Project Description: (please use a separate page if necessary)

The proposed Project is the implementation of the Interim Recreation and Resource Management Plan for the Irvine Ranch Open Space 2014 Donation. The improvements are intended to identify and improve trails that currently exist and have existed in the past (historical) for permitted recreational uses including hiking, mountain biking, and horseback riding. Existing gravel lots and historical parking areas will be used for public staging areas. They would be improved to provide Americans with Disabilities Act parking, portable toilets, and picnic areas. Signage indicating relative information or regulation, access, park boundaries, and public health and safety will be replaced and/or added to the site. Existing and historical trails will be cleared of overgrown vegetation and includes minimal vegetation restoration.

Note: The State Clearinghouse will assign identification numbers for all new projects. If a SCH number already exists for a project (e.g. Notice of Preparation or previous draft document) please fill in.
