SUBJECT: Filing of Notice of Determination pursuant to Public Resources Code section 21108 State Clearinghouse Number: 2015102005

Project Title: Koenig Water Diversion and Stream Crossings Project (Lake or Streambed Alteration Agreement No. 1600-2018-0119-R1)

Project Location: The project to be completed is located within the Mattole River watershed, approximately 11.5 air miles northwest of the town of Garberville, County of Humboldt, State of California. The project is located in Section 36, T03S, R01E and Section 31, T03S, R02E; Humboldt Base and Meridian; in the Honeydew U.S. Geological Survey 7.5minute quadrangle; Assessor's Parcel Numbers 108-011-026 and 221-171-029; latitude 40.15515 N and longitude 124.00718 W at the point of diversion.

Project Description: The project is limited to five encroachments (Table 1). Two encroachments are for water diversions from wells immediately adjacent to the Mattole River. Water is diverted for domestic use and irrigation. Work for the water diversion will include use and maintenance of the water diversion infrastructure. Permittee agrees to construct an offchannel water storage reservoir sufficient to supply all irrigation needs on the property and to obtain a Small Irrigation Registration from the State Water Resources Control Board to operate the reservoir. Anticipated completion of the reservoir project is Summer 2020. Until the reservoir is operational, Permittee will limit its diversions to 2018 levels or lower and will limit total diversion rate to 10 gallons per minute. The three other proposed encroachments are to maintain existing stream crossings or upgrade failing and undersized culverts. Work for these encroachments will include excavation, removal of the failing culverts, replacement with new properly sized culverts, backfilling and compaction of fill, and rock armoring as necessary to minimize erosion.

This is to advise that CDFW, acting as \square the Lead Agency / \boxtimes a Responsible Agency approved the above described proj sec

	and has made the following determinations regarding the project pursuant to California Code of Regulations 15096, subdivision (i):
1.	The project will not have a significant effect on the environment. This determination is limited to effects within CDFW's permitting jurisdiction as a Responsible Agency.
2.	A Mitigated negative declaration / negative declaration was prepared for this project pursuant to the provisions of CEQA.
	CDFW considered the \boxtimes mitigated negative declaration / \square negative declaration prepared by the Lead Agency for this project pursuant to California Code of Regulations section 15096, subdivision (f).
3.	Mitigation measures ⊠ were / ☐ were not made a condition of CDFW's approval of the project.
4.	A mitigation reporting or monitoring plan \square was / \boxtimes was not adopted by CDFW for this project.
5.	A Statement of Overriding Considerations was not adopted by CDFW for this project.
6.	Findings were not made by CDFW pursuant to Public Resources Code section 21081, subdivision (a).
	mitigated negative declaration / negative declaration prepared for the project is available to the general public
	office location listed above for the Lead Agency. CDFW's record related to the Lake or Streambed Alteration
Agreen	nent is available to the public for review at CDFW's regional office.

Date Received for filing at OPR: **JUNE 19 2019**
