handler permits, underground storage tank permits, universal waste permits, tiered permits, EPCRA facilities, RMP facilities, Cal ARP facilities, and/or waste recycling generators, including inactive and/or out of business records, as well as non-permitted facility actions;
- logs of permits issued for the removal, installation, and/or modification of underground storage tanks;
- records and databases pertaining to illicit dumping, spill reports and release notifications, and complaints;
- incidents responded to by the hazardous materials emergency response team;
- and sites undergoing remediation for contaminated soil and/or groundwater.

**PHASE I ENVIRONMENTAL SITE ASSESSMENT
DESERT OASIS – PHASE 3
SEC OF CIVIC DRIVE AND ROY ROGERS DRIVE
VICTORVILLE, CALIFORNIA 92394**

1.0 EXECUTIVE SUMMARY

Krazan & Associates, Inc. (Krazan) has conducted a Phase I Environmental Site Assessment (ESA) of the proposed Desert Oasis-Phase 3 site located at the southeast corner of Civic Drive and Roy Rogers Drive, in the city of Victorville, California (subject site). Krazan conducted the Phase I ESA of the subject site in conformance with the American Society for Testing and Materials (ASTM) E1527-00 *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process*. The Phase I ESA constitutes appropriate inquiry designed to identify recognized environmental conditions (RECs) in connection with the previous ownership and uses of the subject site as defined by ASTM E1527-00.

ASTM E1527-00 Section 1.1.1 *Recognized Environmental Conditions* – The term *recognized environmental conditions* means the presence or likely presence of any *hazardous substances* or *petroleum products* on a *property* under conditions that indicate an existing release, a past release, or a material threat of a release of any *hazardous substances* or *petroleum products* into structures on the *property* or into the ground, groundwater, or surface water on the *property*. The term includes *hazardous substances* or *petroleum products* even under conditions in compliance with laws. The term is not intended to include *de minimis* conditions that generally do not present a material risk of harm to public health or the environment and that generally would not be the subject of an enforcement action if brought to the attention of appropriate governmental agencies. Conditions determined to be *de minimis* are not *recognized environmental conditions*.

Krazan's findings of this Phase I ESA revealed no evidence of RECs in connection with the subject site.

2.0 PURPOSE AND SCOPE OF ASSESSMENT

2.1 Purpose

This Phase I ESA is designed to identify the presence of RECs in connection with the subject site through the research of previous and current ownership and uses of the subject site. Additionally, the purpose of the Phase I ESA is to permit the user to address one of the requirements to qualify for what is commonly known as the "innocent landowner" defense to the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) liability as described by 42 U.S.C. Section 9601 (35)(B).

2.2 Scope of Work

The Phase I ESA includes the following scope of work: a) a review of local regulatory agency records, b) a review of local, state, and federal regulatory agency lists compiled by Environmental Data Resources, Inc. (EDR), c) a review of historical aerial photographs, d) a review of pertinent building permit records e) a site reconnaissance of existing on-site conditions and observations of adjacent property uses, and f) interview(s) with person(s) knowledgeable of the previous and current ownership and uses of the subject site. The scope of work for this Phase I ESA conforms to ASTM E1527-00. Krazan was provided written authorization to conduct the Phase I ESA by CIVIC ROGERS, LLC.

3.0 SITE DESCRIPTION

General property information and property use are summarized in Table I. Refer to the Vicinity Map (Figure No. 1) located after the Reference Section.

TABLE I
Summary of Property Information

Topographic Map:	U.S. Geological Survey, 7.5 minute Victorville, California topographic quadrangle map, dated 1993.
Topography:	Relatively flat, approximately 2941 feet above mean sea level
General Location:	Southeast corner of Civic Drive and Roy Rogers Drive
Assessor's Parcel Number(s):	-----
Approximate Depth to Groundwater:	Approximately 200 feet below ground surface (bgs),
Regional Groundwater Flow Direction:	East, Northeast
Existing Use:	Vacant Land

3.1 Geology and Hydrogeology

The subject site is located in Victor Valley, which is situated in the southwestern portion of the Mojave Desert Geomorphic Province. The Mojave Desert is bound by the Tehachapi Mountains of the Sierra Nevada Geomorphic Province to the northwest and the San Gabriel and San Bernardino Mountains of the Transverse Range Geomorphic Province to the south and southwest. A major portion of the Mojave

Desert is underlain by Mesozoic granitic rocks. Quaternary alluvium covers a majority of the Victor Valley floor.

Both the Tehachapi and the San Gabriel mountain ranges are geologically young mountain ranges and possess active and potentially active fault zones. Numerous moderate to large earthquakes have affected the area of the subject site within historic time. Based on the proximity of several dominant active faults and seismogenic structures, as well as the historic seismic record, the area of the subject site is considered subject to relatively high seismicity.

4.0 SITE RECONNAISSANCE

A site reconnaissance, which included a visual observation of the subject site and surrounding properties, was conducted by Krazan's environmental assessor on December 1, 2008. Krazan's assessor was unaccompanied during the site reconnaissance. The objective of the site reconnaissance is to obtain information indicating the likelihood of identifying recognized environmental conditions, including hazardous substances and petroleum products, in connection with the property (including soils, surface waters, and groundwater).

4.1 Observations

Table II summarizes conditions encountered during our site reconnaissance. A discussion of visual observations follows Table II. Refer to the Site Map (Figure No. 2) and color photographs following the text for the locations of items discussed in this section of the report.

TABLE II
Summary of Site Reconnaissance

Feature	Observed	Not Observed
Structures (existing)		X
Evidence of past uses (foundations, debris)		X
Hazardous substances and/or petroleum products (including containers)		X
Aboveground storage tanks (ASTs)		X
Underground storage tanks (USTs) or evidence of USTs		X
Evidence of Underground Pipelines		X
Strong, pungent, or noxious odors		X
Pools of liquid likely to be hazardous materials or petroleum products		X
Drums		X
Unidentified substance containers		X
Potential polychlorinated biphenyl (PCB) containing equipment		X
Subsurface hydraulic equipment		X
Heating/ventilation/air conditioning (HVAC)		X
Stains or corrosion on floors, walls, or ceilings		X
Floor drains and sumps		X
Storm Drains		X
Pits, ponds, or lagoons		X

Stained soil and/or pavement		x
Soil Piles	x	
Stressed vegetation		x
Waste or wastewater discharges to surface or surface waters on subject site (including stormwater)		x
Wells (irrigation, domestic, dry, injection, abandoned, monitoring wells)		x
Septic Systems		x

The subject site has recently been graded to establish relatively flat building pads. A soil stockpile is located roughly in the center of the subject site. Refer to Figure No. 2, Site Map for locations of additional site features.

During the visual observations of the subject site, no hazardous materials/waste were observed. Exposed surface soils did not exhibit obvious signs of discoloration. No obvious evidence (vent pipes, fill pipes, dispensers, etc.) of USTs was noted within the areas observed. No standing water or major depressions were observed on the subject site. No indications of former structures, such as foundations, were observed on the subject site.

4.2 Adjacent Streets and Property Usage

Table III summarizes the current adjacent roads and adjacent property uses observed during the site reconnaissance.

TABLE III
Adjacent Streets and Property Use

Direction	Adjacent Street	Adjacent Property Use
North	None	New Retail Construction and Auto Dealerships Beyond
South	Roy Rogers Drive	Retail Shopping Center and Vacant Land
West	Civic Drive	Vacant. Retail Beyond
East	Interstate 15	Retail Shopping Center Beyond

Based on the observed uses of the properties located immediately adjacent to the subject site, it is unlikely that significant quantities of hazardous materials are stored at the immediately adjacent properties. It is likely, however, that quantities of hazardous materials are stored at the property located northwest of the subject site, beyond Roy Rogers Drive.

4.3 Asbestos-Containing Building Materials

No former structures were located on the subject site. Therefore, asbestos-containing building materials (ACBMs) are not considered an on-site environmental concern at this time.

4.4 Lead-Based Paint

No former structures were located on the subject site. Therefore, lead based paints are not considered an on-site environmental concern at this time.

4.5 Radon

Although the DHS radon survey was conducted in residences and not in commercial properties, the radon concentrations in the geographical region of the subject site average is below 4 pCi/l, therefore, no evidence was reviewed to indicate that elevated concentrations of radon gas currently would adversely impact the subject site. However, a Radon Survey was not included with the scope of work for this assessment. Consequently, in order to determine the concentrations of potential radon gas at the subject site, a Radon Survey could be conducted following the redevelopment of the subject site.

4.6 Potable Water Source

Krazan's research indicates that no potable water has been historically supplied to the subject site. However, the water purveyor for the subject site vicinity is the City of Victorville. Water quality monitoring is an on-going program with water samples obtained on a regular basis. It is the responsibility of the local purveyor to provide customers with potable water in compliance with the California State Maximum Contaminant Levels (MCLs) for primary drinking water constituents in water supplied to the public.

4.7 Sewage Disposal System

Krazan's research indicates that no sewage disposal systems have historically serviced the subject site.

5.0 SITE USAGE SURVEY

The property usage survey included assessing property history, and reviewing local, state, and federal regulatory agency records.

5.1 Site History

A review of previous environmental assessments, historical aerial photographs, contacts with the City/County Building Department, Sanborn Fire Insurance Maps (SFIMs), and a Phase I ESA interview(s) were conducted to assess the history of the subject site.

Aerial Photograph Interpretation

Historical aerial photographs dated 1953, 1968, 1980, 1989, 1994, 2002, and 2005 were reviewed to assess the history of the subject site. These photographs were obtained from the Environmental Data Resources, Inc., (EDR), Fairchild Aerial Photograph Collection. Aerial photograph coverage for the years prior to 1953 was not reasonably ascertainable or available. The aerial photograph summary is provided below in Table IV.

TABLE IV
Summary of Aerial Photograph Review

Year/Scale	Site Use	Site and Adjacent Property Observation
1953 1" = 555'	Undeveloped	The subject site is undeveloped. The adjacent properties and surrounding areas appear to be undeveloped as well.
1968 1" = 555'	Undeveloped	The subject site is undeveloped. The adjacent properties remain undeveloped and vacant as well. It appears as though isolated residential development has taken place
1980 1" = 600'	Undeveloped.	The subject site remains in similar condition as previous photo.
1989 1" = 666'	Undeveloped	The subject site remains in similar condition as previous photo. Residential construction appears to have taken place inn the surrounding area.
1994 1" = 666'	Undeveloped	The subject site remains undeveloped and in a similar condition to the previous photos. Roy Rogers Drive has been constructed along with access roads to Interstate 15.
2002 1" = 1,350'	Undeveloped	The subject site remains undeveloped. Development has taken place north of the subject site, beyond Roy Rogers Drive.
2005 1" = 666'	Undeveloped	The subject site remains undeveloped. Rough grading of the southern adjacent site appears to have taken place along with development of the parcels beyond to the south.

Building Department

On December 1, 2008, the local building department was visited to obtain previous building permit records for the subject site. According to representatives of the building department, permits are filed by street address; however, a street address has not been assigned to the subject site. Therefore, no permits for items such as underground storage tanks, septic systems, building, demolition, or previous structures are on file for the subject site.

On November 28, 2008, Krazan contracted with EDR to provide copies of available SFIMs for the subject site and the adjacent properties as far back as 1867. EDR's search of SFIMs revealed no coverage for the subject site and the adjacent properties. Refer to Appendix A for a copy of the EDR SFIM *Unmapped Property Report*.

5.2 Agricultural Chemicals

Review of historical aerial photographs reveals that the subject site has not been used for agricultural purposes. As a result, it is not anticipated that elevated concentrations of environmentally persistent pesticides/herbicides would be found in the near-surface soils of the subject site. It is not known if environmentally persistent pesticides have been applied to the subject site in the past. Generally, Krazan's sampling and analysis of surface soils from properties with similar histories has typically yielded non-

detectable results for analysis of environmentally persistent pesticides/herbicides. Therefore, the potential for elevated concentrations of environmentally persistent pesticides/herbicides to exist in the near-surface soils of the subject site, which would require regulatory action, is low.

5.3 Regulatory Agency Interface

A review of regulatory agency records was conducted to help determine if hazardous materials have been handled, stored, or generated on the subject site and/or the adjacent properties and businesses.

Regulatory records are reviewed based on the following criteria: 1) properties with known groundwater contamination that are located within 500 feet of the subject site; 2) properties that are adjacent or in proximity to the subject site included within the EDR report or noted during the site reconnaissance to possibly handle, store, or generate hazardous materials. Applicable property records are discussed below.

San Bernardino County Department of Environmental Health Services

On December 1, 2008 the San Bernardino County Department of Environmental Health Services (SBCDEHS) was contacted regarding potential records associated with USTs, leaking underground storage tanks (LUSTs), hazardous materials business plans (HMBPs) for the subject site and the adjacent properties. According to a representative of the SBCDEHS, no records of USTs/HMBPs/LUST are on file with the SBCDEHS for the subject site and/or the immediately adjacent properties.

California Regional Water Quality Control Board

Krazan's December 1, 2008 review of the California Regional Water Quality Control Board (RWQCB) Geotracker leaking underground fuel tank (LUFT) database available via the RWQCB Internet Website indicated that no record of LUFTs are on file with the RWQCB for the subject site or the adjacent properties.

California Environmental Protection Agency, Department of Toxic Substances Control

Krazan's December 1, 2008 review of the California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) Envirostor California cleanup sites database available via the DTSC Internet Website which tracks federal superfund sites, state response sites, voluntary cleanup sites, and school cleanup sites, indicated that no records of cleanup sites are on file with the DTSC for the subject site, the adjacent properties, or properties located within one mile of the subject site.

5.4 Regulatory Agency Lists Review

Several agencies have published documents that list businesses or properties which have handled hazardous materials or waste or may have experienced site contamination. The lists consulted in the course of our assessment were compiled by EDR and Krazan on December 2, 2008, and represent reasonably ascertainable current listings. Krazan did not verify the locations and distances of every property listed by EDR. Krazan verified the location and distances of the properties Krazan deemed as having the potential to adversely impact the subject site. The actual location of the listed properties may differ from the EDR listing. Table V summarizes the listed properties located within the ASTM Search Radii. The actual distances of the listed properties (which are summarized in Table V) are based on observations during Krazan's site reconnaissance. No EDR-listed unmapped (orphan) sites were determined to be located on or adjacent to the subject site. The EDR Radius Map report is included in Appendix B.

TABLE V
Listed Properties

EDR Radius Map Summary						
Database	Type of Records	Subject Site	<1/8 Mile	1/8 to 1/4 Mile	1/4 to 1/2 Mile	1/2 to 1 Mile

— = Not Searched

The subject site was not listed in the EDR-provided government database report. No sites with reported releases of hazardous materials to the subsurface were reported within a one-mile radius of the subject site.

6.0 DISCUSSION OF FINDINGS

Historical Uses:

Based on Krazan's review of historical aerial photographs, a site reconnaissance, and contacts with the local regulatory agencies and the owner of the subject site, there is no evidence that recognized environmental conditions exist in connection with the historical uses of the subject site.

Current Uses:

Based on Krazan's site reconnaissance, contacts with local regulatory agencies, and an interview with the owner of the subject site, there is no evidence that recognized environmental conditions exist in connection with the current uses of the subject site.

Adjacent Properties:

Based on Krazan's field observations, review of the EDR Radius Map report and consultation with local regulatory agencies, there is no evidence that recognized environmental conditions exist in connection with the subject site from adjacent property uses.

Data Failure:

Aerial photograph coverage for the years prior to 1953 was not reasonably ascertainable or available. However, there is no evidence that the absence of aerial photograph coverage prior to 1953 would alter Krazan's conclusions of this Phase I ESA report.

7.0 CONCLUSIONS/OPINIONS

We have conducted a Phase I ESA of the subject site in conformance with the scope and limitations of the ASTM E1527-00 *Standard Practice for Environmental Site Assessments: Phase I Environmental Site Assessment Process*. Any deviations from this practice were previously described in this report. This assessment has revealed no evidence of recognized environmental conditions in connection with the subject site. Based on the information presented in this report, no further investigation is required.

8.0 LIMITATIONS

The site reconnaissance and research of the subject site has been limited in scope. This type of assessment is undertaken with the calculated risk that the presence, full nature, and extent of contamination would not be revealed by visual observation alone. Although a thorough site reconnaissance was conducted in accordance with ASTM Guidelines and employing a professional standard of care, no warranty is given, either expressed or implied, that hazardous material contamination or buried structures, which would not have been disclosed through this investigation, do not exist at the subject site. Therefore, the data obtained are clear and accurate only to the degree implied by the sources and methods used.

The findings presented in this report were based upon field observations during a single property visit, review of available data, and discussions with local regulatory and advisory agencies. Observations describe only the conditions present at the time of this investigation. The data reviewed and observations made are limited to accessible areas and currently available records searched. Krazan cannot guarantee the completeness or accuracy of the regulatory agency records reviewed. Additionally, in evaluating the property, Krazan has relied in good faith upon representations and information provided by individuals noted in the report with respect to present operations and existing property conditions, and the historical uses of the property. It must also be understood that changing circumstances in the property usage, proposed property usage, subject site zoning, and changes in the environmental status of the other nearby properties can alter the validity of conclusions and information contained in this report. Therefore, the data obtained are clear and accurate only to the degree implied by the sources and methods used.

This report is provided for the exclusive use of the client noted on the cover page and shall be subject to the terms and conditions in the applicable contract between the client and Krazan. Any third party use of this report, including use by Client's lender, shall also be subject to the terms and conditions governing the work in the contract between the client and Krazan. The unauthorized use of, reliance on, or release of the information contained in this report without the express written consent of Krazan is strictly prohibited and will be without risk or liability to Krazan.

Conclusions and recommendations contained in this report are based on the evaluation of information made available during the course of this assessment. It is not warranted that such data cannot be superseded by future environmental, legal, geotechnical or technical developments. Consequently, given the possibility for unanticipated hazardous conditions to exist on a subject site which may not have been discovered, this Phase I ESA is not intended as the basis for a buyer or developer of real property to

waive their rights of recovery based upon environmental unknowns. Parties that choose to waive rights of recovery prior to site development do so at their own risk.

Parties who seek to rely upon Phase I Environmental Site Assessment reports dated more than 180 days prior to the date of reliance do so at their own risk. This limitation in reliance is based on the potential for physical changes at the site, changes in circumstances, technological and professional advances, and guidance related to prior assessment usage and the continued viability of Environmental Site Assessment reports as stated in the ASTM Standard E 1527-00.

9.0 QUALIFICATIONS

This Phase I ESA was conducted by Krazan's undersigned environmental assessor under the supervision of the undersigned registered environmental professional. The work was conducted in accordance with ASTM 1527-00, generally accepted industry standards for environmental due diligence in place at the time of the preparation of this report and Krazan's quality-control policies.

If you have any questions or if we can be of further assistance, please do not hesitate to contact our office at (951) 694-0601.

Respectfully submitted,
KRAZAN & ASSOCIATES, INC.

EDR Aerial Photo Decade Package

Environmental Data Resources, Inc. (EDR) Aerial Photo Decade Package is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDRs professional researchers provide digitally reproduced historical aerial photographs, and when available, provide one photo per decade.

When delivered electronically by EDR, the aerial photo images included with this report are for ONE TIME USE ONLY. Further reproduction of these aerial photo images is prohibited without permission from EDR. For more information contact your EDR Account Executive.

Thank you for your business.
Please contact EDR at 1-800-352-0050
with any questions or comments.

UNMAPPED PROPERTY

This report certifies that the complete holdings of the Sanborn Library, LLC collection have been searched based on client supplied target property information, and fire insurance maps covering the target property were not found.

The Sanborn Library includes more than 1.2 million Sanborn fire insurance maps, which track historical property usage in approximately 12,000 American cities and towns. Collections searched:

- ☒ Library of Congress
- ☒ University Publications of America
- ☒ EDR Private Collection

Total Maps: 0

Limited Permission To Make Copies

Krazan & Associates, Inc. (the client) is permitted to make up to THREE photocopies of this Sanborn Map transmittal and each fire insurance map accompanying this report solely for the limited use of its customer. No one other than the client is authorized to make copies. Upon request made directly to an EDR Account Executive, the client may be permitted to make a limited number of additional photocopies. This permission is conditioned upon compliance by the client, its customer and their agents with EDR's copyright policy; a copy of which is available upon request.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-05) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property. Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

FEDERAL RECORDS

RCRA-SQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

A review of the RCRA-SQG list, as provided by EDR, and dated 09/10/2008 has revealed that there is 1 RCRA-SQG site within approximately 0.25 miles of the target property.

Hazardous Waste Summary:

Waste code: D000
Waste name: Not Defined

Waste code: D001
Waste name: IGNITABLE HAZARDOUS WASTES ARE THOSE WASTES WHICH HAVE A FLASHPOINT OF LESS THAN 140 DEGREES FAHRENHEIT AS DETERMINED BY A PENSLEY-MARTENS CLOSED CUP FLASH POINT TESTER. ANOTHER METHOD OF DETERMINING THE FLASH POINT OF A WASTE IS TO REVIEW THE MATERIAL SAFETY DATA SHEET, WHICH CAN BE OBTAINED FROM THE MANUFACTURER OR DISTRIBUTOR OF THE MATERIAL. LACQUER THINNER IS AN EXAMPLE OF A COMMONLY USED SOLVENT WHICH WOULD BE CONSIDERED AS IGNITABLE HAZARDOUS WASTE.

Waste code: D018
Waste name: BENZENE

Violation Status: No violations found

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

FEDERAL RECORDS

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Date of Government Version: 09/29/2008	Source: EPA
Date Data Arrived at EDR: 10/10/2008	Telephone: N/A
Date Made Active in Reports: 11/19/2008	Last EDR Contact: 09/29/2008
Number of Days to Update: 40	Next Scheduled EDR Contact: 01/26/2009
	Data Release Frequency: Quarterly

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Date of Government Version: 09/29/2008	Source: EPA
Date Data Arrived at EDR: 10/10/2008	Telephone: N/A

Number of Days to Update: 40	Next Scheduled EDR Contact: 01/26/2009
	Data Release Frequency: Quarterly

DELISTED NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

Date of Government Version: 10/15/1991	Source: EPA
Date Data Arrived at EDR: 02/02/1994	Telephone: 202-564-4267
Date Made Active in Reports: 03/30/1994	Last EDR Contact: 11/17/2008
Number of Days to Update: 56	Next Scheduled EDR Contact: 02/16/2009
	Data Release Frequency: No Update Planned

CERCLIS: Comprehensive Environmental Response, Compensation, and Liability Information System

CERCLIS contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). CERCLIS contains sites which are either proposed to or on the National Priorities List (NPL) and sites which are in the screening and assessment phase for possible inclusion on the NPL.

Date of Government Version: 07/09/2008	Source: EPA
Date Data Arrived at EDR: 07/22/2008	Telephone: 703-412-9810
Date Made Active in Reports: 08/25/2008	Last EDR Contact: 10/16/2008
Number of Days to Update: 34	Next Scheduled EDR Contact: 01/12/2009
	Data Release Frequency: Quarterly

CERCLIS-NFRAP: CERCLIS No Further Remedial Action Planned

Archived sites are sites that have been removed and archived from the inventory of CERCLIS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list this site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. This decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be a potential NPL site.

Date of Government Version: 12/03/2007	Source: EPA
Date Data Arrived at EDR: 12/06/2007	Telephone: 703-412-9810

Number of Days to Update: 76	Next Scheduled EDR Contact: 12/15/2008
	Data Release Frequency: Quarterly

LIENS 2: CERCLA Lien Information

A Federal CERCLA ("Superfund") lien can exist by operation of law at any site or property at which EPA has spent Superfund monies. These monies are spent to investigate and address releases and threatened releases of contamination. CERCLIS provides information as to the identity of these sites and properties.

RCRA-TSDF: RCRA - Transporters, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

RCRA-SQG: RCRA - Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

Date of Government Version: 09/10/2008

Data Release Frequency: Quarterly

RCRA-CESQG: RCRA - Conditionally Exempt Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Conditionally exempt small quantity generators (CESQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

Date of Government Version: 09/10/2008
Date Data Arrived at EDR: 09/23/2008

CDL: Clandestine Drug Labs

A listing of clandestine drug lab locations. The U.S. Department of Justice ("the Department") provides this web site as a public service. It contains addresses of some locations where law enforcement agencies reported they found chemicals or other items that indicated the presence of either clandestine drug laboratories or dumpsites. In most cases, the source of the entries is not the Department, and the Department has not verified the entry and does not guarantee its accuracy. Members of the public must verify the accuracy of all entries by, for example, contacting local law enforcement and local health departments.

US BROWNFIELDS: A Listing of Brownfields Sites

Included in the listing are brownfields properties addresses by Cooperative Agreement Recipients and brownfields properties addressed by Targeted Brownfields Assessments. Targeted Brownfields Assessments-EPA's Targeted Brownfields Assessments (TBA) program is designed to help states, tribes, and municipalities-especially those without EPA Brownfields Assessment Demonstration Pilots-minimize the uncertainties of contamination often associated with brownfields. Under the TBA program, EPA provides funding and/or technical assistance for environmental assessments at brownfields sites throughout the country. Targeted Brownfields Assessments supplement and work with other efforts under EPA's Brownfields Initiative to promote cleanup and redevelopment of brownfields. Cooperative Agreement Recipients-States, political subdivisions, territories, and Indian tribes become Brownfields Cleanup Revolving Loan Fund (BCRLF) cooperative agreement recipients when they enter into BCRLF cooperative agreements with the U.S. EPA. EPA selects BCRLF cooperative agreement recipients based on a proposal and application process. BCRLF cooperative agreement recipients must use EPA funds provided through BCRLF cooperative agreement for specified brownfields-related cleanup activities.

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

Date of Government Version: 04/17/1995	Source: EPA
Date Data Arrived at EDR: 07/03/1995	Telephone: 202-564-4104

DEED: Deed Restriction Listing

Site Mitigation and Brownfields Reuse Program Facility Sites with Deed Restrictions & Hazardous Waste Management Program Facility Sites with Deed / Land Use Restriction. The DTSC Site Mitigation and Brownfields Reuse Program (SMBRP) list includes sites cleaned up under the program's oversight and generally does not include current or former hazardous waste facilities that required a hazardous waste facility permit. The list represents deed restrictions that are active. Some sites have multiple deed restrictions. The DTSC Hazardous Waste Management Program (HWMP) has developed a list of current or former hazardous waste facilities that have a recorded land use restriction at the local county recorder's office. The land use restrictions on this list were required by the DTSC HWMP as a result of the presence of hazardous substances that remain on site after the facility (or part of the facility) has been closed or cleaned up. The types of land use restriction include deed notice, deed restriction, or a land use restriction that binds current and future owners.

Date of Government Version: 09/30/2008

HAZNET: Facility and Manifest Data

Facility and Manifest Data. The data is extracted from the copies of hazardous waste manifests received each year by the DTSC. The annual volume of manifests is typically 700,000 - 1,000,000 annually, representing approximately 350,000 - 500,000 shipments. Data are from the manifests submitted without correction, and therefore many contain some invalid values for data elements such as generator ID, TSD ID, waste category, and disposal method.

ENVIROSTOR: EnviroStor Database

The Department of Toxic Substances Control's (DTSC's) Site Mitigation and Brownfields Reuse Program's (SMBRP's) EnviroStor database identifies sites that have known contamination or sites for which there may be reasons to investigate further. The database includes the following site types: Federal Superfund sites (National Priorities List (NPL)); State Response, including Military Facilities and State Superfund; Voluntary Cleanup; and School sites. EnviroStor provides similar information to the information that was available in CalSites, and provides additional site information, including, but not limited to, identification of formerly-contaminated properties that have been released for reuse, properties where environmental deed restrictions have been recorded to prevent inappropriate land uses, and risk characterization information that is used to assess potential impacts to public health and the environment at contaminated sites.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

EDR PROPRIETARY RECORDS

Manufactured Gas Plants: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

CT MANIFEST: Hazardous Waste Manifest Data

Facility and manifest data. Manifest is a document that lists and tracks hazardous waste from the generator through transporters to a tsd facility.

Data Release Frequency: Annually

Oil/Gas Pipelines: This data was obtained by EDR from the USGS in 1994. It is referred to by USGS as GeoData Digital Line Graphs from 1:100,000-Scale Maps. It was extracted from the transportation category including some oil, but primarily gas pipelines.

Electric Power Transmission Line Data

Source: PennWell Corporation

Telephone: (800) 823-6277

This map includes information copyrighted by PennWell Corporation. This information is provided on a best effort basis and PennWell Corporation does not guarantee its accuracy nor warrant its fitness for any particular purpose. Such information has been reprinted with the permission of PennWell.

Sensitive Receptors: There are individuals deemed sensitive receptors due to their fragile immune systems and special sensitivity to environmental discharges. These sensitive receptors typically include the elderly, the sick, and children. While the location of all sensitive receptors cannot be determined, EDR indicates those buildings and facilities - schools, daycares, hospitals, medical centers, and nursing homes - where individuals who are sensitive receptors are likely to be located.

AHA Hospitals:

Source: American Hospital Association, Inc.

Telephone: 312-280-5991

The database includes a listing of hospitals based on the American Hospital Association's annual survey of hospitals.

Medical Centers: Provider of Services Listing

Source: Centers for Medicare & Medicaid Services

Telephone: 410-786-3000

A listing of hospitals with Medicare provider number, produced by Centers of Medicare & Medicaid Services, a federal agency within the U.S. Department of Health and Human Services.

Nursing Homes

Source: National Institutes of Health

Telephone: 301-594-6248

Information on Medicare and Medicaid certified nursing homes in the United States.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

Public Schools

Source: National Center for Education Statistics

Telephone: 202-502-7300

The National Center for Education Statistics' primary database on elementary and secondary public education in the United States. It is a comprehensive, annual, national statistical database of all public elementary and secondary schools and school districts, which contains data that are comparable across all states.

Private Schools

Source: National Center for Education Statistics

Telephone: 202-502-7300

The National Center for Education Statistics' primary database on private school locations in the United States.

Daycare Centers: Licensed Facilities

Source: Department of Social Services

Telephone: 916-657-4041

Flood Zone Data: This data, available in select counties across the country, was obtained by EDR in 1999 from the Federal Emergency Management Agency (FEMA). Data depicts 100-year and 500-year flood zones as defined by FEMA.

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002 and 2005 from the U.S. Fish and Wildlife Service.

Scanned Digital USGS 7.5' Topographic Map (DRG)

Source: United States Geologic Survey

A digital raster graphic (DRG) is a scanned image of a U.S. Geological Survey topographic map. The map images are made by scanning published paper maps on high-resolution scanners. The raster image is georeferenced and fit to the Universal Transverse Mercator (UTM) projection.

UTM Y (Meters):	3819758.2
Elevation:	2941 ft. above sea level

USGS TOPOGRAPHIC MAP

Target Property Map:	34117-E3 VICTORVILLE, CA
Most Recent Revision:	1993

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General NNE

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Site-Specific Hydrogeological Data:*

Search Radius: 1.25 miles
Status: Not found

AQUIFLOW®

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

<u>MAP ID</u>	<u>LOCATION</u> <u>FROM TP</u>	<u>GENERAL DIRECTION</u> <u>GROUNDWATER FLOW</u>
Not Reported		

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

Soil Map ID: 1

Soil Component Name: HELENDALE

Soil Surface Texture:

Hydrologic Group:

Class B - Moderate infiltration rates. Deep and moderately deep, moderately well and well drained soils with moderately coarse textures.

Soil Drainage Class:

Well drained

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min:

> 0 inches

Depth to Watertable Min:

> 0 inches

Soil Layer Information							
Layer	Boundary		Soil Texture Class	Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
	Upper	Lower		AASHTO Group	Unified Soil		
1	0 inches	3 inches		Not reported	Not reported	Max: 141 Min: 42	Max: 8.4 Min: 7.4
2	3 inches	29 inches		Not reported	Not reported	Max: 141 Min: 42	Max: 8.4 Min: 7.4
3	29 inches	66 inches		Not reported	Not reported	Max: 141 Min: 42	Max: 8.4 Min: 7.4
4	66 inches	98 inches		Not reported	Not reported	Max: 141 Min: 42	Max: 8.4 Min: 7.4

Soil Map ID: 2

Soil Component Name:

CAVE

Soil Surface Texture:

Hydrologic Group:

Class D - Very slow infiltration rates. Soils are clayey, have a high water table, or are shallow to an impervious layer.

Soil Drainage Class:

Well drained

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: High

Dec latlong datum:	NAD83	District:	06
State:	06	County:	071
Country:	US	Land net:	Not Reported
Location map:	VICTORVILLE SE	Map scale:	Not Reported
Altitude:	2941		
Altitude method:	Interpolated from topographic map		
Altitude accuracy:	10		
Altitude datum:	National Geodetic Vertical Datum of 1929		
Hydrologic:	Mojave, California. Area = 4580 sq.mi.		
Topographic:	Alluvial or marine terrace		
Site type:	Ground-water other than Spring	Date construction:	1950
Date inventoried:	19570320	Mean greenwich time offset:	PST
Local standard time flag:	Y		
Type of ground water site:	Single well, other than collector or Ranney type		
Aquifer Type:	Not Reported		
Aquifer:	Not Reported		
Well depth:	Not Reported	Hole depth:	Not Reported
Source of depth data:	Not Reported		
Project number:	Not Reported		
Real time data flag:	0	Daily flow data begin date:	0000-00-00
Daily flow data end date:	0000-00-00	Daily flow data count:	0
Peak flow data begin date:	0000-00-00	Peak flow data end date:	0000-00-00
Peak flow data count:	0	Water quality data begin date:	0000-00-00
Water quality data end date:	0000-00-00	Water quality data count:	0
Ground water data begin date:	1957-03-20	Ground water data end date:	1957-03-20
Ground water data count:	1		

Ground-water levels, Number of Measurements: 1

Water System Information:

Prime Station Code:	05N/04W-19J01 S	User ID:	TAN
FRDS Number:	3610052007	County:	San Bernardino
District Number:	13	Station Type:	WELL/AMBNT/MUN/INTAKE/SUPPLY
Water Type:	Well/Groundwater	Well Status:	Active Raw
Source Lat/Long:	343100.0 1172000.0	Precision:	Undefined
Source Name:	WELL 09		
System Number:	3610052		
System Name:	VICTOR VALLEY WATER DISTRICT		

Organization That Operates System:

17185 Yuma Street
Victorville, CA 92392

Pop Served:	49000	Connections:	16352
Area Served:	VICTORVILLE		
Sample Collected:	10/22/2007 00:00:00	Findings:	6.2 UG/L
Chemical:	ARSENIC		
Sample Collected:	07/23/2007 00:00:00	Findings:	200 US
Chemical:	SPECIFIC CONDUCTANCE

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)

Source: United States Geologic Survey

EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Scanned Digital USGS 7.5' Topographic Map (DRG)

Source: United States Geologic Survey

A digital raster graphic (DRG) is a scanned image of a U.S. Geological Survey topographic map. The map images are made by scanning published paper maps on high-resolution scanners. The raster image is georeferenced and fit to the Universal Transverse Mercator (UTM) projection.

HYDROLOGIC INFORMATION

Flood Zone Data: This data, available in select counties across the country, was obtained by EDR in 1999 from the Federal Emergency Management Agency (FEMA). Data depicts 100-year and 500-year flood zones as defined by FEMA.

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002 and 2005 from the U.S. Fish and Wildlife Service.

HYDROGEOLOGIC INFORMATION

AQUIFLOW^R Information System

Source: EDR proprietary database of groundwater flow information

EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

STATSGO: State Soil Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Services

The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Services (NRCS)

Telephone: 800-672-5559

SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Services, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

RE: Reliance Letter
Phase I Environmental Site Assessment
Desert Oasis – Phase 3
SEC Intersection of
Civic Drive and Roy Rogers Drive
Victorville, California

Dear Ms. Wesley,

In accordance with your request, Krazan & Associates, Inc. (Krazan) hereby authorizes Civic Rogers, LLC and Bank of America to rely upon the referenced report as though Krazan issued it directly to Civic Rogers, LLC and Bank of America on the above-noted date. Such authorization is, however, expressly conditioned upon Civic Rogers, LLC and Bank of America acceptance of the terms, conditions, and limitations contained in Krazan's Proposal/Cost Estimate/Agreement submitted to and agreed upon by its client the Civic Rogers, LLC for the performance of said Phase I Environmental Site Assessment. No parties other than those named herein are entitled to rely upon the referenced report without first obtaining the express written consent of Krazan, and no party named herein is entitled to assign its right to rely on such report to a third party without the express written consent of Krazan.

If you have any questions or if we can be of further assistance, please do not hesitate to contact our office at (951) 694-0601.

Respectfully submitted,
KRAZAN & ASSOCIATES, INC.

EXECUTIVE SUMMARY

Focused sensitive wildlife surveys were conducted on a parcel located in Victorville, California to evaluate the site for the presence of sensitive wildlife species. This report covers the following species, which have been documented in the general region, or which may occur in the area, according to California Department of Fish and Game (CDFG) and U.S. Fish and Wildlife Service (USFWS). Surveys for these species were conducted as per survey guidelines established by CDFG and USFWS.

- Desert tortoise (*Gopherus agassizii*) (Threatened, CDFG and USFWS)
- Mohave ground squirrel (*Spermophilus mohavensis*) (Threatened, CDFG; USFWS species of special concern species)
- Burrowing owl (*Athene cunicularia*) (CDFG special concern species)
- Sharp-shinned hawk (*Accipiter striatus*) (CDFG special concern species)
- Loggerhead shrike (*Lanius ludovicianus*) (CDFG special concern species)

Two potential burrowing owl burrows were identified on the site and owl sign (i.e., whitewash) was noted at one of the burrows. Based on the presence of owl sign, additional surveys (e.g., breeding season surveys and pre-construction surveys) will be required prior to ground disturbance.

Desert tortoise habitat is located about seven miles to the north, and Mohave ground squirrels have historically occurred in the region. A more recent observation (1980) was recorded about three miles to the north (CNDDDB, 2006). However, based on the disturbed habitat conditions and the location of the property within a developed portion of the City, the site does not appear to support populations of the Mohave ground squirrel. Although, there are no documented observations of sharp-shinned hawks and logger-head shrikes in the region (CNDDDB, 2006), CDFG does require these species to be addressed as part of most biological surveys in the High Desert.

This biological report is valid for one year from the date of the survey as per CDFG and USFWS requirements, except for the burrowing owl. The survey results for the owl are valid for 30-days from the date of the survey.

PROJECT AND PROPERTY DESCRIPTION

The property site is approximately 11.86-acres in size and is located south of Roy Rogers Drive, and east of Civic Drive in the City of Victorville, California (T5N, R4W, Section 17) (Figures 1, 2, and 3, Appendix A). The elevation ranges from about 2,930 to 2,940 feet, MSL. The soils consisted primarily of disturbed, sandy-alluvials with some gravelly loam soils present. Temperatures during the February 21, 2008 survey ranged from the mid 50's (°F) to mid 60's (°F) (PM), with wind speeds of 5-10 mph, and 80 percent cloud coverage. The property is surrounded by commercial property and the Mojave Freeway borders the east side of the site.

The legal description is as follows:

THE NORTHEAST ¼ OF THE NORTHEAST ¼ OF THE SOUTHWEST ¼ OF
SECTION 17, TOWNSHIP 5 NORTH, RANGE 4 WEST IN THE COTY OF
VICTORVILLE, SAN BERNARDINO COUNTY, STATE OF CALIFORNIA.

FOCUSED STUDY/SPECIES OF CONCERN

This report covers five sensitive wildlife species including:

- Desert tortoise
- Mohave ground squirrel
- Burrowing owl
- Sharp-shinned hawk
- Loggerhead shrike

According to the California Natural Diversity Data Base (CNDDB, 2006) the nearest documented occupied tortoise habitat is about seven miles north of the property (CNDDB, 2006). Mohave ground squirrels also occur in the region and historic observations have been documented within one mile northeast of the site. The most recent observation recorded was in 1980 and is about three miles north of the site (CNDDB, 2006). Two burrowing owl burrows were documented on the site and one burrow appears to be inhabited due to the presence of owl whitewash at the entrance to the burrow. Several active owl colonies have been documented in the area within 0.5 miles of the property (CNDDB, 2006). There are no documented observations of the sharp-shinned hawk and loggerhead shrike in the region; however, these species could potentially occur in the area given their mobility.

METHODOLOGIES

Desert Tortoise: The site was surveyed from about 1500 hours to 1830 hours on February 21, 2008 using the standard survey protocol. The survey protocol for tortoises requires 10 meter, parallel transects in order to provide total coverage of a site. Weather conditions consisted of temperatures in the mid 50's to 60's (PM), wind speeds of 5-10 mph, and about 80 percent cloud coverage. Surveys were not conducted in the zone of influence (i.e., surrounding area) (ZOI) due to the presence of a shopping center, car dealership, houses, and Interstate 15. Field notes were recorded regarding native plant assemblages on the site, and the presence or absence of suitable tortoise foraging habitat was identified.

The survey was performed during a time of year (February) when tortoises are inactive; however, a search by a qualified biologist will reveal evidence of the presence or absence of tortoises on a site and in the surrounding area. A survey combined with identification of the habitat on and surrounding a property will further reveal the status of the tortoise on a site and give a good indication of the potential for future use of the site by tortoises. See Appendix B for general information on the desert tortoise.

Mohave ground squirrel: Mohave ground squirrels are inactive above ground during the winter months; therefore, the site was evaluated for the presence of vegetation communities commonly associated with Mohave ground squirrels. In addition, a background database search was performed using the CNDDDB (2006) Rarefind 3 along with supplemental data sources. Although, CDFG now typically requires live-trapping surveys to definitively determine the presence or absence of the squirrel, the presence or absence of suitable vegetation, habitat conditions, and the location of existing populations in relation to the site do provide some indication whether a property is likely to be inhabited by the species. See Appendix B for background information on the Mohave ground squirrel.

Burrowing Owl: During the preliminary evaluation (Phase I evaluation), it was determined that suitable habitat was present on the site for the burrowing owl. Therefore, a focused survey (Phase II survey) was performed on the site to determine the presence/absence of the species, as well as the presence/absence of suitable burrows. CDFG survey protocol requires surveys to be performed from two hours before sunset to one hour after sunset, or from one hour before sunrise to two hours after sunrise. Therefore, surveys were conducted at sunset on February 21, 2008 from about 1600 hours to about 1830 hours during which meandering transects were walked throughout the property until the entire site had been surveyed for owls.

Survey protocol requires that the centerlines of transects be no more than 30 meters apart to allow for 100 percent visual coverage. Surveys in areas surrounding the site are also required as per CDFG protocol; however, existing developments, Interstate 15, etc.

prevented surveys from being conducted in the ZOI. While conducting the on-site surveys, emphasis was placed on evaluating any burrows (e.g., coyote, fox, ground squirrel, etc.) since burrowing owls typically utilize burrows which have been dug by other animals.

Sharp-shinned Hawk and Loggerhead Shrike: There are no established survey protocols for these species; therefore, surveys were conducted in conjunction with those surveys performed for the desert tortoise and burrowing owl. The sharp-shinned hawk occurs primarily in mixed woodland habitats, whereas, Loggerhead shrikes typically occur in open desert scrub habitats.

GENERAL BIOLOGICAL SURVEY RESULTS

Descriptions of the vegetation and wildlife which occur on the site are provided below, and field notes are also provided in Appendix A.

Vegetation: The site has been disturbed as a result of past activities and currently supports a creosote bush community (Figure 3). Dominant perennials included creosote bush (*Larrea tridentata*), burrobrush (*Franseria dumosa*), ephedra (*Ephedra nevadensis*), Russian thistle (*Salosola tragus*), and Cooper's boxthorn (*Lycium cooperii*). Other perennials noted included cheesebush (*Hymnoclea salsola*), cholla (*Oppuntia sp.*), saltbush (*Atriplex canescens*), and paperbag plant (*Salazaria mexicana*) (Figure 3). Erodium (*Erodium sp.*), and fiddleneck (*Amsinckia tessellata*) were the only annuals identified.

General Wildlife: A jackrabbit (*Lepus californicus*) and California ground squirrels (*Spermophilus beecheyi*) were observed during the surveys and other mammals which may occur in the area include cotton-tail rabbits (*Sylvilagus auduboni*), antelope ground squirrels (*Ammospermophilus leucurus*), Merriam's kangaroo rats (*Dipodomys merriami*), and deer mice (*Peromyscus maniculatus*). Birds observed during the February surveys were limited to ravens (*Corvus corax*), sage sparrows (*Amphispiza belli*), song sparrow (*Melospiza melodia*), American robin (*Turdus migrartorius*), and mourning dove (*Zenaida macroura*). Reptiles such as side blotched lizards (*Uta stansburiana*), western whiptails (*Cnemidophorus tigris*), and desert spiny lizards (*Sceloporus magister*) are common in the area and may inhabit the site; although, none of these species were observed due to the time of year (February).

RARE, ENDANGERED OR SENSITIVE SPECIES AND HABITAT RESULTS

Note: The results of the surveys for the following species do not constitute authorization for the incidental take of any sensitive species discussed in this report. Only CDFG and USFWS can grant authorization for the take of any listed species.

Desert Tortoise: The habitat has been disturbed by past human activities and does not support populations of the desert tortoise (Figure 3 and Table 1, Appendix A). Occupied tortoise habitat does exist about seven miles to the north; however, there is a very low probability that tortoises would move into the area based on the presence of houses, shopping center, car dealership, and Interstate 15 in the immediate surrounding area. The survey conducted on the site is valid for one year from the date of survey as per USFWS and CDFG requirements.

Mohave Ground Squirrel: Based on the current disturbed habitat conditions, the absence of any recent observations in the area, and the numerous residential and commercial developments which surround the site, it is the opinion of RCA Associates that the site does not support populations of the Mohave ground squirrel. The survey results are valid for one year from the date of the survey.

Burrowing Owl: No burrowing owls were observed during the surveys, however, two occupiable burrows (i.e., abandoned coyote/fox burrows) were seen on the site. In addition, owl sign (i.e., whitewash) was noted at the entrance to one of the burrows indicating the presence of owls. The burrowing owl survey is valid for 30 days from the date of the survey as per CDFG survey guidelines.

Sharp-shinned Hawk and Loggerhead Shrike: Sharp-shinned hawks and loggerhead shrikes were not observed during the surveys, and there are no documented sightings of these species within the area surrounding the site (CNDDDB 2006). The sharp-skinned hawk occurs primarily in mixed woodland habitats, and loggerhead shrikes typically occur in open desert communities. Based on the absence of suitable habitat for the sharp-shinned hawk, this species is not expected to occur on the site; although, the shrike may occasionally utilize the property during foraging. The survey results are valid for one year from the date of the survey.

IMPACTS AND RECOMMENDATIONS

Desert Tortoise: The proposed project is not expected to impact the species given the absence of any tortoise sign on the site. In addition, the property is surrounded by existing residential and commercial developments, and is bordered on the east by Interstate 15 which reduces the likelihood of the species moving onto the site in the future. No additional surveys are recommended for this species at this time; however, if the species is observed during future development activities construction should cease immediately, and CDFG and USFWS should be contacted to discuss mitigations which may be required.

Mohave Ground Squirrel: Based on the existing habitat conditions and the presence of existing residential and commercial developments in the immediate area which limit migration of the species into the area, it is the opinion of RCA Associates that the site does not support populations of the Mohave ground squirrel. Future development activities are not expected to impact the species, and no additional surveys or mitigations are recommended.

Burrowing Owl: Owl sign was noted indicating the presence of the species on the site; therefore, the proposed development will impact the species. CDFG will require additional surveys be conducted (i.e., breeding season surveys and pre-construction survey) prior to site development to document the exact number of owls which are utilizing the site. CDFG may also require implementation of various mitigations measures to compensate for the impacts (see next section).

Sharp-shinned hawk and Loggerhead Shrike: Neither of these birds were seen during the surveys, and the proposed project is not expected to have any adverse impact on these birds. However, if either species is observed in the future, CDFG should be contacted to discuss applicable mitigation measures.

POTENTIAL MITIGATIONS MEASURES

As noted above, the site currently supports burrowing owls, and CDFG will require implementation of various mitigation measures. Potential mitigation measures are outlined below; however, CDFG should be contacted to discuss site-specific measures which should be implemented.

1. As compensation for the direct loss of burrowing owl nesting and foraging habitat, the project proponent shall mitigate by acquiring and permanently protecting known burrowing owl nesting and foraging habitat at the following ratio;

a) Replacement of occupied habitat with occupied habitat at 1.5 times 6.5 acres per pair or single bird;

b) Replacement of occupied habitat with habitat contiguous with occupied habitat at 2 times 6.5 acres per pair or single bird; and/or

c) Replacement of occupied habitat with suitable unoccupied habitat at 3 times 6.5 acres per pair or single bird.

The project proponent shall establish a non-wasting endowment account for the long-term management of the preservation site for burrowing owls. The site shall be managed for the benefit of burrowing owls. The preservation site, site management, and endowment shall be approved by the Department.

2. All owls associated with occupied burrows, that will be directly impacted (temporarily or permanently) by the project, shall be relocated and the following measures shall be implemented to avoid take of owls:

a) Occupied burrows shall not be disturbed during the nesting season of February 1 through August 31, unless a qualified biologist can verify through non-invasive methods that either the owls have not begun egg laying and incubation or that juveniles from the occupied burrows are foraging independently and are capable of independent flight.

b) Owls must be relocated by a qualified biologist from any occupied burrows that will be impacted by project activities. Suitable habitat must be available adjacent to or near the disturbance site or artificial burrows will need to be provided nearby. Once the biologist has confirmed that the owls have left the burrow, burrows should be excavated using hand tools and refilled to prevent reoccupation.

c) All relocation shall be approved by the Department. The permitted biologist shall monitor the relocated owls a minimum of three days per week for a minimum of three

weeks. A report summarizing the results of the relocation and monitoring shall be submitted to the Department within 30 days following completion of the relocation and monitoring of the owls.

3. A Burrowing Owl Mitigation and Monitoring Plan shall be submitted to the Department for review and approval prior to relocation of owls. The Burrowing Owl Mitigation and Monitoring Plan shall describe proposed relocation and monitoring plans. The plan shall include the number and location of occupied burrow sites and details on adjacent or nearby suitable habitat available to owls for relocation. If no suitable habitat is available nearby for relocation, details regarding the creation of artificial burrows (numbers, location, and type of burrows) shall also be included in the plan. The Plan shall also describe proposed off-site areas to preserve to compensate for impacts to burrowing owls/occupied burrows at the project site as required under Condition 1.

If any other sensitive species are observed on the site in the future, CDFG and USFWS (as applicable) should be contacted to discuss specific mitigation measures which may be required for the individual species.

APPENDIX B
BACKGROUND DATA

BACKGROUND INFORMATION

Desert Tortoise

The desert tortoise is the largest reptile in the arid southwest United States. It historically occupied a range that included a variety of desert communities in southeastern California, southern Nevada, western and southern Arizona, southwestern Utah, and through Sonora and northern Sinaloa, Mexico. Today populations are largely fragmented and studies indicate a steady and dramatic decline over most of its former range. Additionally, because tortoises have long been prized as pets, collecting of wild tortoises has further reduced the population. Wildlife biologists estimate that between 1880 and 1970, five to eight million tortoises were taken from the desert by collectors.

Recently, a highly contagious respiratory disease has infected tortoise populations, primarily in the western Mojave Desert region. While the disease seems to be most widespread in the western Mojave, cases have been documented in numerous widely scattered areas throughout the wider Mojave range of the tortoise. In one area of the western Mojave, the infection rate among individual tortoises increased from 9 to 52 percent based on surveys conducted between 1988 and 1989. Isolated cases are believed to have the potential to cause widespread infection over a short time period.

Given the continued habitat loss and the rapid decline in numbers of tortoises brought about by the disease, the U.S. Fish and Wildlife Service exercised its emergency authority and determined tortoise populations north and west of the Colorado River to be an endangered species under the Endangered Species Act of 1973, as amended. The emergency rule was published in the Federal Register on August 4, 1989, and remained in effect until April 1, 1990. On April 2, 1990, the U.S. Fish and Wildlife Service officially listed the desert tortoise as a threatened species under the Endangered Species Act of 1973, as amended.

Mohave Ground Squirrel

The Mohave ground squirrel has been listed by the California Department of Fish and Game as a threatened species, thereby giving the animal protection under the California Endangered Species Act. The species is known to occur in the western Mohave Desert in portions of four counties including Inyo, Kern, San Bernardino, and Los Angeles (Clark, D 1991).

The distribution of the Mohave ground squirrel is quite limited as compared to the distribution of other ground squirrel species (Hall, R. 1981 in Clark, D 1991). The Mohave ground squirrel is found in several habitat types throughout the Mojave Desert including creosote bush scrub, saltbush scrub, and Joshua tree woodland communities. Degradation and destruction of the species' habitat and isolation of individual populations appear to be the primary factors in the species' decline (Clark, D. 1991).

Burrowing Owl

The burrowing owl is a year-long resident of open, dry grassland and desert habitats. The species was formerly common throughout central and southern California; however, the species has seen a significant reduction over the last few decades due to development activities; farming activities, predation by dogs and cats, and habitat destruction (Zeiner 1990). Conversions of grassland and desert habitats to agricultural fields and residential developments have contributed to the greatest amount of habitat destruction in recent decades. The reduction in population levels was noted as early as the 1940s. Burrowing owls primarily prey upon insects; although, small mammals, lizards, birds, and carrion make up a portion of the owl's diet (Zeiner 1990). Burrowing owls typically utilize abandoned rodent burrows for roosting and nesting.

Sharp-shinned Hawk

The sharp-shinned hawk is a somewhat common migrant and winter resident throughout California and is found in some areas of the Mohave Desert where suitable habitat is present (CFG 1990). The species typically occurs in dense stands of trees relatively close to open areas. It breeds in ponderosa pine forest and in riparian woodlands, and often forages at the edges of woodlands, hedgerows, brushy pastures and shorelines where migrating birds are found. Typically it uses all types of habitats during the winter except for alpine, open prairies, and bare desert areas (CFG 1990).

Loggerhead Shrike

The loggerhead shrike is a relatively common and winter resident throughout California where it occurs in open areas with scattered shrubs and trees (CFG 1990). It does not occur in heavily urbanized areas, but does occur occasionally in croplands (CFG 1990). In California, it breeds from March to May and nests in the dense foliage of shrubs or trees.

Notes: ADDRESS MUST BE POSTED ON PROPERTY

Contract Conditions:

- The Applicant, as owner or authorized agent for the owner, hereby requests Southwest Gas Corporation ("the Company") to install its natural gas pipeline facilities to and upon the aforementioned premises, in accordance with the provisions of its Rules as filed with the California Public Utilities Commission ("Commission") having jurisdiction over the Company's operations, and hereby grants to the Company such rights of ingress and egress as may be necessary or convenient to enable the Company to install, operate, inspect, maintain, repair and remove meters, gauges, pipelines, fittings and regulators and all other equipment and apparatus which the Company may elect to install for the purpose of furnishing natural gas service to the aforementioned premises or adjoining premises, or to make a survey of the number and type of appliances and equipment installed on the aforesaid premises. No permanent obstructions will be placed over the pipeline.
- The Applicant agrees to install and utilize the natural gas appliances and/or equipment indicated above. The justification of any applicable allowance granted the Applicant is based on the usage of the installed appliances and/or equipment (indicated above). If the appliances and/or equipment (indicated above) for natural gas service are not installed and utilized for residential service within six months or for nonresidential service within three years, the Company may bill the Applicant for the cost of the Applicant's natural gas service and/or main line installation.
- This Contract shall at all times be subject to such changes or modifications by the Commission as said Commission may from time to time direct in the exercise of its jurisdiction.
- The Applicant agrees to grant or otherwise provide to the Company, at no cost to the Company, easements and/or rights of way which are adequate, in the opinion of the Company, for the location, installation, operation, maintenance and removal of the subject pipeline facilities. When required, the Company will submit the appropriate easement and/or right of way forms to the owner for signature.

I have been informed by the Company of the applicant installation and design options whereby the installation and/or design of natural gas pipeline facilities could be performed by a qualified contractor of my choice in accordance with the Company's design, specifications and requirements.

(Check one:)

- ☒ I have elected to have the Company perform the installation. I hereby authorize the installation of natural gas pipeline facilities and agree to pay any cost of installation in excess of the allowable investment of the Company as defined in its filed rules and regulations.
- ☐ I have elected the applicant installation option.

(Check one:)

- ☒ I have elected to have the Company design the installation.
- ☐ I have elected the applicant design option.

STATEMENT OF REQUIRED IMPROVEMENTS

PURSUANT TO CITY OF VICTORVILLE MUNICIPAL CODE AND THE CONDITIONS OF APPROVAL OF THE TENTATIVE MAP OF THIS SUBDIVISION, IMPROVEMENTS ARE TO BE INSTALLED BY THE SUBDIVIDER OR ANY SUCCESSOR IN INTEREST OF ANY PARCELS TO BE CREATED BY THIS SUBDIVISION. IN ACCORDANCE WITH THE PROVISIONS OF SECTIONS 66411.1 OF THE SUBDIVISION MAP ACT, THE FULFILLMENT OF THE CONSTRUCTION REQUIREMENTS SHALL NOT BE REQUIRED UNTIL THE TIME A PERMIT OR OTHER GRANT OF APPROVAL FOR DEVELOPMENT OF ANY OR ALL PARCELS CREATED BY THIS SUBDIVISION IS ISSUED BY THE CITY OF VICTORVILLE. ALL SUCH IMPROVEMENTS SHALL BE CONSTRUCTED AT THE EXPENSE OF THE SUBDIVIDER OR SUCCESSOR IN INTEREST. THE IMPROVEMENTS SHALL INCLUDE BUT ARE NOT LIMITED TO, THE FOLLOWING:

- (1) STREET GRADING, INSTALLATION OF CURBS, GUTTERS, SIDEWALKS, DRIVEWAY APPROACHES, PROVISIONS FOR DRAINAGE AND CONSTRUCTION OF DRAINAGE STRUCTURES NECESSARY TO THE PROPER USE AND DRAINAGE OF THE STREETS AND/OR TO THE PUBLIC SAFETY, CONVENIENCE AND PROTECTION OF PROPERTY;
- (2) PAVING OF STREETS, PATHS AND ALLEYS AS REQUIRED;
- (3) PROVISION FOR A WATER SYSTEM WITH MAINS OF SUFFICIENT SIZE AND HAVING A SUFFICIENT NUMBER OF OUTLETS TO FURNISH ADEQUATE POTABLE WATER SUPPLY TO EACH LOT OF THE SUBDIVISION IN ACCORDANCE WITH THE STANDARD SPECIFICATION FOR PUBLIC IMPROVEMENTS OF THE CITY WITH SUFFICIENT FIRE HYDRANTS, GATED CONNECTIONS AND APPURTENANCES TO PROVIDE ADEQUATE FIRE PROTECTION IN ACCORDANCE WITH THE STANDARD SPECIFICATIONS;
- (4) SANITARY SEWER FACILITIES AND CONNECTIONS FOR EACH LOT TO A SEWAGE SYSTEM APPROVED BY THE CITY ENGINEER AND TO THE EXTENT IT IS ENGINEERINGLY AND ECONOMICALLY FEASIBLE AS DETERMINED BY THE PLANNING COMMISSION;
- (5) AN APPROVED TYPE OF STREET LIGHTING SYSTEM;
- (6) INSTALLATION OF STREET SIGNS AS REQUIRED;
- (7) INSTALLATION OF ELECTRIC, NATURAL GAS, TELEPHONE, AND COMMUNICATIONS UTILITY SERVICE FACILITIES TO EACH LOT WITHIN THE SUBDIVISION;
- (8) ARRANGEMENTS FOR THE INSTALLATION OF ANY LINES AND/OR OTHER EQUIPMENT NECESSARY TO EXTEND CABLE TELEVISION SERVICE FOR EVERY CATV FRANCHISE AUTHORIZED BY THE CITY TO SERVE THE SUBDIVISION TO EACH RESIDENTIAL PARCEL IN THE SUBDIVISION PURSUANT TO THE PROVISIONS OF SECTION 17.64.030 (b) OF THE VICTORVILLE MUNICIPAL CODE.
- (9) SUBDIVIDER SHALL RELOCATE OR CAUSE TO BE RELOCATED ALL EXISTING UTILITY FACILITIES REQUIRED TO BE RELOCATED AS A RESULT OF THE CONSTRUCTION OF IMPROVEMENTS SET FORTH IN ALL REQUIRED IMPROVEMENTS.
- (10) THOSE IMPROVEMENTS LISTED IN THE CONDITIONS OF APPROVAL FOR TENTATIVE PARCEL MAP NO. 19004 PER CITY OF VICTORVILLE PLANNING COMMISSION RESOLUTION NO. P-08-082 GRANTING PARCEL MAP PLAN08-00057.

ASTM E1527-13
Phase I Environmental Site Assessment
User Questionnaire

INTRODUCTION

In order to qualify for one of the *Landowner Liability Protections (LLPs)*¹ offered by the Small Business Liability Relief and Brownfields Revitalization Act of 2001 (the “*Brownfields Amendments*”),² the *user* must conduct the following inquiries required by 40 CFR 312.25, 312.28, 312.29, 312.30, and 312.31. These inquiries must also be conducted by EPA Brownfield Assessment and Characterization grantees. The *user* should provide the following information to the *environmental professional*. Failure to conduct these inquiries could result in a determination that “*all appropriate inquiries*” is not complete.

(1.) Environmental liens that are filed or recorded against the *property* (40 CFR 312.25).

Did a search of *recorded land title records* (or judicial records where appropriate, see *Note 1* below) identify any environmental liens filed or recorded against the *property* under federal, tribal, state or local law? CarMax has pulled land title record and is performing an analysis of all liens.

Note 1—In certain jurisdictions, federal, tribal, state, or local statutes, or regulations specify that environmental liens and AULs be filed in judicial records rather than in land title records. In such cases judicial records must be searched for environmental liens and AULs.

(2.) Activity and use limitations that are in place on the *property* or that have been filed or recorded against the *property* (40 CFR 312.26(a)(1)(v) and vi)).

Did a search of *recorded land title records* (or judicial records where appropriate, see *Note 1* above) identify any AULs, such as *engineering controls*, land use restrictions or *institutional controls* that are in place at the *property* and/or have been filed or recorded against the *property* under federal, tribal, state or local law? I am not aware of any.

(3.) Specialized knowledge or experience of the person seeking to qualify for the LLP (40 CFR 312.28).

Do you have any specialized knowledge or experience related to the *property* or nearby properties? For example, are you involved in the same line of business as the current or former *occupants* of the *property* or an *adjoining property* so that you would have specialized knowledge of the chemicals and processes used by this type of business? I have no specialize knowledge.

¹ *Landowner Liability Protections*, or *LLPs*, is the term used to describe the three types of potential defenses to Superfund liability in EPA's *Interim Guidance Regarding Criteria Landowners Must Meet in Order to Qualify for Bona Fide Prospective Purchaser, Contiguous Property Owner, or Innocent Landowner Limitations on CERCLA Liability* (“*Common Elements*” Guide) issued on March 6, 2003.

² P.L. 107-118.

(4.) Relationship of the purchase price to the fair market value of the *property* if it were not contaminated (40 CFR 312.29).

Does the purchase price being paid for this *property* reasonably reflect the fair market value of the *property*? If you conclude that there is a difference, have you considered whether the lower purchase price is because contamination is known or believed to be present at the *property*?

Yes, price reflects fair value

(5.) Commonly known or *reasonably ascertainable* information about the *property* (40 CFR 312.30).

Are you aware of commonly known or *reasonably ascertainable* information about the *property* that would help the *environmental professional* to identify conditions indicative of releases or threatened releases? I have no knowledge.

For example,

(a.) Do you know the past uses of the *property*? Vacant / residential and perhaps agricultural years ago.

(b.) Do you know of specific chemicals that are present or once were present at the *property*?
no

(c.) Do you know of spills or other chemical releases that have taken place at the *property*?
no

(d.) Do you know of any environmental cleanups that have taken place at the *property*?
no

(6.) The degree of obviousness of the presence or likely presence of contamination at the *property*, and the ability to detect the contamination by appropriate investigation (40 CFR 312.31).

Based on your knowledge and experience related to the *property* are there any *obvious* indicators that point to the presence or likely presence of releases at the *property*? none

ASTM E1527-13
Phase I Environmental Site Assessment
User Questionnaire

In addition, certain information should be collected, if available, and provided to the *environmental professional* conducting the *Phase I Environmental Site Assessment*. This information is intended to assist the *environmental professional*, but is not necessarily required to qualify for one of the *LLPs*. The information includes:

- (a) the reason why the Phase I is being performed,
- (b) the type of *property* and type of *property* transaction, for example, sale, purchase, exchange, etc.,
- (c) the complete and correct address for the *property* (a map or other documentation showing *property* location and boundaries is helpful),
- (d) the scope of services desired for the Phase I ESA (including whether any parties to the *property* transaction may have a required standard scope of services or whether any considerations beyond the requirements of Practice E1527 are to be considered),
- (e) identification of all parties who will rely on the Phase I *report* ,
- (f) identification of the site contact and how the contact can be reached,
- (g) any special terms and conditions which must be agreed upon by the *environmental professional*, and
- (h) any other knowledge or experience with the *property* that may be pertinent to the *environmental professional* (for example, copies of any available prior *environmental site assessment reports*, documents, correspondence, etc., concerning the *property* and its environmental condition).

The *USER QUESTIONNAIRE* was completed by:

The Sanborn Library has been searched by EDR and maps covering the target property location as provided by Kleinfelder, Inc. were identified for the years listed below. The Sanborn Library is the largest, most complete collection of fire insurance maps. The collection includes maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow, and others. Only Environmental Data Resources Inc. (EDR) is authorized to grant rights for commercial reproduction of maps by the Sanborn Library LLC, the copyright holder for the collection. Results can be authenticated by visiting www.edrnet.com/sanborn.

The Sanborn Library is continually enhanced with newly identified map archives. This report accesses all maps in the collection as of the day this report was generated.

Environmental Data Resources, Inc. (EDR) Aerial Photo Decade Package is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's professional researchers provide digitally reproduced historical aerial photographs, and when available, provide one photo per decade.

EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.'s (EDR) City Directory Report is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Report includes a search of available city directory data at 5 year intervals.

RECORD SOURCES

EDR's Digital Archive combines historical directory listings from sources such as Cole Information and Dun & Bradstreet. These standard sources of property information complement and enhance each other to provide a more comprehensive report.

EDR is licensed to reproduce certain City Directory works by the copyright holders of those works. The purchaser of this EDR City Directory Report may include it in report(s) delivered to a customer. Reproduction of City Directories without permission of the publisher or licensed vendor may be a violation of copyright.

EDR BUILDING PERMIT REPORT

About This Report

The EDR Building Permit Report provides a practical and efficient method to search building department records for indications of environmental conditions. Generated via a search of municipal building permit records gathered from more than 1,600 cities nationwide, this report will assist you in meeting the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-13), or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

Building permit data can be used to identify current and/or former operations and structures/features of environmental concern. The data can provide information on a target property and adjoining properties such as the presence of underground storage tanks, pump islands, sumps, drywells, etc., as well as information regarding water, sewer, natural gas, electrical connection dates, and current/former septic tanks.

ASTM and EPA Requirements

ASTM E 1527-13 lists building department records as a "standard historical source," as detailed in § 8.3.4.7: "Building Department Records - The term building department records means those records of the local government in which the property is located indicating permission of the local government to construct, alter, or demolish improvements on the property." ASTM also states that "Uses in the area surrounding the property shall be identified in the report, but this task is required only to the extent that this information is revealed in the course of researching the property itself."

EPA's Standards and Practices for All Appropriate Inquiries (AAI) states: "§312.24: Reviews of historical sources of information. (a) Historical documents and records must be reviewed for the purposes of achieving the objectives and performance factors of §312.20(e) and (f). Historical documents and records may include, but are not limited to, aerial photographs, fire insurance maps, building department records, chain of title documents, and land use records."

Methodology

EDR has developed the EDR Building Permit Report through our partnership with BuildFax, the nation's largest repository of building department records. BuildFax collects, updates, and manages building department records from local municipal governments. The database now includes 30 million permits, on more than 10 million properties across 1,600 cities in the United States.

The EDR Building Permit Report comprises local municipal building permit records, gathered directly from local jurisdictions, including both target property and adjoining properties. Years of coverage vary by municipality. Data reported includes (where available): date of permit, permit type, permit number, status, valuation, contractor company, contractor name, and description.

Incoming permit data is checked at seven stages in a regimented quality control process, from initial data source interview, to data preparation, through final auditing. To ensure the building department is accurate, each of the seven quality control stages contains, on average, 15 additional quality checks, resulting in a process of approximately 105 quality control "touch points."

For more information about the EDR Building Permit Report, please contact your EDR Account Executive at (800) 352-0050.

EXECUTIVE SUMMARY: SEARCH DOCUMENTATION

A search of building department records was conducted by Environmental Data Resources, Inc (EDR) on behalf of Kleinfelder, Inc. on May 01, 2018.

TARGET PROPERTY

Civic Drive / Roy Rogers Drive
Victorville, CA 92394

SEARCH METHODS

EDR searches available lists for both the Target Property and Surrounding Properties.

RESEARCH SUMMARY

Building permits identified: **YES**

The following research sources were consulted in the preparation of this report. An "X" indicates where information was identified in the source and provided in this report.

GLOSSARY

General Building Department concepts

- **ICC:** The International Code Council. The governing body for the building/development codes used by all jurisdictions who've adopted the ICC guidelines. MOST of the US has done this. Canada, Mexico, and other countries use ICC codes books and guides as well. There are a few states who have added guidelines to the ICC codes to better fit their needs. For example, California has added seismic retrofit requirements for most commercial structures.
- **Building Department (Permitting Authority, Building Codes, Inspections Department, Building and Inspections):** This is the department in a jurisdiction where an owner or contractor goes to obtain permits and inspections for building, tearing down, remodeling, adding to, re-roofing, moving or otherwise making changes to any structure, Residential or Commercial.
- **Jurisdiction:** This is the geographic area representing the properties over which a Permitting Authority has responsibility.
- **GC:** General Contractor. Usually the primary contractor hired for any Residential or Commercial construction work.
- **Sub:** Subordinate contracting companies or subcontractors. Usually a "trades" contractor working for the GC. These contractors generally have an area of expertise in which they are licensed like Plumbing, Electrical, Heating and Air systems, Gas Systems, Pools etc. (called "trades").
- **Journeyman:** Sub contractors who have their own personal licenses in one or more trades and work for different contracting companies, wherever they are needed or there is work.
- **HVAC (Mechanical, Heating & Air companies):** HVAC = Heating, Ventilation, and Air Conditioning.
- **ELEC (Electrical, TempPole, TPole, TPower, Temporary Power, Panel, AMP Change, Power Release):** Electrical permits can be pulled for many reasons. The most common reason is to increase the AMPs of power in an electrical power panel. This requires a permit in almost every jurisdiction. Other common reasons for Electrical permits is to insert a temporary power pole at a new construction site. Construction requires electricity, and in a new development, power has yet to be run to the lot. The temporary power pole is usually the very first permit pulled for new development. The power is released to the home owner when construction is complete and this sometimes takes the form of a Power Release permit or inspection.
- **"Pull" a permit:** To obtain and pay for a building permit.
- **CBO:** Chief Building Official
- **Planning Department:** The department in the development process where the building /structural plans are reviewed for their completeness and compliance with building codes
- **Zoning Department:** The department in the development process where the site plans are reviewed for their compliance with the regulations associated with the zoning district in which they are situated.
- **Zoning District:** A pre-determined geographic boundary within a jurisdiction where certain types of structures are permitted / prohibited. Examples are Residential structure, Commercial/Retail structures, Industrial/Manufacturing structures etc. Each zoning district has regulations associated with it like the sizes of the lots, the density of the structures on the lots, the number of parking spaces required for certain types of structures on the lots etc.
- **PIN (TMS, GIS ID, Parcel#):** Property Identification Number and Tax Map System number.
- **State Card (Business license):** A license card issued to a contractor to conduct business.
- **Building Inspector (Inspector):** The inspector is a building department employee that inspects building construction for compliance to codes.
- **C.O.:** Certificate of Occupancy. This is the end of the construction process and designates that the owners now have permission to occupy a structure after its building is complete. Sometimes also referred to as a Certificate of Compliance.

GLOSSARY

Permit Content Definitions

- Permit Number: The alphanumeric designation assigned to a permit for tracking within the building department system. Sometimes the permit number gives clues to its role, e.g. a "PL" prefix may designate a plumbing permit.
- Description: A field on the permit form that allows the building department to give a brief description of the work being done. More often than not, this is the most important field for EP's to find clues to the prior use(s) of the property.
- Permit Type: Generally a brief designation of the type of job being done. For example BLDG-RES, BLDG-COM, ELEC, MECH etc.

Sample Building Permit Data

Date: Nov 09, 2000
Permit Type: Bldg -
New Permit Number: 101000000405
Status: Valuation: \$1,000,000.00
Contractor Company: OWNER-BUILDER
Contractor Name:

Description: New one store retail (SAV-ON) with drive-thru pharmacy. Certificate of Occupancy.
