PRESENT LAND USE/ZONING/GENERAL PLAN USE DESIGNATION:

Present Land Use: Vacant (former dairy farm)/General Plan Designation: Rural Residential/Zoning: (OS) Open Space

PROJECT DESCRIPTION (please use a separate page if necessary)

The proposed project includes 2 up-to-140-foot-deep, 400-gallon-per-minute wells and a centralized disinfection facility and a booster pump station. The raw water piping would be routed from the wells to a centralized disinfection facility located approximately 300 feet from each well site. The centralized disinfection facility would be in undeveloped land southeast of former dairy/cattle yard remnants on the project site. A new booster pump station would convey treated water into EVMWD's Temescal Valley Pipeline. The Temescal Valley Pipeline is a transmission pipeline in Temescal Canyon Road, which runs adjacent to the project site.

Reviewing Agencies Checklist		Appendix C	
KEY: S = Document sent by lead agency X = Document sent by SCH			
<i>Lead Agencies may recommend State Clearinghouse distribution by marking agencies below:</i>
